

## RIVER ILLUMINATED

## Motor Boats and Canoes Respected

## Law Last Night

## Stringent Law Relative to Motor Boats Was Signed by President Taft On June 7—It Requires All Boats to Display Three Lights

A visitor along the banks of the Merrimack river last evening would think that some gala occasion was being observed, for up and down the river, nearly every motor boat, canoe and boat house raft was illuminated, and the spectacle was quite pleasing to behold.

Until the publication in The Sun yesterday of the federal laws relative to lights on craft on inland government rivers a majority of the canoe and motorboat owners never knew that there was any law governing them, particularly the canoes. But as was stated in yesterday's Sun all craft and boats propelled by hand, power, horse power or by the current of the river must show at least one fixed white light at night.

The laws published by The Sun yesterday were the regular navigation laws applicable to all vessels on navigable waters. Since their enactment the boat came into vogue and only a month ago June 7th President Taft signed a new federal law relative to motorboats which is much more stringent than the old navigation laws and which is printed in full below. Under the new law every kind of a motorboat must have three lights, while some must be equipped with bells and fog whistles. The penalty for violation of the new law is a fine of not more than \$100 while the owner thus fined may have his boat confiscated by the government.

The new law relative to motorboats reads as follows:

**AN ACT**  
To amend laws preventing collisions of vessels and to regulate equipment of certain motorboats on the navigable waters of the United States.

Be it enacted by the senate and house of representatives of the United States of America in congress assembled,

That the words "motor boat," where used in this act, shall include every vessel propelled by machinery and which is more than thirty feet in length, except tugboats and towboats propelled by steam. The length shall be measured from end to end over the deck, excluding sheer. Provided, that the engine, boiler or other operating machinery shall be subject to inspection by the local inspectors of steam vessels, and to their approval of the design thereof, on all said motor boats, which are more than forty feet in length, and which are propelled by machinery driven by steam.

Sec. 2. That motor boats subject to the provisions of this act shall be divided into classes as follows:

Class one. Less than twenty-six feet in length.

Class two. Twenty-six feet, or over and less than forty feet in length.

Class three. Forty feet or over and not more than sixty-five feet in length.

Sec. 3. That every motor boat, in all weathers from sunset to sunrise, shall carry the following lights, and during such time no other lights which may be mistaken for those prescribed shall be exhibited.

(a) Every motor boat of class one shall carry the following lights:

First. A white light aft to show all around the horizon. Second. A combined lantern in the fore part of the vessel and lower than the white light aft showing green to starboard and red to port, so fixed as to throw the light from right ahead to two points abaft the beam on their respective sides.

(b) Every motor boat of classes two

and three shall carry the following lights:

First. A bright white light in the fore part of the vessel as near the stem as practicable, so constructed as to show an unbroken light over an arc of the horizon of twenty points of the compass, so fixed as to throw the light ten points on each side of the vessel, namely, from right ahead to two points abaft the beam on either side. The glass or lens shall be of not less than the following dimensions:

Class one. Sixteen square inches.

Class two. Twenty-five square inches.

Class three. Thirty-one square inches.

On and after July first, nineteen hundred and eleven, all glasses or lenses prescribed by paragraph (b) of section 3 shall be fresnel or fluted. The said lights shall be carried with inboard screens of sufficient height and so set as to prevent these lights from being seen from the rear of the vessel, and in the case of such boats so provided a blast of at least two seconds shall be deemed a prolonged blast within the meaning of the law.

(b) Every motor boat of class two or three shall carry an efficient fog horn.

(c) Every motor boat of class two or three shall be provided with an efficient bell, which shall be not less than eight inches across the mouth on board the vessels of class three.

Sec. 5. That every motor boat subject to any of the provisions of this act, and also all vessels propelled by machinery other than by steam, more than thirty feet in length, shall carry either life preservers or life belts or buoyant cushions, or ring buoys or other device to be prescribed by the secretary of commerce and labor sufficient to sustain about every person on board and so placed as to be readily accessible. All motor boats carrying passengers for hire shall carry one life-preserver of the sort prescribed by the regulations of the board of supervising inspectors for every passenger carried, and no such boat while so carrying passengers for hire shall be operated or navigated except in charge of a person duly licensed

for such service by the local board of inspectors. No examination shall be required as the condition of obtaining such a license, and any such license shall be revoked or suspended by the local board of inspectors for misconduct, gross negligence, recklessness in navigation, intemperance, or violation of law on the part of the holder, and, revoked, the person holding such license shall be incapable of obtaining another such license for one year from the date of revocation. Provided, that motor boats shall not be required to carry licensed officers except as required in this act.

Sec. 6. That every motorboat and also every vessel propelled by machinery other than by steam, more than sixty-five feet in length, shall carry ready for immediate use the means of promptly and effectually extinguishing burning gasoline.

Sec. 7. That a fine not exceeding one hundred dollars may be imposed for every violation of this act. The motor boat shall be liable for the said penalty and may be seized and proceeded against, by way of libel, in the district court of the United States for any district within which such vessel may be found.

Sec. 8. That the secretary of commerce and labor shall make such regulations as may be necessary to secure the proper execution of this act by collectors of customs and other officers of the government. And the secretary of the department of commerce and labor may, upon application therefor, remit or mitigate any fine, penalty or forfeiture relating to motor boats except for failure to observe the provisions of section six of this act.

Sec. 9. That all laws and parts of laws only in so far as they are in conflict herewith are hereby repealed, provided that nothing in this act shall be deemed to alter or amend acts of congress embodying or revising international rules for preventing collisions at sea.

Sec. 10. That this act shall take effect on and after thirty days after its approval.

**MONEY FOR EMPLOYEES**

WACO, Tex., July 15.—H. G. McHarg of Stamford, Conn., who recently sold his belongings in the Texas Central railroad has notified the present management of the road that he will give a year's salary to all employees who have been in the service of the road for 25 years and to every conductor, agent, brakeman and porter, a month's salary.

**BANKERS TAKE ACTION**

DENVER, Colo., July 15.—Following the receipt of news here that the credit institutions in the east and in Europe have declined to advance money on cotton bills of lading it was stated today that the Texas Bankers' Association will ask Governor Campbell to recommend a federal law making the railroad directly responsible for the acts of its agents.

**KILLED INSTANTLY**

FOSTORIA, O., July 15.—Grasping the two wires of a cut-off switch with which he had playfully intended to electrocute a pinching bug, Charles Noble, night engineer at the Standard Light & Power company, was instantly killed last night, 3,000 volts passing through his body.

**HEINZE GETS DELAY**

NEW YORK, July 15.—Arthur F. Heinze, brother of Augustus Heinze, the Montana copper man, today obtained a delay until July 27 in the execution of sentence of ten days imprisonment and \$250 fine imposed on him for impeding the administration of justice by the mutilations of the books of the United Copper company and the splitting away of a witness.

**MATRIMONIAL**

The marriage of Mr. Andrew A. Dolan and Miss Catherine McGlone, an estimable young couple of Belvidere, took place yesterday afternoon at the parochial residence of the immaculate Conception church, Rev. George L. Nolan, O. M. I., performing the ceremony. The bride was attended by Miss Anna A. Cassidy, and the best man was Frank H. McGlone, a brother of the bride. The bride wore cream-colored silk and carried lilacs of the valley. The bridegroom was attired in yellow silk. After the marriage, a reception was held at the home of the bride, 222 East Merrimack street, to which the couple departed in the early evening on their honeymoon, which will be enjoyed at the watering places about New York. They were the recipients of many beautiful and costly wedding gifts. Upon their return they will reside at 222 East Merrimack street.

## THE WAGE DISPUTE

## On the Pennsylvania Road Not Settled Yet

## Settled Yet

PHILADELPHIA, July 15.—With the manager of the Pennsylvania railroad and the leaders of the Brotherhood of Railway Trainmen and the Order of Railroad Conductors standing firm there were no developments today in the wage dispute which has now reached an acute stage. Negotiations were broken off today between the trainmen and conductors employed on the lines east of Pittsburgh, Buffalo and Erie when after two conferences between General Manager Myers of the company and the labor leaders a settlement was not reached.

Following the conferences the committee representing the men empowered the trainmen and conductors to call a strike whenever they deemed it necessary.

Mr. Garretson said: "It's all off. Nothing will come from us in the form of overtures. We are ready to go out and can stand it if the company can. There will be no compromise on our position."

The labor men declare that they do not propose to invoke arbitration as provided by the Erdman act but it is said in some quarters that the railroad company may take advantage of the Erdman act and appeal to the federal authorities to intervene in the settlement of the dispute. The trainmen and conductors demand that they be paid for ten hours work, the rate they are now receiving for eleven hours. They also demand better working conditions.

## FIREMEN OVERCOME

## Blaze in New York Caused a Loss of \$100,000

NEW YORK, July 15.—Nine firemen were overcome by ammonia and smoke in a two alarm fire which started in the storage warehouse of Linde & Son, shortly before last midnight, and was not under control until some three hours later. The warehouse on Jay street is in the very center of a district filled with commission houses, storage houses and shops, which contained millions of dollars worth of inflammable material and the firemen worked very hard to confine the flames to the building in which they started. The loss was about \$100,000, to which may be added a considerable loss to dealers in perishable fruits and vegetables arising from the fact that the commission merchants doing business near the scene of the fire could not reach their places of business inside the fire lines in many instances for several hours.

## STEAMER SEARCHED

## Dr. Hawley Crippen, Wanted For

## Murder, Not Found

NEW YORK, July 15.—The first of the big Lusitania, which left England on Saturday when Dr. Crippen was supposed to have taken passage for this country in company with a young woman named Ethel Clara Leneve, formerly the doctor's stenographer.

The steamer St. Paul, due from Southampton some time tomorrow, the Cedric, due from Liverpool on Sunday, and all other steamers from English

ports reaching here within the next few days, will be searched by the New York police. German lines which touch at an English port will be searched by the Hoboken police on their landing in that city and no avenue of entrance to this country will be neglected in the effort to apprehend the fugitive.

On notification of the police from Trenton, N. J. a detective was dispatched to Trenton today to examine the body of an unidentified man who shot himself in that city yesterday in a baseball park. The man resembled Dr. Crippen in many particulars being about the doctor's age and stature and wearing a short moustache which appeared to have been trimmed recently. Crippen had a long moustache of dark brown when he left London.

It was also reported that traces of poison had been found by the doctors. The latter will present their theories as to the cause of death at an inquest to be held tomorrow.

It has been a long time since a murder has attracted such general attention. The fact that the murdered woman was an American, as was the husband, who is charged with the crime, has spurred the police to unusual activity. The full force of Scotland Yard, under the personal direction of Supt. Forest, is making a thorough search for the fugitive doctor and Miss Ethel Clara Leneve, that they believe will be successful. Miss Leneve was employed by Dr. Crippen as a typist. It is stated that Mrs. Crippen objected to the presence of the young woman in her husband's office and that his refusal to dismiss her led to frequent quarrels between husband and wife.

Soon after Mrs. Crippen disappeared, Miss Leneve appeared in public with Dr. Crippen, who introduced her as his wife. To acquaintances the doctor explained that his former wife had left him following a quarrel and that she had subsequently died.

The police say that Crippen and Miss Leneve left the Crippen home to gather some time in the latter part of last week. They are still convinced that the two fled the country, sailing for the United States or to the continent. At the same time both are reported having been seen in different parts of this country and if the authors of these reports are not mistaken the two have separated. If this is the case the police believe that they separated in the hope of avoiding detection.

The officials have notified the authorities at every port to which steamers have recently sailed from this country of the possibility that Dr.

## Remonstrants Left in the Dark

## as to What They Had to Oppose—Judge Pickman, Frank

## E. Dunbar and Many Others

## Objected to Locating a Beam

## House on Perry Street—Board

## of Health Had Visited Beam

## Houses in Milwaukee and

## Chicago

A hearing to do with the erection of a beam house by the American Hide & Leather company was held in the public hearing room at city hall last night. The hearing included the petitioners for a location in Perry street; the remonstrants to a beam house in Perry street and remonstrants to the re-location of the beam house in Howe street.

Fourth Vice President Hall of the American Hide & Leather company was the big notice for the company. The hearing was before the board of health, but Dr. Martin, chairman of the board, was not present.

The petitioners seemed so sure of their premises that they didn't even exhibit plans. It was expected that the company would have its engineer there with plans and that he would explain them. Plans were brought in during the hearing, but they were not referred to. The very same Mr. Hall said that he didn't know enough about the plans to explain them. He said something about not receiving proper notice of the hearing and that it was immaterial to him what the board had found on its trip to the beaming houses in the middle west—the beaming houses planned for Lowell was the best in the world.

Of course the petitioners had to take Mr. Hall's word for it, because there wasn't anything in sight in the way of proof, and it was very evident that Mr.

Hall didn't think it was necessary to do very much arguing or explaining. The hearing was a "cart before the horse" proposition, anyway. The remonstrants were heard before the petitioners, an unusual procedure, and it put the remonstrants at a very great disadvantage.

Hon. John J. Pickman was a remonstrant and the first speaker. He said that the park commission had instructed him to appear in remonstrance to the projected building. Judge Pickman said it was pretty hard to argue when there was nothing tangible in the way of evidence in sight and he said he would argue from the fact that he knew there had been a beam house here that was a nuisance. He said he understood it was not necessary for the American Hide & Leather company to obtain permission from the board of health to build a beam house and if that was so he wondered why the company didn't go ahead and build it. He wanted some information either from the board or from Mr. Hall but there didn't seem to be very much on tap.

"Is a beam house like a slaughter house or a pigery in that it is necessary to get a permit to operate it?" he asked.

"Yes; to operate a beam house a permit must be secured," said the chairman.

**TRACES OF POISON FOUND**

LONDON, July 15.—While the police authorities were exhausting their resources today to lay hands on Dr. Hawley H. Crippen, the American, and his woman typist, physicians were examining the mutilated body of his wife with a view to determining the manner in which the murder was done.

The finding in the cellar of a revolver gave rise this afternoon to the report that the vaudeville artist had been shot before the body was battered into an unrecognizable mass and buried in quicklime in the cellar of the Crippen home at Hilldrop Crescent, North London.

It was also reported that traces of poison had been found by the doctors. The latter will present their theories as to the cause of death at an inquest to be held tomorrow.

It has been a long time since a murder has attracted such general attention. The fact that the murdered woman was an American, as was the husband, who is charged with the crime, has spurred the police to unusual activity. ## COL. ROOSEVELT MUST PAY TAX

Has Made Plans for To Handle Certain Drug Preparations

OYSTER BAY, N. Y., July 15.—Col. Roosevelt gave out yesterday the itineraries of the two speaking tours he is soon to make—one into the west late in the summer, the other through the south in the early fall.

The two tours will resemble a campaign trip by a presidential candidate, for the colonel will make not only as many set speeches as his traveling card permits, but he will probably deliver extemporaneous talks from the rear of his private car. For the first trip a car has already been chartered. The western trip is to begin on Aug. 25 and will end on Sept. 11. The southern trip will last from Oct. 6 to Oct. 13. The itineraries follow:

Western trip—Leave New York, Aug. 27, arrive Cheyenne, Aug. 29, Denver, Aug. 31, Osawatimie, Kan., Sept. 2, Omaha, Sept. 3, Sioux Falls, S. D., Sept. 5, Fargo, N. D., Sept. 6, St. Paul, Sept. 7, Milwaukee, Sept. 8, Peoria, Ill., and Chicago, Sept. 10, Pittsburgh, Sept. 11, arrive New York.

Southern trip—Oct. 6, leave New York; Oct. 8, Atlanta, Ga.; Oct. 10, Hot Springs, Ark.; Oct. 12, Peoria, Ill.; October 13, speech in Indiana for Senator Beveridge, at a place not yet chosen.

The itineraries were completed yesterday only after much thought and labor. Col. Roosevelt's secretary has been studying timetables for the last two weeks, squeezing in as many speeches as train connections would admit of.

Urgent requests for "a few words" have come by hundreds from political organizations, clubs, schools and personal friends. Most of these Col. Roosevelt has been obliged to decline, and in announcing his program yesterday he said he wished it clearly understood that he could consider no further invitations.

Word comes back to Oyster Bay that great preparations are even now under way for the first tour, Fargo, N. D., has assured the colonel, that when he speaks there on Labor day the whole city will not only turn out, but the surrounding territory will contribute its quota for hundreds of miles.

At Chicago Col. Roosevelt will speak before the Hamilton club, a political organization with which his relations for years have been cordial and which is here to give him an enthusiastic reception. At Milwaukee he will speak before the Press club.

The first address of the southern trip will be on Uncle Remus day, named in memory of Joel Chandler Harris, who in his lifetime was a warm friend. The Peoria speech will be before the Knights of Columbus.

The place for the Indiana speech in support of Senator Beveridge will depend upon the exigencies of the political situation. Thus far Mr. Roosevelt has considered his subject matter only in a general way, but he knows that his speech for Senator Beveridge will be political pure and simple, a plea for the senator's success in his campaign.

There were no political conferences yesterday at Sagamore Hill. The colonel was busy with his editorial work and his voluminous correspondence.

WASHINGTON, July 15.—Sections of the country which receive their intoxicating stimulants in the guise of perfumes, essences, medicines or drugs were delivered a body blow yesterday by Commissioner Cabell of the internal revenue bureau, who gave out a list of more than 200 preparations which hereafter may be handled by drug stores only after the government liquor license is paid.

These preparations, including many well known because of their wide advertisement, were examined by chemists of the treasury department and held to be insufficiently medicated to render them unfit for use as a beverage, or take them out of the class of alcoholic beverages.

Treasury department officials said they believed that many of these preparations were concocted mainly for sale in "dry territory," where the prohibition laws made it impossible to legally obtain anything with a liquor flavor.

It is estimated that there are 40,000 druggists in the United States, slightly more than half of whom pay the 3 1/2 percent special tax, which permits them to sell the preparations involved. Other stores which continue to vend these mixtures now will be required to pay the tax and the U. S. treasury will be enriched accordingly.

Secretary MacVeagh has issued an order fixing a standard of medication to govern the chemists of the internal revenue bureau in passing on the question of the amount of alcohol that may be used in medicinal preparations in the future, so that they may come within the requirements of law.

Alcohol will be permitted only to the amount necessary to hold in solution all medicine used or to extract or preserve the same. Each prescribed dose of a mixture must contain a normal dose for an adult of drugs or medicine of recognized therapeutic value.

## MAYOR RESIGNS

After a Lynching in His City

NEWARK, N. J., July 15.—After a conference lasting many hours, Herbert Atherton, mayor of Newark, resigned yesterday, in response to pressure exerted by leaders of his party and personal friends. The reason given was that it was hoped thereby to save the city from a lynching by the governor, following the lynching last week of an anti-saloon league detective and the subsequent suspension of Atherton by Gov. Harmon.

It was announced that Newark wants to do her own house cleaning. After repeated refusals, Mayor Atherton late yesterday attached his signature to the resignation and then burst into tears.

Under the Ohio law Vice Mayor John M. Ankle, who has been acting mayor since Atherton's suspension, became mayor. Eight new arrests were made yesterday as a result of acting Mayor Ankle's order to arrest every riot suspect. Atty. Gen. C. G. Denman directed the secret examination of witnesses and suspects, which lasted all the afternoon.

The result, it is announced, will not be given out until the case against the mob leaders is complete.

STEPHEN O'MEARA  
MAY BE A CANDIDATE FOR CONGRESS

BOSTON, July 15.—Police Commissioner Stephen O'Meara, when seen last evening concerning the rumors that he was in the field for the republican nomination for congress in the 11th district, smiled as he said:

"I have learned more about that from newspapermen than from any other source. My term as police commissioner does not expire for eleven months and that is some time yet."

"You haven't made any definite plans about your political future, have you?"

"I have never assumed that I had any political future."

"Would you accept a nomination in the 11th district?"

"I should require some general testimony that I was wanted before I would give any serious consideration to such a question. Meanwhile I hold an office in which I am bound in honor, if not by actual law, to abstain from any political activity."

Mayor Charles E. Hatfield of Newton, chairman of the republican state committee, said last night:

"Commissioner O'Meara would make a strong candidate should he receive a congressional nomination. To my mind there is no question but that he would win out if nominated in the 11th district. He has made an excellent record in his present position."

LAWN PARTY  
MEMBERS OF HIGHLAND M. E. CHURCH HAD FINE TIME

An enjoyable lawn party was held on the grounds of the parsonage of the Highland M. E. church in Grove street last night under the auspices of the finance committee of the church. The grounds were decorated with Chinese lanterns and Cushman's orchestra furnished the music.

Mr. C. A. Wotton, chairman of the committee on arrangements and he was ably assisted by a number of the men and women of the church.

Automobile rides were one of the features of the evening's entertainment. Messrs. C. A. Wotton and W. R. Kilpatrick had charge of the automobiles.

Messrs. S. E. Clark and Oscar Whitcomb had charge of the ice cream. On the candy table were Mrs. Charles Peck, Mrs. O. M. Dow and Mrs. A. G. Jarvis, Lorraine and Tonies, Mrs. W. R. Kilpatrick.

Mrs. Ethel Waller, in the role of a typist, told a brief history.

FRIEND BROTHERS' OUTING  
The annual outing of the employees of Federal Brothers' bakery was held yesterday at Mountain Rock. The members went to the park in the afternoon where an excellent dinner was awaiting them, after which a program of sports was carried out. The ball game between the married and single men resulted in a victory for the former.

John Grant proved the star athlete in the track event with a win of the high jump and a win of the 100 yards dash to his credit. The players returned to Lowell early in the evening.

Wash Ribbon, 5 yard pieces, this week ..... 8c

Should Be All  
Right

There are points about women's linen underwear that should not be overlooked. The sizes should be right; they should be made to fit and they should be just the same after a dozen journeys to the laundry. Such garments need not be high priced. We sell good ones for little prices. Here are some that have all the qualities called for, as well as the little prices.

Night Robes—Good quality, liberal size, low neck, and short sleeves. Regular price 39c, this week 29c

Women's Drawers—Made of good cotton with wide deep ruffle of fine tuckings, regular price 25c, this week ..... 17c

Corset Covers—French style, long cloth, tucked front, lace neck and sleeves. Regular price 25c, this week ..... 19c

Short Skirts—Extra fullness, good material, Hamburg ruffle. Regular price 35c, this week ..... 25c

Chemise—Full length, good cotton, lace and Hamburg trimmed, regular price 59c, this week ..... 49c

Long Skirts—Cut very full with wide flounce, Hamburg or lace trimmed. Regular price 95c, this week ..... 75c

Vacation Time  
Needlework

Not for every minute of the vacation but just a little fancy work to catch up now and then. You will find new ideas and new patterns in stamped linens, both ornamental and useful. An especially good line of patterns for shirt waists, corset covers, chemise, bells, and jabots for both blind and eyelet embroidery.

All the best of the marking cottons, D. M. C., Peri-Lac and Perma in every size thread.

## Among the Wash Dresses

There's a fairy story about a mirror that made beautiful everything it reflected. By a little stretch of the imagination we might almost believe that the artists who designed our wash dresses had some such mirror to help them this season. There is such a delightful variety in these cool, dainty dresses from the simple practical and inexpensive gowns of lawns and percale to the more elaborate and costly of silk muslins and embroidered all-overs. Never such a showing in this department before, and never so many purchasers. Don't let this hot weather annoy you when you can make yourself comfortable in one of these thin summery dresses.

At \$1.98—A variety of wash dresses in the serviceable ginghams and percales; all light summery colors, cut high or low neck with long or short sleeves.

At \$2.98—Dresses of figured organdie in lavender, pink and blue or white checked dimity, trimmed with Hamburg banding and black velvet ribbon—size for misses as well as women.

At \$5.98—Dresses showing a new idea in trimming with Persian bands for waist and sleeve and wide Persian flounce matching for skirt material, the thinnest of muslins. All sizes.

At \$6.98—A dress worth buying of the new polarized fabric, guaranteed not to fade either in the sun or in laundering. Comes in plain colors, trimmed with folds and bands, piped with contrasting colors. All sizes.

## Our Showing of White Dresses

Includes batiste, organdie and Point d'Esprit in all the various forms of dress beauty that the best designers have brought out this season. We can show you as attractive a dress as can be made for \$5.98 in thin batiste or muslin, very daintily trimmed with overskirt effect. From this price up to \$7.98, \$10.98 and \$12.98 there are fifteen or twenty different styles, every one a beauty, and at \$16.98 a dress of handsome all-over embroidery with deep pointed tunic skirt, exclusive models to be found only here.

## AN EVENT IN SHIRT WAISTS

Some of the most popular waists we have had this season at full prices are much reduced for today and tomorrow. And from our best makers come other lots of fine waists at price concessions so we are enabled to make this week's shirt waist sale a remarkable day for the department. Hundreds of waists are included in this sale—all new, handsome examples of the very latest shirt waist styles. This is no ordinary lot of waists we tell you of. Materials are of the finest batiste and lingerie cloth and all-over embroidery. Every waist is daintily trimmed, some with real elmy and Valenciennes, some with Irish crochet and others are hand embroidered. There are all styles, button front and button back, long sleeves and short sleeves, high neck and Dutch neck, square or V shape. In all, it is the most attractive lot of waists we have shown this season. There's not a waist worth less than \$2.98 and many are regular \$3.50 numbers. All sizes in the lot to 44 and you take your choice today and tomorrow.

\$1.98

You miss a golden opportunity in shirt waist buying if you pass this by.

## TRIMMED MILLINERY

All Hats Marked Down

You couldn't hit upon a better time to provide another hat to finish out the summer than this week, today and tomorrow. Prices in our millinery department have been cut deep, the idea being to close out every single trimmed hat on our counters before stock-taking time. It is the one big week of values. Don't let the opportunity pass.

BLACK SAILORS are still the most popular vacation hat. A new lot of latest styles just received, 69c, 98c, \$1.69

Dainty Cotton Goods  
Some Rare Values

There will be stirring times in the wash goods section today and tomorrow. Yardsticks and scissors will be more than busy because of a change downward in the prices of several lots of summer fabrics. Best of all is the fact that these reduced prices are not on old goods. Every piece is new; all are of this season's desirable patterns and colorings and worth full price, but we are preparing for stock-taking and are willing to sacrifice profits in order to turn these into money. Such dainty, cool, airy fabrics as we have in this week's sale deserve attention from all who have not yet supplied their needs in this line. But see these early if you are interested—the best things may not be here if you wait too long.

Linen Crash Suiting—27 inches wide—one of the desirable fabrics this season. The mixtures of blue, gray, green, red, brown and black. Several grades that sold at 29c, 39c and 49c. This week ..... 10c

Embroidered Swiss Muslins—Fine sheer cloth with dainty embroidered dots and figures. Several qualities selling up to 49c. All at one price. This week ..... 20c

Satin Stripe Poplin—One of the good things this season. Colored Pique in the light shades, pink, lavender, over-sized diagonal in colors and black, grenadines, lace stripes. All goods that have retailed up to 49c. This week ..... 20c

Pacific Crash—Especially good for vacation suits, has wear and service with the appearance of a high priced fabric. Ten colors, regularly 15c. This week ..... 10c

Silk Muslins—Hard to tell them from silk when they are made up. In fact they are half silk. Just realize this and then think of the price. This lot will be sold out early. This week 12 1/2c

DRESS MUSLINS

Four Cents a yard for any that have sold at 5c. Five Cents for over forty patterns selling now at 6 1/2c.

Seven and a Half Cents for a counterful of 10c goods.

Ten Cents for choice of over sixty pieces regularly 12 1/2c goods. Who wouldn't have a new summer dress such as these?

## A Shoe Event

We were about to head this "Shoe Bargains," but the very fact that the shoes are "Queen Quality" kind and the price 'way below regular asking makes the word bargain entirely unnecessary.

We mention the fact that there are only about 200 pairs in this special lot, so the wisdom of an early call will be evident.

Four styles are included—all new 1910 numbers and absolutely perfect in every way—the leather is gun metal finish and the styles are—

Two-Eyelet Tie, Strap Pump, Blucher and Button Oxford.

Every size is here in one style or another. Come and be fitted at a saving of nearly a dollar a pair. Friday and Saturday—

\$2.29

Six  
For a Quarter

This is the day of the cheap handkerchief. There is a time for everything, and the time for the cheap handkerchief is in the sweltering mid-summer when handkerchiefs are ill used. A half dozen a day is the rule this weather. We recognize the necessity and provide a bountiful supply for this week's business. Dainty, sheer, pure white, some all linen, others with embroidered corners or drawn work borders—fine enough so you need not be ashamed to use them and the price of all is only

SIX FOR A QUARTER

Serges

Navy and White

For those cool, serviceable outing suits for vacation wear. Several excellent values in these serges, both wide and narrow wale, and in lustrous mohairs have come to our department within a few days and purchasers here this week can make a very considerable saving.

## NATURALIZATION BUREAUS ARE TO BE INVESTIGATED

CONGRESSMEN GOLD FOGLE AND BENNET

NEW YORK, July 15.—To become a citizen of the United States is such a tedious job that Congressman William S. Bennet and Congressman Gold Fogle of New York are making an investigation of the naturalization bureaus throughout the country. Complaints have been filed with federal officials that the naturalization bureaus have surmounted their work with so much red tape that it requires much

patience on the part of a would-be citizen to secure his final papers. Congressman Bennet, who is a member of the national immigration commission, will make a tour of the United States and Mexico and file his report at the next meeting of congress. Congressman Bennet, now that William Loeb, Jr., has said that it costs too much to be governor of New York, is the most prominent candidate for the head of the republican state ticket.

## DEATH THREAT

tops Strike Breakers  
From Going Out

RUTLAND, Vt., July 15.—Threatened with death if they made another trip on the patrol train of the Delaware & Hudson railroad between Whitehall, N. Y., and Rutland, the men who have been doing repair work since the strike of the section men have been living in cars. The strike breakers have been warned that if they continue to work they will be killed. Most of them are Italians. The patrol train, which makes daily trips over the road, is in charge of deputy Sheriff J. H. Polley of Fair-

haven. Only two men now go out with the train to do the repair work. Before the strike breakers became frightened the train carried 11 laborers. None of the local strikers have resumed work.

## THE HIPPODROME

BIG CROWDS ARE THE ORDER AT  
THE HIPPODROME

Washington Park under the new management seems to be prospering, and nightly large audiences witness the performance. The program offered for the last half of this week is one of excellence, comprising the following acts: The Italian Troubadours, Mead and Trow, Esmeralda, Edmunds and Codaira, McFall's trained dogs, illustrated songs, motion pictures and the music by Boston's Greater Ladies' orchestra.

Next Sunday night there will be a concert at the park and five reels of the latest moving pictures will be shown, also illustrated songs by the very best singers obtainable. To the holder of the lucky coupon each night the management is giving away, free of charge, one dozen photographs. These pictures are made by the Marion studio.

## GILBRIDE'S BIG SALE

GREAT BARGAINS BEING OFFERED TO CUSTOMERS

The immense sale now going on at the Gilbride department store is a big success. Twenty-five cents may not be much but it buys more goods at this sale than ever offered before. People are flocking to the place from every section of the city and suburbs and it is surprising how quickly they get their eye on a sale of this kind. The clerks have been increased in number and they are all kept as busy as bees dealing out these great bargains to the public. All you want to do to get the people started is to give them real bargains. Economy seems to be the watch word with everybody and this economy sale is carried out to the letter. You needn't take our word for it, but just call at the store and you will find that you can save a day's pay so easily that it will seem like picking it up on the street. The sale will continue the rest of the week.

## WOLGAST-MORAN BOUT

SAN FRANCISCO, July 15.—Promoter James Coffroth has arranged plans for staging in San Francisco the last of August a twenty round boxing contest between Champion Ad Wolgast and Owen Moran. Coffroth has the promise of the managers of both men, but the date is uncertain because Manager Jones is not certain when Wolgast's arm will be strong enough. Coffroth says he has assurance that the fight game will be resumed in San Francisco just as it was before the recent spasm of anti-pugilism broke out. Coffroth also is considering pulling off some fights in Reno, where hotel and restaurant keepers, gamblers and merchants are eager to welcome another fight crowd.

## IS HELD PRISONER

HOUSTON, Texas, July 15.—J. Burghelm, father of Dr. Clarence Burghelm, reported to be held a prisoner by the Aladriz forces in Nicaragua, said last night that he had not heard from his son for some time. At last report the doctor was stationed at Prinzapolka where it is reported he was captured. Dr. Burghelm, who is unmarried, has been in Nicaragua for eight years. He was appointed chief of the sanitary division by General Estrada last October with the rank of colonel. He had entire charge of the sanitary work since.

## THE PORTSMOUTH TREATY

PEKING, July 15.—In acknowledging the receipt of the text of the Russo-Japanese convention which was presented to the foreign office by the diplomatic representatives of the contracting parties yesterday, China will express her satisfaction over the avowed purpose of Russia and Japan to adhere to the terms of the Portsmouth treaty.

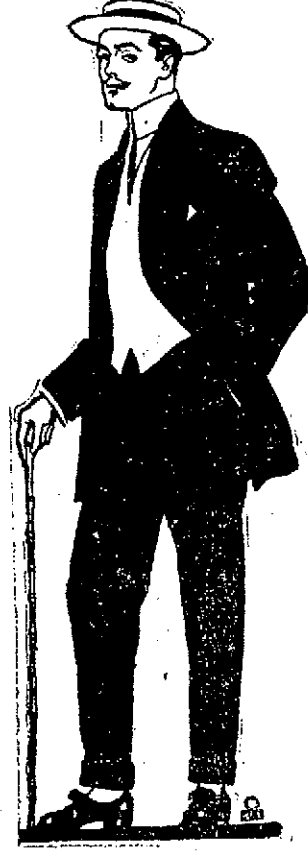

The government will, further express pleasure over the mutual pledge for the maintenance in Manchuria of the principle of the open door for commercial development.

# Talbot's

Great Sale of

# "Good Clothes"

Demonstrates the drawing power of "GENUINE BARGAINS." We expected a big trade. We knew such "UNUSUAL VALUES" must bring "UNUSUAL BUSINESS," but we were wholly unprepared for the great crowd that thronged our store last Saturday and apologize here for the lack of attention given to many who attended this sale.—The Sale continues this week and we urge every one who possibly can do so to make their selections today or early tomorrow.—If unable to pay the whole amount down a small deposit will secure your purchase.

The Big Slump in the Woolen Market forced the manufacturers to unload. Our purchase from three prominent makers of "HIGH GRADE CLOTHES" offered to you at less than the original wholesale price. Here are Bargains and plenty of them for the man who buys today.

# BAY STATE TEAM A RECORD GAME

## Has Best Chance to Win the Lowell and New Bedford Played Nineteen Innings

WAKEFIELD, July 15.—Through three stages of the All-America and New England interstate matches, which are being shot together, the Massachusetts state team maintained its pre-eminence yesterday, although the margin between it and its nearest competitor, the U. S. navy first team, was only four points at the close of the 1000 yard range stage.

At 200 yards it was one point behind the naval team, but pulled ahead at 300 yards, the naval team dropping to third place, while the U. S. M. C. team crept up to within a point of the Bay State marksmen.

At the 1000 yard range the Massachusetts team was third in points scored, 525, the naval first team leading with 534 and the naval academy team being second with 531, but in the grand total the Massachusetts score was 1605, the naval first team 1601, the naval academy team 1591 and the U. S. M. C. 1586.

There remain two stages to be shot today, 200 yards rapid fire and a skirmish run with the result an unsolved problem.

There is no doubt that Massachusetts state team will win the trophy presented by the New England states and the medals donated by Gov. Draper in the New England interstate match as it has every year since 1905. The standing of the three teams for the three stages already completed is: Massachusetts 1605, Maine 1553, New Hampshire 1479.

The detail scores of the three stages in both matches follow:

# MID-SUMMER REDUCTION

On my counters at present I have about four hundred suit ends. Just one of each pattern. These suit ends have accumulated from my many recent purchases and include all this season's shades in worsteds, tweeds, chevots, and a 14 oz. blue serge, guaranteed all wool and fast color. Mr. Sun reader, I extend you an invitation to look these over; you may find just what you want, and I am sure it's no harm to look. All these \$15, \$18 and \$20 suits regardless of former price, now

## GIRL A FIREBUG

**She Says Moving Pictures Suggested Crime to Her**

NEW YORK, July 15.—Twelve-year-old Ethel Allen confessed yesterday in the children's court that she had twice this week set fire to the apartment house at 426 East One Hundred and Thirty-eighth street, and that the reason she had done so was because she had seen such things pictured on the screen of a moving picture theatre. Ethel admitted that it was she who had written a threatening letter which was found tied to the door knob of her father's apartment, and in which she demanded \$50 as the price needed to keep her from burning up the house and everybody in it. She also told the

Black Hand part of her statement to moving pictures. Monday a fire was started in some rubbish that had been placed by the girl in the hallway on the second floor. The fire was discovered by a tenant and was extinguished without the aid of the firemen. The next day a second fire was started near the same place. Again the tenants were able to put it out before the firemen arrived. An investigation was begun, and little Ethel confessed. "I saw a moving picture where there was a fire and people were rescued," the child said to Detective Brown, "and I also saw one where the Black Hand tried to get money. I don't know why I did it, but I did not mean to do wrong."

Ethel was paroled in the custody of her father. Deputy Fire Marshal De Malignon reported that he had handled a number of similar cases recently. Almost daily some juvenile prisoner is brought before the children's court for a misdemeanor or violation of the law whose act was inspired by moving pictures.

Since June 1 there have been between 35 and 40 convictions of the managers of moving picture shows for allowing children under 16 years of age to attend their places without parents or guardians. Do you cook with gas? Your neighbors do! Why? Read the answer on your thermometer.

### TRAIN DERAILLED

ALBANY, N. Y., July 15.—An east bound freight train on the Boston & Maine railroad was derailed between Coles and Ushers, east of Mechanicsville, early today, blocking both tracks and delaying traffic. No one was injured.

### AT LAKEVIEW PARK

A thrilling exhibition of autos passing high in the air will be presented by the "Fearless Greggs" every afternoon and evening next week at Lakeview park. All the performances are free. The Greggs come from a long engagement with the Ringling Bros. circus, where they established a tremendous reputation. They are without question the leading aerial acrobats in the country.

The act of autos passing in the air is one which has never been seen in New England before except in a circus. Two inclines 75 feet above the ground and more than 100 feet long face each other with counter inclines at the bottom of each. The tops of the two counter inclines are about 15 feet apart.

The Greggs are lifted in their autos to the top of the incline, one on one incline and the other on the other. At the crack of a whip they dash down the inclines at the same instant, making terrific speed. Like a flash they dash up the counter inclines and then comes the most spectacular part of the whole act.

One of the Greggs turned a complete somersault in the air, while the other in his auto is dashing a few feet beneath him. Both land flat on the ground in their machines and are not even jarred by their experience. From a distance the spectacle of the two autos in the air is especially thrilling. It will be by far the most sensational act seen at Lakeview park this season.

The dangers of the leaps through the air appear very great, but the Greggs assure people that the dangers are so slight as not to be worth mentioning. They have been performing the feat for some years now and never once have there been even an approach to an accident. It is no easy matter to guide the machines first down the steep, narrow incline and then through the air to a safe position on the ground.

When the Greggs were members of the Ringling Bros. troupe they were hits all over the country. Now that they are performing independently they have so many offers for performances all over the country that they cannot accept them all. They are to appear at Lakeview park next week as a special favor to the Boston & Northern Street Railway company.

Seeing it is doubtful if the Greggs appear north of Boston again this season after their engagement at Lakeview park is completed, everyone who can appreciate circus acts of a startling and novel character is invited to Lakeview some afternoon or evening next week. All the performances are free.

## THE B. H. HEARING

Continued

Mr. Pickman said it was known to people of Belvidere that the beaming house in Howe street was a nuisance, and yet for years this nuisance was continued unmolested and whether the new building is to be the same in character we do not know, but it is purposed to erect a beaming house, in name at least, in another part of the same section.

"Isn't it fair that we should have some of the knowledge which you of the board of health have, relative to the construction of this new beam house? The public has a right to know what we are to have in the way of a revised, improved, inodorous beam house," said Mr. Pickman.

Mr. Hall said that a building would be erected that would not prove offensive to any person or persons. He said that as an officer of the American Hide & Leather company he would vote against expending a dollar for the erection of a beam house unless he knew that it would prove unobjectionable, and right here he remarked that he did not understand that the petitioners were to produce the plans.

Judge Pickman said that respondents could not be expected to go ahead and make a case until they knew what had been planned.

James F. Mikella asked Mr. Hall how many beam houses his company had in the country, and Mr. Hall said 38. He was then asked how many of these were odorless and Mr. Hall said "none of them is odorless; several of them do not give an objectionable odor five feet from the building." Mikella wanted to know how many of the 38 beam houses were absolutely sanitary and Mr. Hall said he did not consider any one of them to be thoroughly up-to-date, although none had proved obnoxious.

Mr. Edward J. Gallagher as a remonstrant, objected to the manner in which the hearing was held. The remonstrants were not notified and the hearing was in hot weather when many who signed the petition against a beam house on Perry street were out of town. The half holiday caused more to be absent.

He also remonstrants not having any explanation of the plans for the new building must speak of beam houses as they know them in Massachusetts and as they have known one in Lowell.

If the American Hide & Leather company can conduct an odorless beam house in the city, why not in Lowell? But we are not convinced that they can; they have come here to prove that they can and hence I am opposed to locating a new beam house either on Howe street or on Perry street.

All we have been able to gather about the proposed building is, that it will have concrete floors and steel tanks. Will that eliminate the odors? We do not believe so. There must be something else, but the petitioners do not explain just how they will eliminate the odors.

We want to be convinced and this board should be convinced so that no beam house may be located on Perry street that will injure Fort Hill park as a public resort, that will leave the Rogers Hall school empty, that will affect the Moody school and damage property in the vicinity as the beam house damaged property on Fayette street and Howe street.

He cautioned the board that it would be an outrage against the community to permit an offensive plant to be located in the vicinity of Fort Hill park, in a thickly settled district. He hoped the board would not go back on its record of condemning a nuisance on Howe street only to move it to a different locality. He believed the new beam house should be outside the residential district where it would not injure the public health or damage property.

Frank E. Dunbar, Esq., said that the proprietors of the Bay State mills apprehended, several months ago, when the matter of removal of the plant to the street was projected, that the odors would prove very costly to that concern.

"The American Hide & Leather company," he said, "labored under a bad record for many years and they were entirely complacent when injuring other people's property. I do not mean to say they were defiant, but people were constantly menaced by the

### REST AND HEALTH TO MOTHER AND CHILD.

MRS. WINSLOW'S SCOTCHING SYRUP has been used for over SIXTY YEARS by MILLIONS of MOTHERS for their CHILDREN WITH THE BEST OF SUCCESS. SOOTHES THE CROUP, SOOTHES THE COLIC, ALLAYS ALL PAIN, CURES WIND COLIC, and is the best remedy for DIARRHOEA. It is absolutely harmless. Be sure and ask for "Mrs. Winslow's Scorching Syrup," and take no other kind. Twenty-five cents a bottle.

odors from the beam house in Howe street.

"Now if the company is in that state of humility and repentance where a proper building can go up, then we will abide by the decision of the health board. But we ask that you protect us from any possible result from the location of the plant in the proposed place. I do not know that the beam house proposed will be offensive. I suppose the board knows we look to the board for protection."

The chairman, Cummings, asked the chairman of the board of health's trip through the west board had found any odorless beam houses.

"Not odorless; but we visited several in Milwaukee. One of these was Trueman's beam house. In front of this was a public park similar to Fort Hill park. The thermometer was 96. We went to see Dr. Rucker, who had cleaned up San Francisco, and we asked him about it, and he said it was not unhealthful. But there was very little odor outside of the building. We visited many residences nearby and found no complaint against the beam houses."

"If a beam house should be sanctioned and \$100,000 be expended in construction and the odors should then exist, has the health board any power to restrict it?" asked Mr. Dunbar.

"I contend that it would," answered Mr. Dunbar.

Mr. Hall said: "I shouldn't want to build a beam house outside of the town and then cart the products through the Belvidere section just for the reason that there has been objection to the Howe street house, only it would be objectionable in an infinitely greater degree. I should certainly object to doing this when I believe that an odorless beam house can be built in the city."

Mr. Hall said the new house would be at the rear of the present factory in Perry street, with the roof on a level with the first floor of the main building.

Speaking of the responsibility of the board of health, Judge Pickman said that the public, whom the board represents and by whom they are paid, should not only give all the information possible to the public, but should seek to protect the public at every turn. "There is a very great responsibility resting on you in this affair," he said, "and you should do everything that can be done, even to the calling in of an expert so that you may justify yourselves in any action taken."

Daniel J. Donahue said that as a citizen of Lowell he objected to the erection of a beam house in Perry street. He said the nuisance had been allowed to remain in Howe street until the odors became so strong they threw down the old building. He said that the rights of the people should be respected, and he didn't know of anything more uncomfortable than a malodorous beam house. "The stench from Howe street," he said, "used to follow me home." He urged the hiring of an expert examiner to find out if there would be a recurrence of the odors.

James F. Mikella said that the residents of the Perry street section would be discommoded by the new beam

### THEATRE VOYONS

The new program shown yesterday for the first time in Lowell at the Theatre Voyons was a success in every way. Each of the pictures was well staged and their stories interesting and well told. "A Wireless Romance" introduces the new familiar wireless telegraph in a novel manner and its effect on the love story of the hero and heroine is great. "The Faith of a Child" shows one of the cleverest child actresses in the world at her best and the story is one that appeals to every one. "Love Ye One Another" is an excellent subject issued by Pathé Freres and its moral is one of the best yet seen in pictures. It introduces several dramatic dramas and will be appreciated by all. The musical program is an exceptionally good one.

### FATALLY BURNED

CHILDREN IGNITED THEIR MOTHER'S CLOTHING

FALL RIVER, July 15.—Mrs. Catherine Lundy of 935 Pine street died at the City hospital at 5 last night of burns received yesterday. She was conscious almost to the last and suffered great agony. Mrs. Lundy was the wife of Peter Lundy and was 35 years old.

From what can be learned from the children, of which she has four, who were in the house at the time, Mrs. Lundy was asleep on a lounge, which the children, who were playing with matches, accidentally set on fire. The sleeping woman's clothing was ignited, and she rushed into the room of her neighbor, Mrs. Jean Cabral, enveloped in a mass of flames. Before these were extinguished the woman had been burned from head to foot. She was taken to the City hospital.

## The GILBRIDE Co.

# A GREAT RESPONSE

We thank the people of Lowell and vicinity for their generous response to our TWENTY-FIVE CENT SALE which opened this morning with a rush. Indications point to the biggest day's business we've ever had. Whenever we advertise a bargain we don't disappoint the people who come for it—SATURDAY and MONDAY your quarter will do the work of 50c and in some cases \$1

### IN THIS TWENTY-FIVE CENT SALE

No matter which way you turn, you will be accosted with ruthless price-cutting, and so you will find this the best bargain-getting and money-saving opportunity of the entire summer—KEEP THIS FACT IN MIND, never before has any sale opened with such BARGAINS. In absolutely NEW, SEASONABLE merchandise of a HIGH STANDARD. ENTHUSIASM is rampant in every nook and corner of the store—ruthless prices in every department Saturday and Monday.

## Closing Out

THE ENTIRE STOCK IN OUR SHOE DEPARTMENT MUST BE SOLD REGARDLESS OF COST BEFORE JULY 23D. LOOK OUR BARGAINS OVER—EVERY ONE A MONEY SAVER.

# THE LOWELL SUN

JOHN H. HARRINGTON, Proprietor

SUN BUILDING, MERRIMACK SQUARE, LOWELL, MASS.

Member of the Associated Press

THREE DOLLARS PER YEAR. TWENTY-FIVE CENTS PER MONTH

The sworn daily average circulation of The Lowell Sun for the year 1909 was

16,828

Sworn to by John H. Harrington, proprietor, Martin H. Reidy, business manager, and Alfred Pilote, pressman, of The Sun, before me, January 1, 1910. J. JOSEPH HENNESSY, Notary Public.

This is by far the largest average circulation of any newspaper in Lowell.

It would be too bad to stop the auto races on mere sentiment.

If Mr. Bryan, as is reported, is out for prohibition he should enter the prohibition party. Indeed, it would not be surprising to see him toying with the prohibition nomination before 1912.

## ABOUT BLEACHED FLOUR

Thanks to the vigilance of the government authorities in looking out for the adulterations of food, a new and ingenious mode of adulteration has been discovered and convicted so promptly that the inventors will probably abandon their scheme of making money on "bleached" flour.

The government last year seized a quantity of bleached flour shipped by the Wellington mills of Kansas to New Orleans. The case came up in court and the government presented sufficient evidence to show that the flour had been subjected to the process of bleaching in order to make it a creamy white. It was also shown that this process injured the flour by introducing nitrates which the physicians, like Dr. Wiley of Washington, declared to be injurious. The bread made from bleached flour does not taste well; it does not respond to the rising process so readily and it is not so digestive as the bread made from ordinary unbleached flour.

The manufacturers of the bleached flour questioned the constitutionality of the pure food law, but in this way they were overruled. What is known as "patent" flour is the finest of the flour, "straight" is all of the flour and "clear" is all of the flour except the "patent." Now the object of the bleaching process was to take flour with a large percentage of "clear" and make it so white that it will pass for "patent." Peroxide of hydrogen gas is a strong bleaching agent. For the purpose of bleaching flour it was produced in a box in which electrodes are mechanically made to approach and recede. When electrified the gas is drawn into a chamber through which the flour is agitated until it becomes a creamy white as contrasted with the bluish white of the natural "patent" flour. The government experts proved very clearly that the flour in the first place inferior was very much worse after it had been bleached. It took up less moisture from the yeast, digested more slowly and carried into the system nitrates that retarded the process of oxidation in the bread.

It is not very probable that many other manufacturers will take the risk of putting out bleached flour, but, nevertheless, the inventor, one Mr. Alsop, will feel greatly disappointed if after spending a long time on his invention he will have to throw it aside as worthless. Purchasers of flour should exercise due care so as not to be imposed upon and pay the price of "patent" flour for the bleached and unhealthful counterfeit.

## THE LAWRENCE DISGRACE

Every neighboring city must sympathize very deeply with the city of Lawrence in the disgrace that has come upon her in the conviction of her mayor and several other officials on the charge of conspiracy to bribe public officials. There will be much sympathy also for Mayor White in the sweeping severity of his sentence, although no real act of bribery was proven against him. It seems, however, that from the testimony of a couple of men who turned state's evidence in order to secure immunity for themselves, the mayor was entangled in the net in such a way that it became impossible for him to escape.

Mayor White had the habit of making very bitter attacks upon those whom he considered his political adversaries, and this, of course, ensured him a lot of bitter enemies who, when the opportunity offered, were glad to see him indicted and convicted.

The whole unfortunate and disgraceful occurrence bears a wholesome lesson not only for the city of Lawrence but for other cities in the danger of elevating to office any man who adopts sensational campaign methods to delude the people or any man whose chief platform is a grouch even though he protests his devotion to the people, promises all kinds of reforms and denounces existing conditions as rotten and corrupt. If elected such men usually succeed only in keeping up continual turmoil in the conflict for power and office, a turmoil that sometimes ends, as in the present case, in placing an indelible stigma upon the name and fame of the city that listened to the blandishments of frank candidates while ignoring the candidacy or the availability of men of whose capacity, probity and honor there could be no question.

The experience of Lawrence should have its effect with cities that have a weakness for so called freak candidates, instead of level-headed, well balanced, capable and experienced men who could be relied upon on all occasions to honor by their administrative acts not only themselves but the cities that elevated them to office.

The wisdom or the foolishness of the entire electorate in any city is reflected in the status of the man selected for mayor. If he be a public disturber, a self-seeking demagogue, a grafter, a gambler or a cunning political humbug, his election proves that the voters have made a grievous mistake, that they have been hoodwinked and bluffed by oily-tongued harangues or else that they have but little conception of the responsibility resting on their shoulders in selecting the chief executive of their city. If on the other hand they select a man of recognized ability, experience and integrity, then they can rest assured that the business affairs of the city, its honor and good name will under all conditions be safeguarded and protected.

The people of Lawrence had one year of Mayor White, a year of incessant and fruitless political strife that served only to demoralize the municipal departments and disgust decent citizens. In spite of this, however, the voters reelected him and the result is seen in the sentence that removes him from the office at city hall to a cell at the jail. Will other cities learn from the bitter experience of Lawrence? That remains to be seen.

## SEEN AND HEARD

OUR SUMMER CAPITAL

The glory of Rome is fading away Since they pulled off the champion scalp. And the eyes of the nation are turning today To another red spot on the map; But the question that every one's asking, alas! Is one that is unanswered still, For some say it's surely at Beverly, Mass., And some say at Sagamore Hill.

To Mecca the faithful go year after year, Their follies and sins to atone In the Kaaba, the spot to all Mussulmans dear, And with reverence kiss the black stone; So the Mussulmans here of political class Their duties would likewise fulfill If they knew whether Mecca is Beverly, Mass., Or the Kaaba's on Sagamore Hill.

To the Barney stone there, though the weather be hot, They would faithfully, cheerfully toll, For this is the time the political pot For the feast is beginning to boil; At the forks of the road some are waiting to pass, While others rush on with a will, And some take the highway to Beverly, Mass., And some trail up Sagamore Hill.

The wail of the patriots sounds like a dirge: "Oh, where is the capital at?" While they try to determine if they will inaugurate, Or whether they'd better stand pat; But answer there's none, and they don't know, alas! If Mahomet is Teddy or Bill, Or whether to journey to Beverly, Mass., Or go charging up Sagamore Hill. —Richard Lanthier in New York World.

Use TIZ- Smaller Feet Sore Feet, Tender Feet and Swollen Feet Cured Every Time. TIZ Makes Sore Feet Well No Matter What Ails Them

Everyone who is troubled with sore, sweaty, or tender feet—swollen feet—smelly feet, corns, callouses or bunions can quickly make their feet well now. Here is instant relief and a lasting, permanent remedy called TIZ. TIZ makes sore feet well and swollen feet are quickly reduced to their natural size. Thousands of ladies have been able to wear shoes a full size smaller with perfect comfort. It's the only foot remedy ever made which acts on the principle of drawing out all the poisonous excretions which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleanses them out and keeps them clean. It works right off. You will feel better the very first time it's used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with TIZ for sale at all druggists 25 cents per box or direct if you wish from Walter Luther Dodge & Co., Chicago, Ill.

## THE MOST BEAUTIFUL WOMEN IN THE WORLD

Ten years ago it might be truthfully said that the most beautiful and fascinating women lived in Paris. But ten years brings many changes in these days of almost magical advancement. Today it may be truthfully said that there are more beautiful women in the United States and Canada than in all of Europe. There's a reason of course, and that reason is a very simple one. The women of America have learned that without lustrous and luxuriant hair no woman, no matter how attractive her features or how graceful her form, can reach the perfection that the high standard of the present day calls for. The women of America have learned to take care of their hair. Since the introduction of Parian Sage they have learned that falling hair is unnecessary; that falling hair and itching scalp can be quickly stopped.

## WM. G. JORDAN

Has Big Job on His Hands

WASHINGTON, July 15.—William George Jordan has a big contract on his hands. As the first secretary of the house of governors it has fallen to his lot to keep peace and harmony among the various state governors of the United States, get them to meet once a year, get them to do something more than talk and make the organization one of some value to the country. The house of governors was started by Roosevelt when he was president. He called a meeting of gov-

WILLIAM G. JORDAN

ernors to discuss questions of national importance, and now the house of governors has been organized with the intention of dealing with conservation questions, interstate laws and other general government regulations.

DERBY WINNER DEAD LEXINGTON, Ky., July 15.—Wolfe, a famous thoroughbred stallion, sire of Duhan, winner of the 1910 Kentucky derby, died yesterday, aged 22 years.

## IN POLICE COURT

Small Docket Disposed of, Mostly Drunks

This morning's session of police court was a comparatively short one, there being but few offenders present.

In the case of Frank R. Wilder, charged with transporting intoxicating liquors through the town of Elliptical on July 4th, counsel for the defense, William A. Hogan, asked for a continuance, which was granted. The case will be heard next Wednesday. When the case of Thomas Whelan, charged with being drunk, was called Deputy Downey asked for a continuance, till tomorrow, stating that the man had given a wrong name and he would like time to look up the man's record.

Bridget McElmerritt, an elderly woman, denied that she was drunk despite the fact that Patrolman Thomas Molony testified otherwise. He said that he had noticed her intoxicated on several occasions and when she was under the influence of liquor she became pious. The arresting officer said that he took the woman into custody at the request of her husband. She was fined \$2.

John Trainor, charged with being drunk, was sentenced to the state farm. Patrick Curran, James F. Walsh and Thomas McGovern were fined \$5 each. There were two first offenders who were fined \$2 each.

Jeremiah Buckler who had been sentenced to two months in the state farm, appeared in court this morning for the purpose of withdrawing his appeal.

## WOMAN'S REPLY

To Suit Entered Against Her

WASHINGTON, July 15.—Mrs. Laura Cramer, a clerk in the state department, has filed in the district supreme court her answer to the suit brought by Dr. Leo M. Hurd of Greenwich, Ct., as conservator of the estate of Fenton J. Hurd, his grandfather, who had been adjudged by the courts of Connecticut incompetent to manage his own affairs. Dr. Hurd charged that the elder Hurd had given \$10,000 to Mrs. Cramer, and the court granted a

MRS. LAURA CRAMER

temporary injunction to prevent her from disposing of any of it until the suit was heard. Mrs. Cramer admits she got \$27,000 from the elder Hurd "because he was grateful for her care of him, which had been that of a daughter." Dr. Hurd's allegations of spook influences and occult demonstrations she denies. According to letters which accompanied the answer, Hurd wished to give \$12,000 to a Miss Hattie Smith, whom he wanted to marry. The Greenwich court was imposed on, Mrs. Cramer declared, when it adjudged Hurd incompetent. The answer of Mrs. Cramer having sworn away the equities of the bill of complaint, Justice Stafford dissolved the restraining order which prevented her from drawing on her bank account. The order of the court does not dispose of the controversy, and Dr. Hurd will file a reply to the statement made by Mrs. Cramer.

BIG WOOL DEAL LEXINGTON, Ky., July 15.—The largest deal so far made by the Kentucky Woolgrowers' association was made yesterday when the pooled clip from fifteen counties was disposed of to a Louisville firm. The entire clip sold aggregated 150,000 pounds and the prices paid were 25.17 for first grade, 23 cents for second grade and 15 cents for third grade.

OUR FOREIGN COMMERCE WASHINGTON, July 15.—The foreign commerce of the United States in the fiscal year ending June 30 amounted to 34 billion dollars, speaking in very general terms, of which imports were valued at 1 1/2 billion and exports at 1 1/2 billion dollars. To be more accurate the figures just completed by the bureau of statistics of the department of commerce and labor show: imports, \$1,567,854,854; exports, \$1,744,986,208; excess of exports over imports, \$187,131,349. The imports were larger than in any preceding year, and the exports larger than in any former years except 1907 and 1908. The grand total of foreign commerce, including in the merchandise imported and exported except that included in the trade with the noncontiguous territories if the United States (Puerto Rico, Hawaii, Guam, Tutuila and Alaska) amounted to \$3,312,841,062 and is greater than that of any preceding year except 1907, when the total was \$3,313,272,503.

The excess of exports over imports in the fiscal year 1910 is smaller than in any other year since 1896, being \$187,131,349, against \$351,090,380 in fiscal year 1909, \$366,431,574 in 1908, \$416,429,653 in 1907, \$517,302,954 in 1906, and \$401,048,595 in 1905. This marked reduction in the excess of exports over imports is due to a falling off in the exportation of foodstuffs and an increase in the importation of manufactures' materials. The value of foodstuffs exported in the 11 months for which detailed figures are available was 346 million dollars, against 413 million in the corresponding months of the preceding year and 490 million in the corresponding months of 1908. On the import side manufacturers' materials show an equally striking increase, their value in the 11 months ending with May of the present year being 793 million dollars, against 608 million in the corresponding months of 1909 and 617 million in the corresponding months of 1908. Thus exports of foodstuffs show a decline of 30 per cent when compared with 1908, while imports of manufacturers' materials show an advance of over 50 per cent in the same time.

The increase in imports of manufacturers' materials during the year occurred chiefly in ten great classes: hides and skins, India rubber, lumber, wood pulp, tin, cotton, iron ore, diamonds, wool and chemicals. During the eleven months for which details have been worked out by the bureau of statistics, hides and skins increased from 69 million dollars in 1909 to 103 million in 1910; India rubber, from 6 million; cotton, from 12 to 15 million; chemicals, drugs etc., from 78 to 83 million; insect diamonds, from 4 to 9 3/4 million; diamonds cut but not set, from 7 to 27 1/2 million; furs, from 28 to 30 million; leather, from 5 to 7 million; tin, from 24 to 28 million; tobacco, from 24 to 25 3/4 million; bones and other sawed lumber, from 14 to over 17 million; wood pulp, from 8 to 11 million; pulp wood, from 3 to 5 1/2 million; and wool, from 39 to 56 million dollars. Silk alone shows a decrease—from 2 3/4 million dollars in

## A Burning Question

## THE COAL SUPPLY

Make up your mind to have the most satisfactory kind mined by ordering from

William E. Livingston Co., 15 Thorndike St.

Business Established 1828

the eleven months of the fiscal year, 1909 to 61 million in the corresponding months of 1910, the falling off being due to the fact that the importations of 1909 were unusually heavy, due to the low prices in that year. The net increase of \$2 million dollars in exports during the year represented gains in manufactures and manufacturers' materials, partially offset by losses in foodstuffs. In the eleven months ending with May, foodstuffs decreased from 413 million dollars in 1909 to 346 million in 1910; while crude materials for use in manufacturing advanced from 326 to 532 million dollars in the partly finished state, from 206 to 215 million; and manufactures ready for consumption, from 461 to 454 million dollars. The principal gains in the general group "manufactures" occurred in iron and steel, the exports of which increased from 131 million dollars in 11 months of 1909 to 163 million in the same period of 1910; leather and leather manufactures, from 35 1/2 to 45 million dollars; wood manufactures, from 42 to 72 million dollars; scientific instruments, from 5 to 11 1/2 million; automobiles, from 5 to 9 million dollars; India rubber manufactures, from 63 to over 9 million dollars; furs and fur skins, from 9 to 11 million dollars; and other manufactures, from 76 to 80 million dollars.

# MAYOR WHITE GLIDDEN BALLOON

## Conducts City's Business Behind Prison Bars

## Met Little Cyclone in Upper Air That Caused Trouble

LAWRENCE, July 15.—Mayor William P. White of this city, who, at 7 o'clock last night, rounded out the first 24 hours of his three-year sentence for conspiracy to bribe, in an attempt to oust from office Chief James A. Hamilton of the fire department, transacted municipal business during the day in his cell, No. 25, in the jail.

He signed a renewal of all theatre licenses, conferred with his private secretary, his sister, Lawyer Schwartz, City Solicitor Murphy, and Superintendent of Streets Patrick Lyons about paving.

A motion for a second trial, based on newly discovered evidence, will be made within a day or two by Atty. Michael L. Sullivan of Salem in behalf of the mayor. This evidence is said by his friends to be of a sensational character which, they aver, will show White to be the victim of a political conspiracy. They are so confident of the success of their legal coup that they look for an almost immediate release of the chief executive.

Should this move fail they still have the bill of exceptions to fall back upon. Sullivan has more than a week in which to prepare exceptions. About six months of Mayor White's term still remain, and he proposes to fight for his right to complete it as chief magistrate, even if he has to do it by a system of messengers from behind the bars.

In the event of defeat in the court proceedings the friends of White declare that they will start a petition for his pardon. Foremost in the movement to bring about his release is his sister, Miss Katherine A. White, with whom he lived at 263 Haverhill street. The opposition declares that all of White's efforts to gain his liberty, and

to continue with his duties as mayor, will prove futile. His conviction and imprisonment raises a situation said to be unprecedented in this commonwealth. It involves the very novel point of law as to whether he is entitled to act as mayor until the expiration of his term in January, although a prisoner in the jail, half a mile away from City Hall.

When seen at the jail late yesterday afternoon, Mayor White said to a reporter:

"I intend to administer the affairs of Lawrence until my term expires. If I am not released I shall perform my official duties from my cell. I am still mayor of the city and shall so act. My courage is good because I know I am innocent."

While Mayor White proceeded yesterday to handle the affairs of the city, the city call No. 25, in the northwest wing of the jail, President Thomas Jordan of the board of aldermen, who was elected to that position by a vote of 3 to 2 last Monday night, after a deadlock lasting six months, claimed to be legally entitled to act as mayor under sec. 6 of the city charter.

The portion of this section pertinent to the issue reads:

"In case of the death, resignation or absence of the mayor, or his inability to perform the duties of his office, it shall be the duty of the board of aldermen and the common council, in convention, to elect the mayor to serve during the unexpired term, or until the occasion causing the vacancy be removed."

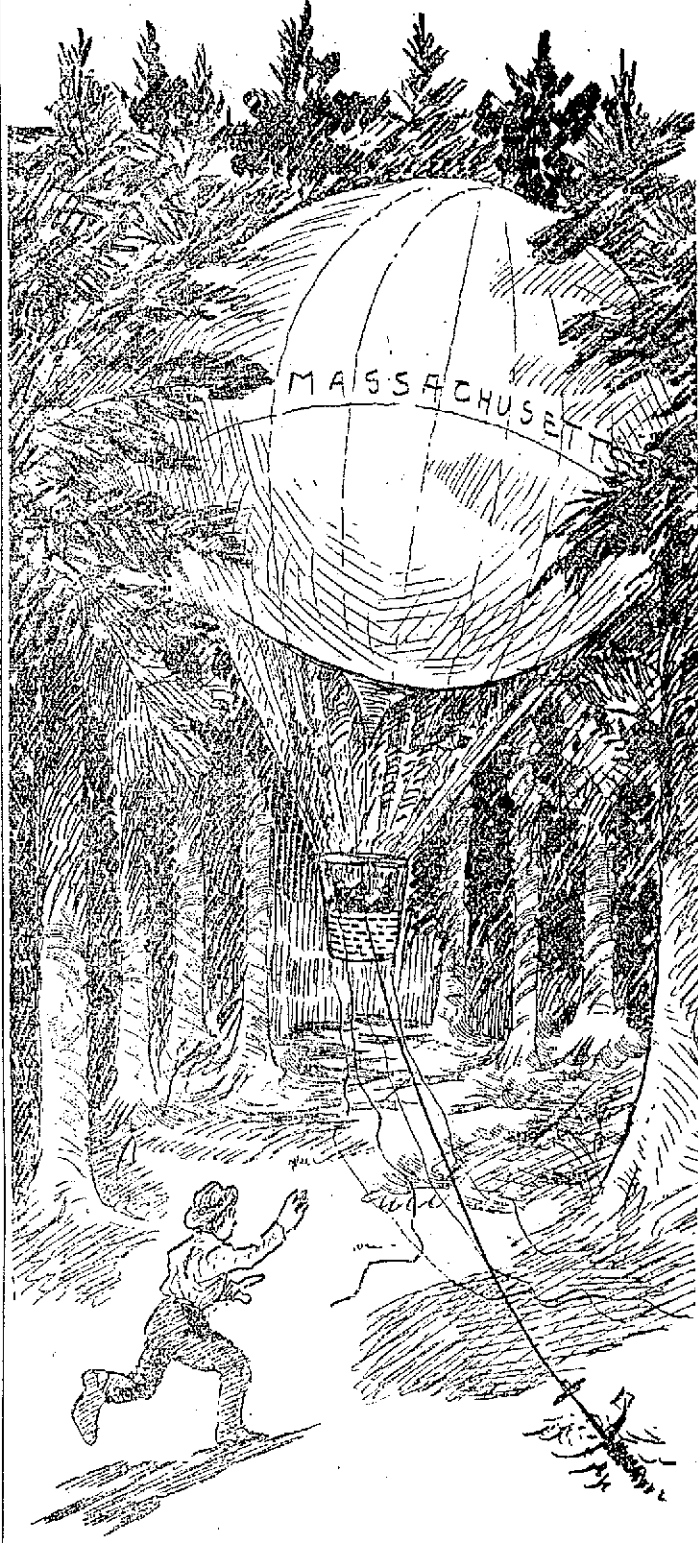

President Jordan and his colleagues contend that, even if Mayor White didn't lose his franchise or his office as a prisoner at the jail he is unable to properly perform his duties. Hence he called a special meeting Wednesday and the board of aldermen passed an order to have City Solicitor Daniel J. Murphy look up the law and render an opinion.

Alderman Jordan declares that, if he is pronounced acting mayor by the City Solicitor, his first official act will be to oust Private Secretary Ripon, who receives a salary of \$1200 a year.

**EASTERN YACHT CLUB**  
BURNT COAT HARBOR, Swans Island, Me., July 15.—The Eastern Yacht club fleet continued its cruise today, starting for Douglas Island harbor in Narragansett bay, an infrequent port, and so far as known one that has never been visited by the Eastern Yacht club fleet. There was no organized racing today except a private match for three sloops, the other yachts proceeding by ones and twos, some going via Bass Harbor, while the majority took the outside course around Great Duck Island. The weather continues fair, the wind favorable and during the first part of the day there was no fog. Last year the mists came in over night and completely blocked up Burnt Coat harbor, and it was a couple of days before the yachts made their escape. The absence of fog has been a notable feature of this year's cruise, and half the sailors are claiming credit for this piece of good fortune.

The yachts that passed the night in Burnt Coat harbor and enjoyed the annual breakfast of deep sea scallops were the schooners Emerald, Iroquois, Savarona, Tazmania, Yemora and Victory; the yachts Cactano, Vanessa, Rebecca, Natchez and Comanche; the sloops Humma, Doris, Adventuress, Dorella, Alga, Indian, Dorel and Ed-palto II; and the steam yachts Juanita, Velithra, Hope and Avoca. The yachts left the harbor shortly after 10 o'clock with the expectation of reaching Douglas Island early in the afternoon. After the fleet had left the harbor the sloops Humma, Doris and Adventuress started their race of 25 miles around Great Duck Island.

Do you cook with gas? Your neighbors will. Read the answer on your thermometer.

MR. GLIDDEN AND COMPANIONS MAKING A PERILOUS LANDING IN THE WOODS WITH THE BALLOON MASSACHUSETTS.

## Dangerous Landing Made on Tree Tops Near Pelham and Aeronauts Had Narrow Escape From Injury

Seized in the grip of the tailend of a small-sized ground cyclone, the balloon Massachusetts, piloted by Charles J. Glidden and containing Col. William M. Bunting, one of the directors of the

Penn Mutual Life Insurance company, and Mr. Charles A. West, vice president of the Eastern Drug company, of Boston, was dragged, anchor and all, nearly 1000 feet across a field in Pelham, N. H., yesterday afternoon, about five o'clock, and landed on the tops of the trees in a deep forest.

## Poor Digestion?

## BEECHAM'S PILLS

for they are a stomach remedy that never disappoints. They act quickly and gently upon the digestive organs, sweeten the contents of the stomach, carry off the disturbing elements, and establish healthy conditions of the liver and bile.

The wonderful tonic and strengthening effects from Beecham's Pills, make them a safe remedy—they

## Help Weak Stomachs

In Boxes with full directions, 10c. and 25c.

After the landing, Col. Bunting stated he felt there must be considerable risk in ballooning, due to the uncertainty of ground currents in landing, based on his experience.

The balloon reached an elevation of 3200 feet, finding the cooler temperature at 2700 feet. The journey consumed an hour, and the landing was on the farm of W. B. Pearson, eight miles from Lowell, air line.

The balloon at first reached a great height and moved towards Methuen, but it suddenly changed its course, taking a direction nearly opposite and at the same time descended rapidly. It was easier to see that the balloon met some atmospheric disturbance, but the real trouble came in the dangerous sweep over the tree tops of a forest. The aeronauts were fortunate to escape serious injury.

**CUP CHALLENGER SHIPPED**  
MONTREAL, July 16.—The Scawau-kaha cup challenger, St. Lawrence, was shipped to Manchester, Mass., last night, and the crew of the Royal St. Lawrence Yacht club, who will sail her in the coming series with the Manchester Yacht club defender, will leave this evening. The boat should reach Boston tomorrow.

## ADS KIDNEY REMEDY

is a perfectly safe and harmless remedy, which has been carefully and scientifically compounded by the great American Druggists Syndicate of 12,000 responsible druggists for the purpose of enabling those people who cannot see a physician to get the next best treatment for the kidneys and take it at home.

Its action is quick, pleasant and thorough, and you should take it in preference to expectorating with patent medicines, which neither you nor your druggist know anything about. Get it at any A. D. S. drug store.

# 14 FOOT CHANNEL

## Haverhill Asks Government to Deepen the Merrimack

### Mercantile Association of the Merrimack Valley Discussed Project in Conference at Salisbury Beach Yesterday and Agree to Act in Harmony

A great gathering of delegates from the boards of trade and mercantile associations of the Merrimack valley from Concord, N. H., to Newburyport was held at Salisbury beach yesterday as the guests of the Haverhill board of trade, at which the principal topic of discussion was the project of inducing the United States government to provide a suitable channel in the Merrimack river, thus making it navigable for a greater distance.

Haverhill wants a 14-foot channel from that city to the sea and the combined boards of trade will assist Haverhill toward getting it.

The Lowell delegates to the conference were President Harvey B. Greene, Secretary John H. Murphy and Fred G. Garrett of the board of trade. Mr. Garrett being chairman of the committee on transportation. The Lowell men proceeded to Haverhill by auto as the guests of Mr. Garrett. From Haverhill the guests went to Salisbury beach by boat as the guests of L. H. Taylor, the owner.

The trip down the river was not only most enjoyable, but profitable as well for it gave the delegates an opportunity to note the navigability of the river and its peculiarities.

The big steam coal carrier, the H. O. Elliott, which makes trips up and down the river and over to Boston or New York with 900 tons of coal aboard was discussed. The vessel draws 9½ feet of water when I loaded and has to wait for high tide to navigate the present channel. The Haverhill people want a 14-foot channel for low tide and believe they should have it.

The delegates rode near the pilot house, and the captain explained the points of interest. At Merrimack port the river is wide and there is 16 feet of water there. The delegates were impressed with the possibility of the river for navigation. Those present on the trip were:

A. M. Childs, L. H. Taylor, Chas. E. Cohen and Chas. H. Hayes of the Haverhill board of trade; Harvey B. Greene and John H. Murphy of the Lowell board of trade; Frank A. Cohen of Newburyport; Fred F. Harris and J. K. Tolles of Nashua board of trade; J. K. Norwood, C. H. Littlefield of the Lawrence board of trade; William Saracol, Jules Deschenier and Fred C. Dunlap of the Manchester board of trade; Charles F. Allen of Haverhill; Mayor Robert E. Burke of

Newburyport; Irving Besse of Newburyport; and John C. Cling of the Salisbury board of selectmen.

Upon landing at Black Rocks cars were taken to the Hotel Cushing, where a fish dinner was served.

After the dinner the conference was held in the hotel convention hall. William Saracol of Manchester was chosen chairman and A. M. Childs of Haverhill secretary. The convention then got down to business and several of the delegates expressed themselves on the problem of navigation of the Merrimack.

Mr. Childs explained that there was no definite outline for future plans and that the discussion was expected to lay a course for the future action of the delegates. He spoke of the difficulty of getting all the official reports on the river made by the government engineers, of the water and rail competition and of the freight accommodations in Haverhill. He said he had appeared before the Boston chamber of commerce and had obtained a promise from that board that Boston would help in the matter not only of the Merrimack but of the water transportation all over the district.

Harvey B. Greene, president of the Lowell board of trade, was the first speaker on the development of traffic and said that in years gone by the Middlesex canal had done a good business until crowded out by the railroad and that the railroads are now so congested with traffic that water transportation and canals must again be resorted to for convenience. He said that the railroads of this section must rely on auxiliary water ways for help in carrying the freight and he cited Germany as an ideal of combinations of water and rail transportation.

Mr. Greene declared that as the project assumes shape the cities must be ready to provide public landing places and wharves.

Mr. Harris of Nashua had some interesting statistics to offer. He said that the Middlesex canal, built in 1823, cost \$520,000, and that it took from seven to ten days to make the round trip from Concord, N. H., to Boston. Freight cost \$5 a ton up the river and \$4 a ton down the river. The population of the Merrimack valley included, he said, 90,000 men employed in the industries with a pay roll of \$40,000,000 a year.

Other speakers were Mayor Burke of Newburyport, C. H. Littlefield of Lawrence, Charles H. Hayes of Haverhill, and J. K. Norwood of Lawrence.

Secretary John H. Murphy of the board of trade said that the Lowell board of trade was alive to the situation and would work for Haverhill's 14-foot channel. He believed that the only thing that would do any good was a harmonious effort on the part of the valley cities to secure the channel improvement, step by step.

Chairman Saracol of Manchester said he had consulted with a prominent engineer of the Amoskeag Manufacturing Co. and that this man had said that navigation of the Merrimack river was feasible as far north as Concord.

While the convention took no radical action, it was evident that all the delegates believed that harmony would secure much and that a concentration of effort on one thing at a time would finally bring about the desired result. The delegates returned up-river in the late afternoon.

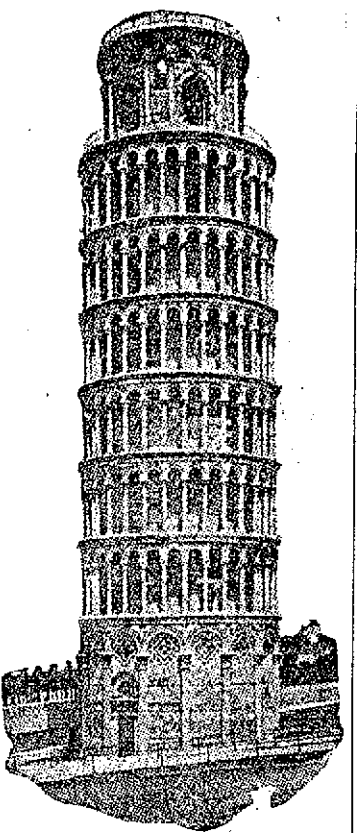

**SOCIAL AND FRATERNAL**

Division 28, A. O. H., met last night in regular session. President Hubert McQuinn in the chair. The meeting was largely attended and considerable business was transacted. The division voted to parade Aug. 24, and elected five aids to the chief marshal. Mr. O'Sullivan, Patrick McQuinn was elected division marshal.

## THE PISA TOWER

### Crowds Wait to See it Fall

PISA, Italy, July 15.—The government engineers, acting under the direction of the king, have made an examination of the famous tower of Pisa. They report that the tower is in great danger of falling. During the

past year the tower has moved some eight inches, and the foundation daily grows more tottering. The police are having great trouble in keeping the crowds away from the tower, as the spectators expect to see the mass of brick and stone go crashing to the ground any moment.

## WOMAN KILLED

### And Her Money Taken By Robber

JERSEY CITY, July 15.—Mrs. Rose Lucashick, 35 years of age, was found dead and foot and throttled to death yesterday in her apartment at 305 Washington street, Jersey City. The murderer is believed by the police to be a man who was seen in the dead woman's apartment by Mrs. Yela Philp who lives on the floor below. He evidently knew that Mrs. Lucashick had several hundred dollars in her possession, for this money was missing from her dress bosom.

Mrs. Philp found Mrs. Lucashick's body bound hand and foot with pieces of rope and torn parts of the dead woman's garments. The murderer after binding his victim had snuck his fingers so deeply into the woman's throat that marks of his nails show on the skin.

## DR. WM. J. KELLEY

### Popular Dentist Passed Away

Dr. William J. Kelley, the well known dentist, died yesterday at his home, 129 Moore street. Deceased had been in failing health for the past year or more. He was a member of the local school board at one time and was well and favorably known in this city. He was a charter member of the local council. Knights of Columbus and also a member of the Alpine club. He is survived by two brothers, Thomas E. of Newport, R. I., and Edward W. of Beverly; a sister, Miss Catherine E. Kelley, the latter a teacher at the Butler school and an aunt, Miss Ellen Flynn.

## MISSING BONDS

### APPEAR TO BE IN POSSESSION OF STOCK BROKERS

BOSTON, July 15.—Fifteen of the \$1000 missing telephone bonds claimed as belonging to the estate of Mrs. Jennie S. Gookin, formerly a well known milliner, appear to be in the possession of Simpson, Pearce & Co., stock brokers of New York, according to a petition which the firm filed in the superior court yesterday. Since Mrs. Gookin's death in 1908 there has been litigation pending for the recovery of the missing bonds.

Mrs. Gookin it was supposed from the legacies contained in her will had left a large estate. It was known that she had \$40,000 of bonds of the American Telephone & Telegraph company. She had kept the bonds in a deposit vault in New York.

After her death they could not be found, and search for them was made by her special administrator, H. G. Allen. He learned that her sister, Mrs. Anna V. Carpenter, claimed ten of the bonds as a gift from Mrs. Gookin.

Yesterday Simpson, Pearce & Co. asked Judge Richardson to let them intervene in the pending litigation over the bonds and to dissolve the outstanding injunction on the telephone company so far as affects the fifteen bonds held by them. They declare that they received the fifteen bonds from the Sherman National bank on Oct. 28, 1909, for the purpose of selling them. They did sell them on the New York Stock Exchange.

The special administrator denies that the firm is a purchaser in good faith. Judge Richardson declined to dissolve the injunction. The case, with its different claimants, will have to be tried out on its merits, probably in the fall.

Do you cook with gas? Your neighbors do? Why? Read the answer on your thermometer.

## WOMAN RESCUED

### YOUNG MEN 'CLIMBED' FIRE ESCAPE AND SAVED HER

BOSTON, July 15.—Climbing two stories up from the escape in answer to a woman's cries for help and extinguishing a fire which they found at the top was the brave exploit yesterday of Frederick Hess and Matthew Foster, two young men living at 9 Paul street.

Hess and Foster, who live on the second floor, were aroused about 10 p.m. by the cries of Mrs. Edward Wilfred, the occupant of the top suite at 11 Paul street. She had been cleansing her baby's coat with gasoline and her clothing had caught fire from a gas stove.

The two young men climbed up the fire escape at the side of the building. Hess scorching and cutting his bare feet, and entered Mrs. Wilfred's apartment through a hall window. They extinguished the flames with rugs and then, without giving their names or waiting to receive thanks, returned to their own home.

## CHELMSFORD

The grounds surrounding All Saints' church were the scene of a most enjoyable lawn party, last evening, held under the auspices of the members of the guild. The grounds were lighted by rows of Japanese lanterns extending from the guild room to the rectory's study at the opposite end of the church building. Above the tables, arranged cozily in the angles of the building were hung colored lights. There was a good attendance and during the enjoyment of the delicious tea cream and cake served, very pleasing selections upon a phonograph were given by J. C. Welmore. The decorating was in charge of Robert E. Murphy and Frank Hindle and the tea cream and cake by Mrs. Charles H. Greenleaf, Mrs. Alfred Pasche, Miss Frances Clarke, Miss Minnie Pasche, Miss Emma Pasche, J. J. Middleton, and Frank Hindle.

## BAND CONCERT

The second of the series of municipal band concerts was given last night on the North common by the Lowell Cadet band, John J. Giblin, leader. There was a large attendance and the varied program was carried out in a manner which brought forth much applause and it was necessary for the musicians to respond to encore.

The opening number was a march, "Universal Peace," and the concluding piece was "The Star Spangled Banner."

## SKIN DISEASES READILY CURED

### BY A SIMPLE HOME REMEDY

If you are suffering from any form of skin or scalp disease, would you like to get prompt relief and be permanently cured by a clean, liquid preparation for external use? Mr. A. W. Davis, the druggist, has this remedy in stock, and wants his customers to know that it is recommended for Eczema, Blackheads, Pimples, Dandruff, Tetter and other diseases of the skin and scalp. Zemo has made some remarkable cures and with each purchase of ZEMO, Mr. A. W. Davis will give you a booklet on skin diseases and you can diagnose your own case and be cured in your own home without any inconvenience or loss of time from business by this clean, simple preparation.

## ANNUAL PICNIC

### OF SUNDAY SCHOOL OF PAW-TUCKET CHURCH

The annual picnic of the Sunday school of the Pawtucket church was held yesterday at Canobie Lake park. There were about 300 present, and the day was spent in a most enjoyable manner. Two special cars were taken at the Textile school in Moody street at 8.15 a. m. and the return trip was made at 3.15 and 10.15 last night.

The affair was under the general direction of Mr. George Tanner, the Sunday school superintendent, and he was assisted in looking after the sports by the following efficient committee: James Grant and Harry Pevey, and Misses Ethel Rivet and Hortense Taber.

The winners of the young men's contests were as follows: Shot put—First, Leander Conley, 29 feet, 7 inches; second, Armand Desmarais.

Running high jump—George Axon, 4 feet, 6 inches; second, James Grant.

Hundred yards dash—First, Armand Desmarais; second, George Axon.

Thirty yards dash—First, James Grant; second, William Kinghorn.

One mile run—First, Armand Desmarais; second, George Axon.

In the ladies' contests the following were winners: Ball driving—First, Mrs. F. E. Har-

ris; Mrs. L. A. Ayer and Miss Cora Bartlett tied for second place, both receiving prizes.

Thirty yards dash—First, Mrs. E. F. Ansart; second, Mrs. F. E. Harris.

Boys' shoe race—First, Walter Sturtevant; second, Arthur Carpenter.

Boys' three legged race—Archibald Grant and Ernest McDonald.

Boys' running race—First, David Taylor; second, Walter Sturtevant.

Girls' running race—First, Florence Bridgeford; second, Alice Willmott.

Girls under 12—Three legged race, Annie Chapman and Gertrude Wilson.

thirty yard dash, Gertrude Kenworthy first, Lillian Wagner second; lemon race, Gertrude Kenworthy first, Mildred Cameron second.

# NIGHT EDITION

## DEEP MOURNING

### Over Deaths of Young Hoffman and Miss Clegg

Both Were Popular and Were Keeping Company Together—Supt. Welch Cross Examines Mr. Grenier As To Cause of Accident

The bodies of Richard P. Hoffman and Mary A. Clegg, the victims of Wednesday night's drowning accident, were removed to their respective homes yesterday.

The funeral of Mr. Hoffman will take place tomorrow afternoon, while the funeral of the young girl will take place on Sunday afternoon.

From the proximity of the bodies when found it is apparent that the young man, who was a good swimmer, made an attempt to save his companion after they had been thrown into the river.

The young couple worked in the Talbot mills, Hoffman as a carpenter, and Miss Clegg as a weaver.

## ONE MAN DEAD

### Bandits Made Raid on a Construction Camp

CLEVELAND, O., July 15.—One man is dead and two others are badly wounded as a result of a raid on bandits on a Lake Shore construction camp near Olmsted Falls last night.

Charles Brunner, aged 40, who was shot through the abdomen, died today. The injured man are James Counter, and Thomas Zurch, shot in the head. It is believed they will recover.

Shortly before midnight five negroes appeared at one of the shanties and awakened the laborers and demanded their pay envelopes.

## COST HIM \$3500

### FARMER FINDS BRICK IN BOX SUPPOSED TO CONTAIN \$7000

AUBURN, July 15.—David Dennis, an aged Moravia farmer, duped \$3500 in cash, yesterday started the authorities on what they believe is a hopeless chase.

Last Wednesday Dennis boarded a Lehigh Valley train for Auburn to buy machinery. At Cascade a "Mr. Keator" introduced himself and said he had a commission to buy a farm. Dennis had a farm to sell and made an appointment to show it. "Keator" after an inspection, offered \$10,000 for it. He met Dennis in Auburn on Saturday to find the deal, where each was to post \$3500 to carry out the bargain. They drove out to Soule cemetery, where they met a friend of "Keator."

"Keator" had his money ready in a small iron box. Dennis put his in and the box was given into Dennis' hands (without the key) to hold till the balance was paid. Later the old farmer received the key by mail. He opened the box and found a four-pound brick.

## STATE POLICE INVESTIGATING

### BOSTON, July 15.—The finding of a homicide in a fashionable apartment house on Winthrop road, Brookline, early today, led to an investigation by the state police later in the day. The authorities expressed the opinion that a deliberate attempt was made to burn the structure. The fire was extinguished with little damage.

## BOSTON'S POSTAL RECEIPTS

BOSTON, July 15.—Postal receipts at the Boston postoffice for the fiscal year ended June 30 last were \$6,117,998, according to figures issued by Postmaster Edward C. Mansfield today. This is an increase of \$569,898 over the fiscal year of 1909.

## ELPHORS RETURN

SCHENECTADY, N. Y., July 15.—Sheriff Rathway returned today from Kansas City bringing the Rev. Clinton Dewitt Sharp and fourteen-year-old Eunice Whitaker with whom he eloped from here several weeks ago. The child remains true to the parson.

## PRESIDENT TAFT

### Will Dedicate the Pilgrim Shaft

BEVERLY, July 15.—Provincetown, on August 5, will witness one of those big naval displays that made Oyster Bay famous. On that day, with most of the North Atlantic squadron assembled off shore for the summer manoeuvres, President Taft will dedicate the monument to the Pilgrim Fathers which, from a hill 100 feet high on the tip end of Cape Cod, rises 250 feet.

Presidential salutes of twenty-one guns from each of the fifteen warships assembled will herald the arrival and departure of the president, who will travel in the Mayflower. The president will deliver an address. Former President Roosevelt laid the cornerstone of this monument. Upon that occasion he spoke about unalloyed factors of great wealth.

The plan is to make this affair memorable, and it is expected that there will be also a parade of yachts and merchantmen, with a land procession of sailors, marines and troops.

James Bryce, ambassador from England; the minister from the Netherlands, Senator Lodge, former President Eliot of Harvard and other distinguished guests will attend. A luncheon for 1,000 guests will be given in the town hall at Provincetown.

Announcement was made at the executive office yesterday that the Mayflower, carrying the president and family, will leave here, next Monday afternoon at 3 p. m. and will make a straight run to Eastport, Me., which will be reached the next day.

The ship will clear next morning for Bar Harbor, to remain in those waters until the 23d, when she will clear for Ellsworth, home of Senator Hale. On the 24th, the Mayflower will sail to Islesboro, where it will remain until time to make Biddeford Pool on the 27th, where Mrs. Louis More, sister of Mrs. Taft, who came here to join the party, will go ashore. The return to Beverly will be made on the 28th.

## NEWPORT PASTORS

### WILL NOT MARRY DIVORCED COUPLES

NEWPORT, July 15.—Newport clergymen will no longer take any part in the marriage ceremony of either applicant for such ceremony has been granted a divorce, no matter why their matrimonial troubles were caused.

A couple, whose identity is being shrouded in mystery, recently called upon many Newport clergymen, but the ministers visited refused to marry the pair, and they departed for parts unknown.

The parties came in an automobile and did not seek the city guardians to learn the regulations required to obtain a marriage license. Within the past 24 hours, and without any official notification to anyone, the clergymen have for once and all decided not to perform marriages for divorced persons. No one knows why or wherefore this action has been taken.

The law is such, however, that divorced couples can and have been married by justices of the supreme court and superior court judges, so long as the couples are willing to be wedded in this manner, the justices will oblige them, as in the case of Mr. and Mrs. Hollis H. Hunnewell here some years ago, and two years ago in the case of Herbert M. Harriman and Mrs. Brady Hall.

## AMERICAN SPEAKERS LED

NEW YORK, July 15.—The terseness of American speakers gave them the leading place at the World Missionary conference at Edinburgh, Scotland, and left the English orators far behind.

According to J. Campbell White, general secretary of the missionary movement, who returned on the White Star liner Majestic yesterday, the debate on all questions was limited to seven minutes, and the ability of the Americans to cover their subject in the limited time was commented on by the Continental delegates.

"Our delegates," said Mr. White, "went straight to the point. The other delegates thought it necessary to make apologies, and oftentimes got no further than the introduction."

## ROOSEVELT ACCEPTS INVITATION

NEW YORK, July 15.—When Theodore Roosevelt reached his editorial office he found the waiting room filled with letters. The chief of the Tennessee was headed by Congressman Austin of Knoxville, and presented Mr. Roosevelt with a slab of Tennessee marble about two feet square. The slab was enclosed in a leather case on which was printed in gilt letters, "Citizen Theodore Roosevelt, greetings."

The delegation asked Col. Roosevelt to go to Knoxville in the middle of September when the Appalachian exposition opens and to speak there. Colonel Roosevelt agreed to stop off at Knoxville on his southern trip on Oct. 5 and speak at the exposition on Oct. 7. Mr. Roosevelt also agreed today to speak at Rome, Ga., on the afternoon of October 8, when he also speaks in Atlanta.

## GUNBOAT CASTINE

BOSTON, July 15.—The actual damage to the hull of the gunboat Castine, which arrived at the Charlestown navy yard last night to undergo repairs on account of damage sustained by being rammed by the submarine boat Bonita during practice off Provincetown last Monday afternoon, is so slight that it can be repaired within a day or two, according to an official announcement made at the yard today.

## SUFFRAGETTE CAMPAIGNERS

CHICAGO, July 15.—The first suffragette campaigner, who has been found guilty of a woman justice of the peace, a woman doctor, four Vassar girls and two men equipped with an automobile.

## COTTON POOL INDICTMENTS

NEW YORK, July 15.—Despite reports that the indictments against James Patten, Charles Kettel and others in the cotton pool have been found defective and would have to be set aside and new indictments drawn, Judge Hand will hear arguments for Adelin H. Larkin and Assistant U. S. Dist. Atty. Frankfurter on the plea of abatement by the defendants and the demurrer by District Attorney Wicks.

# DARING ATTEMPT

## Was Made to Blow Up a Bridge at Pittsburg

PITTSBURG, July 15.—A concussion felt all over the city early this morning remained an alarming mystery for several hours until it was finally reported from the west end that an attempt had been made there to blow up the West Carson street bridge on West Carson street. The contractors who are building the bridge have been having some trouble because of their insistence upon the open shop policy.

The identity of the bridge wreckers, however, is unknown and they escaped after partial success in raising the bridge and complete success in searing Pittsburg.

# JUMPED FROM BRIDGE

## Would-be Suicide Disappointed at the Races

NEW YORK, July 15.—An unidentified man attempted suicide last evening by diving from the tower of the Williamsburg bridge, 335 feet above tide water. He failed to get far enough and landed on the roadway, 205 feet below the tower. A remarkable feature of the man's attempt to end his life was that he was not killed instantly, and at a late hour last night was still alive in the Eastern district hospital.

The would-be suicide is aged about thirty-five, is 5 feet, 10 inches, smooth-shaven, has brown hair and weighs about 150 pounds. He wore a gray striped coat and trousers, low shoes, white shirt, blue silk tie and Panama hat.

He was walking the bridge from Brooklyn with an evening paper in one hand about 7 o'clock, when he sat down on a bench beside Samuel Pea, a tailor, who was walking to Brooklyn. Pea saw him climb the bridge railing that leads to the roadway for vehicles, but thought he was going to seek a lift from some driver.

About a quarter of an hour later Paulman Hosenstock, near the Brooklyn tower on the bridge, picked up the owner, saw no one, and then noticed blood on the hat. He saw that the lid of a box used to keep sand which is sprinkled on the roadway, was broken, and he saw the box and buried in it sand was the owner.

Acting Captain Barry was called, and a crowd collected. The man was rushed to the hospital. Captain Barry decided finally that the man had come from the tower. He sent a policeman up, and on top was found the stranger's coat, with a piece of paper pinned to it.

When the man had been seen climbing to the road way, he had climbed instead of the tower through the lattice work. Within there is a spiral staircase to the top. He had ascended by this, and then evidently thought he could dive to the water. Instead he had come down close to the tower, striking the sand box and going through the lid.

On the paper pinned to the coat was written the following:

"When you know you're not forgotten by the girl you can't forget."

When you find the girl you've left behind is laughing at you, you get—"This is the end of the long wait, or is it the start?"—J. C."

Among the crowd that had collected was Pea, the tailor. He told of meeting the man on the bench and of his handing to him a paper which contained the racing results. Around the same time he saw the man climb the tower of the horse track, he had drawn a black border.

The police believe the man was some one who was playing the races and had joined the Down and Out club on the Bad News race and decided to end it all.

# A. O. H. PARADE

## Meeting of the General Committee Held

The general committee that has in charge the arrangements for the state convention and the great parade of the Hibernians to be held here next month, held a very enthusiastic meeting last night in A. O. H. hall.

Chief Marshal Humphrey O'Sullivan was present and made several important announcements that called forth cheers.

He said that Dr. Frank A. O'Sullivan had been appointed chief staff surgeon, and he will choose several to assist him. The trophies which are to be awarded will be secured the latter part of this week or the first of next week and placed on exhibition in Boston and Lowell.

All of the barouches in the city have been hired and if necessary more will be secured from surrounding cities. The mayors of Cambridge, Marlboro, Fall River and this city have already signified their intention of accepting the invitation to participate in the parade.

The O. M. I. Cadets will take part and acceptances to participate in the parade have been received from Rev. George L. Nolan, O. M. I. pastor of the Immaculate Conception church; Rev. Fr. Walsh of Collinsville and Very Rev. T. Wade Smith, O. M. I. Invitations have also been sent to all of the state presidents of the A. O. H. of New England and acceptance have been received from State President J. Fred Casade of Maine and State President D. M. Fleming of New Hampshire. Maj. Michael T. Hogan of the Hibernian Knights of Portland, Me., has said he will come. The local city government will be asked to erect a reviewing stand in front of city hall.

Chief Marshal O'Sullivan announced that invitations had been extended to William R. Hearst and Herman Ridder, the leading German newspaper of the country.

Joseph Smith will write a history of Hibernians in Massachusetts and also an article on "The Irish Race in America One Hundred Years from Now." These will be placed in a souvenir program which will be distributed among all of the Hibernians who visit the city.

It was announced that the next meeting of the council will be held Thursday evening of next week.

Encouraging reports were heard from the soliciting and banquet committees. Messrs. Barrett, Murphy, Burns, Nelson and McGuire were appointed a reception committee, and the committee on decorating will be composed of Messrs. Connors, Crowley, Dawson, P. Hickey and McGuire.

## OVER-SEA FLIGHTS

BROOKLYN, Eng., July 15.—J. Armstrong Drexel, a son of Anthony Drexel of Philadelphia and London, and the French aviator, Leon Morane, today engaged in brilliant performances of over-sea speed flights.

The start of the course was at the aerodrome, across the Solent in the direction of the Isle of Wight, thence round the Needles lighthouse and back, a distance of twenty-one miles. The Frenchman covered the distance in 25 minutes and the American in 34 minutes.

## CHARTERS A YACHT

BRISTOL, R. I., July 15.—Colonel Samuel P. Colt, president of the United States Rubber Co., has chartered the large steam yacht Augusta from a local firm for the season. The Augusta was used last summer by Melville E. Stone of New York, general manager of the Associated Press. This is Colonel Colt's first venture as a yachtsman.

## MAN DROWNED

NARRAGANSETT PIER, R. I., July 15.—While bathing in Point Judith pond here today, Henry Smith, aged 28, of New York, steward at the Wakefield yacht club, was seized with cramps and was drowned. Accompanied by his wife and former Councilman Milton Cranston and Frank Caswell, Smith went out in a boat to go swimming. He was the first to dive out of the craft and soon after he struck the water he cried for help.

Cranston jumped after him and succeeded in bringing him ashore alive, but he died despite efforts to resuscitate him.

## AEROPLANE ACTS BADLY

NEW YORK, July 15.—An aeroplane built by Frank Van Anden proved uncontrollable at Mineola and slid sideways to the earth from a height of fifteen feet about dark last night, throwing the operator, Charles W. Nyquist, a novice, on the ground.

The machine was a two-seater. Nyquist, who formerly was one of Charles K. Hamilton's mechanics, was unhurt and announced his intention of trying again as soon as the aeroplane is rebuilt.

Charles K. Hamilton made two short flights in the Baldwin biplane, with Leon Solomani as passenger. Captain Thomas S. Baldwin and George S. Russell also flew.

## FERRY AND FIREBOAT

BRISTOL, R. I., July 15.—The United States government placed an order today with the Herreshoff Manufacturing company for the construction of a combined ferry and fireboat to replace the steamer Wade at Newport. The boat will be used as a ferry boat between Newport and the naval training station, the Wade having become inadequate for the service and will also be fitted up with powerful pumps and engines so that she may be used as a fire fighter. She will be 182 feet long and 50 feet beam.

# BEAM HOUSE HEARING

## Petitioners Did Not Show How They Would Eliminate Odors

### Remonstrants Left in the Dark as to What They Had to Oppose—Judge Pickman, Frank E. Dunbar and Many Others Objected to Locating a Beam House on Perry Street—Board of Health Had Visited Beam Houses in Milwaukee and Chicago

A hearing having to do with the erection of a beam house by the American Hide & Leather company was held in the public hearing room at city hall last night. The hearing included the petitioners for a location in Perry street; the remonstrants to a beam house in Perry street and remonstrants to the re-location of the beam house in Howe street.

Fourth Vice President Hall of the American Hide & Leather company was the big noise for the company. The hearing was before the board of health, but Dr. Martin, chairman of the board, was not present.

The petitioners seemed so sure of their premises that they didn't even exhibit plans. It was expected that the company would have its engineer explain them. Plans were brought in during the hearing, but they were not referred to. The very same Mr. Hall said that he didn't know enough about the plans to explain them. He said something about not receiving proper notice of the hearing and that it was immaterial to him what the board had done. His trip to the hearing houses in the middle west—the burning house planned for Lowell was the best in the world.

Of course the petitioners had to take Mr. Hall's word for it, because there wasn't anything in sight in the way of proof, and it was very evident that Mr. Hall didn't think it was necessary to do very much arguing or explaining. The hearing was a "cart before the horse" proposition, anyway. The remonstrants were heard before the petitioners, an unusual procedure, and it put the remonstrants at a very great disadvantage.

Hon. John J. Pickman was a remonstrant and the first speaker. He said that the park commission had instructed him to appear in remonstrance to the projected building. Judge Pickman said it was pretty hard to argue when there was nothing tangible in the way of evidence in sight and he said he would argue from the fact that he knew there had been a beam house here that was a nuisance. He said he understood it was not necessary for the American Hide & Leather company to obtain permission from the board of health to build a beam house and if that was so he wondered why the company didn't go ahead and build it. He wanted information either from the board or from Mr. Hall but there didn't seem to be very much on tap.

"Is a beam house like a slaughter house or a piggery in that it is necessary to get a permit to operate it?" he asked.

"Yes," to operate a beam house a permit must be secured," said the chairman.

# LIMB OF TREE

## Fell But No One Was Injured

A large limb of a tree located at the corner of Chestnut and Ash streets fell with a crash into the street about nine o'clock this morning and if the limb had fallen a few minutes before, several children and two passersby would have been seriously injured or killed. Apparently the limb which fell was rotted away at the point where it was joined to the trunk of the tree.

The limb was about eight inches in diameter at the point where it broke off and when it struck the street the crash could be heard for about a quarter of a mile.

This is the third limb which has fallen from trees in this city within as many weeks. A few weeks ago a limb fell from a tree on the South common and one person was killed and several were injured. A little later a limb of a tree on the North common fell to the ground, but fortunately no one was hurt.

## TO TAKE ACTION ON C. T. A. U. CONVENTION

An important meeting of the Mathews is to be held Sunday morning, when the matter of being represented at the National C. T. A. U. meeting in Boston in August will be considered. There appears to be a well defined plan on foot to be represented at the meeting, and it is the opinion of some members that the society should participate in the parade to be held in conjunction with the big meeting. It is expected by President Gallagher that Sunday's meeting will be well attended. The newly elected officers will also be installed.

## HEINZE GETS DELAY

NEW YORK, July 15.—Arthur F. Heinze, brother of Augustus Heinze, the Montana copper man, today obtained a delay until July 27 in the execution of sentence of ten days imprisonment and \$250 fine imposed on him for impeding the administration of justice by the mutilations of the books of the United Copper company and the spiriting away of a witness.

# 6 O'CLOCK THE WAGE DISPUTE

## On the Pennsylvania Road Not Settled Yet

PHILADELPHIA, July 15.—With the manager of the Pennsylvania railroad and the leaders of the Brotherhood of Railway Trainmen and the Order of Railroad Conductors standing firm there were no developments today in the wage dispute which has now reached an acute stage. Negotiations were broken off today between the trainmen and conductors employed on the lines east of Pittsburgh, Buffalo and Erie when after two conferences between General Manager Myers of the company and the labor leaders a settlement was not reached.

Following the conferences the committee representing the men empowered a subcommittee of six headed by A. R. Garrison, president of the Order of Railroad Conductors and W. G. Lee, president of the Order of Railroad

Trainmen to call a strike whenever they deemed it necessary.

Mr. Garrison said: "It's all off. Nothing will come from us in the form of overtures. We are ready to go out and can stand it if the company can. There will be no compromise on our position."

The labor men declare that they do not propose to invoke arbitration as provided by the Erdman act but it is said in some quarters that the railroad company may take advantage of the Erdman act and appeal to the federal authorities to intervene in the settlement of the dispute. The trainmen and conductors demand that they be paid for ten hours work, the rate they are now receiving for eleven hours. They also demand better working conditions.

## SEN. DICK MEETS TAFT

BEVERLY, July 15.—Senator Dick came to Beverly this morning and will see President Taft this afternoon. While Senator Dick will talk over Ohio politics with the president he comes on his own initiative and will in no way represent the president in Ohio after his conference is over.

A delegation from the international school of peace will visit the president this afternoon to ask him to participate in a celebration in 1912.

Governor Quibby of New Hampshire has an appointment at the Taft cottage this afternoon to invite the president to New Hampshire. H. C. Emery, member of the tariff board, notified the president of his return from investigations in Europe today. It is likely that the president will confer with Mr. Emery while on his trip to Maine.

Miss Helen Taft left this morning for Murray Bay, Canada.

## YOUNG WOMAN KILLED

NEW YORK, July 15.—An odd accident, causing the death of a young woman, occurred here today when a sheet of window glass, loosened in washing, fell five stories and killed Miss Lena Phillips. She was almost decapitated.

## TO HELP CANADIAN CITIZENS

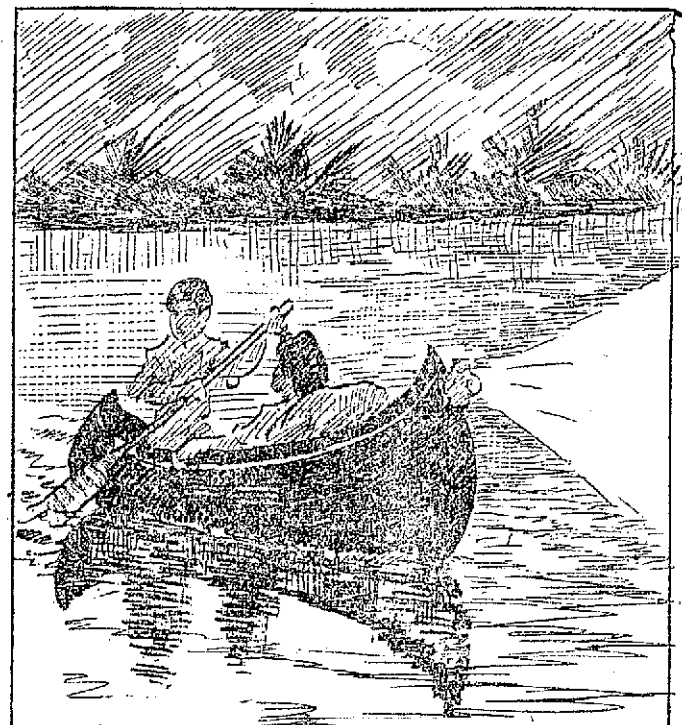

BOSTON, July 15.—As a result of a meeting of Canadian citizens of Boston at the city hall at noon today, Premier J. Douglas Hazen of New Brunswick was instructed to draw upon the committee for \$5000 to assist the people of Campbellton. Over \$1500 was received at the meeting. Mayor Fitzgerald was authorized to appoint a committee to receive contributions.

## IN RECEIVER'S HANDS

NEW YORK, July 15.—The Maxwell Bros. Co., box manufacturers, was placed in the hands of a receiver by Judge Carpenter in the United States district court today at the request of the Red River Lumber Co. The company's liabilities are said to be more than \$200,000 and the assets claimed to be \$16,000.

# RIVER ILLUMINATED

## Motor Boats and Canoes Respected Law Last Night

ALL BOATS ON THE MERRIMACK LAST NIGHT WERE WELL SUPPLIED WITH LIGHTS.

## Stringent Law Relative to Motor Boats Was Signed by President Taft On June 7—It Requires All Boats to Display Three Lights

A visitor along the banks of the Merrimack river last evening would think that some gala occasion was being observed, for up and down the river, on nearly every motor boat, canoe and boat house raft was illuminated, and the spectacle was quite pleasing to behold.

Until the publication in The Sun yesterday of the federal laws relative to lights on craft on inland government rivers a majority of the canoe and motorboat owners never knew that there was any law governing them, particularly the canoes. But as was stated in yesterday's Sun all rafts and boats propelled by hand, power, horse power or by the current of the river must show at least one fixed white light at night.

The laws published by The Sun yesterday were the regular navigation laws applicable to all vessels on navigable waters. Since their enactment the boat came into vogue and only a month ago June 7th President Taft signed a new federal law relative to motorboats which is much more stringent than the old navigation laws and which is printed in full below. Under the new law every kind of a motorboat must have three lights while some must be equipped with lights and some with a red light.

The penalty for violation of the new law is a fine of not more than \$100 while the owner thus fined may have his boat confiscated by the government.

The new law relative to motorboats is as follows:

AN ACT To amend laws for preventing collisions of vessels and to regulate equipment of certain motorboats on the navigable waters of the United States. Be it enacted by the senate and house of representatives of the United States of America in congress assembled, That the words "motor boat" where used in this act, shall include every vessel propelled by machinery and not more than sixty-five feet in length, except tugboats and towboats propelled by steam. The length shall be measured from end to end over the deck, ex-

cluding sheer. Provided, that the engine, boiler or other operating machinery shall be subject to inspection by the local inspectors of steam vessels, and to their approval of the design thereof, on all said motor boats, which are more than forty feet in length, and which are propelled by machinery driven on by steam.

Sec. 2. That motor boats subject to the provisions of this act shall be divided into classes as follows:

Class one. Less than twenty-six feet in length.

Class two. Twenty-six feet or over and less than forty feet in length.

Class three. Forty feet or over and not less than sixty-five feet in length.

Sec. 3. That every motor boat, in all weathers from sunset to sunrise, shall carry the following lights, and during such time no other lights which may be mistaken for those prescribed shall be exhibited.

(a) Every motor boat of class one shall carry the following lights:

First. A white light aft to show all around the horizon.

Second. A green light on the fore part of the beam or lower than the white light aft showing green to starboard and red to port, so fixed as to throw the light from right ahead to two points abaft the beam on either side.

(b) Every motor boat of class two and three shall carry the following lights:

First. A bright white light in the fore part of the vessel as near the stem as practicable, so constructed as to show an unbroken light over an arc of the horizon of twenty points of the compass, so fixed as to throw the light from right ahead to two points abaft the beam on either side.

Class two. Sixteen square inches.

Class three. Twenty-five square inches.

On and after July first, nineteen hundred and eleven, all glassos or lenses prescribed by paragraph (b) of section 3 shall be framed or fitted. The said lights shall be fitted with inboard screens of sufficient height and so set as to prevent these lights from being seen across the bow and shall be of not less than the following dimensions on motor boats of—

Class two. Eighteen inches long.

Class three. Twenty-four inches long.

Provided that motor boats as defined in this act when propelled by sail and machinery or under sail alone shall carry the colored lights suitably screened but not the white lights prescribed by this section.

Sec. 4. (a) Every motor boat under the provisions of this act shall be provided with a whistle or other sound producing mechanical appliance capable of producing a blast of two seconds or more in duration, and in the case of such boats so provided a blast of at least two seconds shall be deemed a prolonged blast within the meaning of the law.

(b) Every motor boat of class two or three shall carry an efficient fog horn.

(c) Every motor boat of class two or three shall be provided with an efficient bell, which shall be not less than eight inches across the mouth on board the vessels of class three.

Sec. 5. That every motor boat subject to any of the provisions of this act, and also all vessels propelled by machinery other than by steam, more than sixty-five feet in length, shall carry either life-preservers or life belts or buoyant cushions, or ring buoys or other device to be prescribed by the secretary of commerce and labor sufficient to sustain afloat every person on board and so placed as to be readily accessible.

All motor boats carrying passengers for hire shall carry one life-preserver of the sort prescribed by the regulations of the board of supervising inspectors for every passenger carried, and no such boat while so carrying passengers for hire shall be operated or navigated except in charge of a person duly licensed for such service by the local board of inspectors. No examination shall be required as the condition of obtaining such a license, and any such license shall be revoked or suspended by the local board of inspectors for misconduct, gross negligence, recklessness in navigation, incompetence, or violation of law on the part of the holder, and if revoked the person holding such license shall be incapable of obtaining another such license for one year from the date of revocation. Provided, that motor boats shall not be required to carry licensed officers except as required in this act.

Sec. 6. That every motorboat and also every vessel propelled by machinery other than by steam, more than sixty-five feet in length, shall carry ready for immediate use the means of promptly and effectually extinguishing burning gasoline.

Sec. 7. That a fine not exceeding one hundred dollars may be imposed for any violation of this act. The motor boat shall be liable for the said penalty and may be seized and proceeded against, by way of libel, in the district court of the United States for any district within which such vessel may be found.

Sec. 8. That the secretary of commerce and labor shall make such regulations as may be necessary to secure the proper execution of this act by collectors of customs and other officers of the government. And the secretary of the department of commerce and labor may, upon application therefor, remit or mitigate any fine, penalty or forfeiture relating to motor boats except for failure to observe the provisions of section six of this act.

Sec. 9. That all laws and parts of laws only in so far as they are in conflict herewith are hereby repealed, provided that nothing in this act shall be deemed to alter or amend acts of congress embodying or revising international rules for preventing collisions at sea.

Sec. 10. That this act shall take effect on and after thirty days after its approval.

broken light over an arc of the horizon of ten points of the compass, so fixed as to throw the light from right ahead to two points abaft the beam on the starboard side. On the port side a red light so constructed as to show an unbroken light over an arc of the horizon of ten points of the compass, so fixed as to throw the light from right ahead to two points abaft the beam on the port side. The glasses or lenses in the said side lights shall be of not less than the following dimensions on motor boats of—

Class two. Sixteen square inches.

Class three. Twenty-five square inches.

On and after July first, nineteen hundred and eleven, all glassos or lenses prescribed by paragraph (b) of section 3 shall be framed or fitted. The said lights shall be fitted with inboard screens of sufficient height and so set as to prevent these lights from being seen across the bow and shall be of not less than the following dimensions on motor boats of—

Class two. Eighteen inches long.

Class three. Twenty-four inches long.

Provided that motor boats as defined in this act when propelled by sail and machinery or under sail alone shall carry the colored lights suitably screened but not the white lights prescribed by this section.

Sec. 4. (a) Every motor boat under the provisions of this act shall be provided with a whistle or other sound producing mechanical appliance capable of producing a blast of two seconds or more in duration, and in the case of such boats so provided a blast of at least two seconds shall be deemed a prolonged blast within the meaning of the law.

(b) Every motor boat of class two or three shall carry an efficient fog horn.

(c) Every motor boat of class two or three shall be provided with an efficient bell, which shall be not less than eight inches across the mouth on board the vessels of class three.

Sec. 5. That every motor boat subject to any of the provisions of this act, and also all vessels propelled by machinery other than by steam, more than sixty-five feet in length, shall carry either life-preservers or life belts or buoyant cushions, or ring buoys or other device to be prescribed by the secretary of commerce and labor sufficient to sustain afloat every person on board and so placed as to be readily accessible.

All motor boats carrying passengers for hire shall carry one life-preserver of the sort prescribed by the regulations of the board of supervising inspectors for every passenger carried, and no such boat while so carrying passengers for hire shall be operated or navigated except in charge of a person duly licensed for such service by the local board of inspectors. No examination shall be required as the condition of obtaining such a license, and any such license shall be revoked or suspended by the local board of inspectors for misconduct, gross negligence, recklessness in navigation, incompetence, or violation of law on the part of the holder, and if revoked the person holding such license shall be incapable of obtaining another such license for one year from the date of revocation. Provided, that motor boats shall not be required to carry licensed officers except as required in this act.

Sec. 6. That every motorboat and also every vessel propelled by machinery other than by steam, more than sixty-five feet in length, shall carry ready for immediate use the means of promptly and effectually extinguishing burning gasoline.

Sec. 7. That a fine not exceeding one hundred dollars may be imposed for any violation of this act. The motor boat shall be liable for the said penalty and may be seized and proceeded against, by way of libel, in the district court of the United States for any district within which such vessel may be found.

Sec. 8. That the secretary of commerce and labor shall make such regulations as may be necessary to secure the proper execution of this act by collectors of customs and other officers of the government. And the secretary of the department of commerce and labor may, upon application therefor, remit or mitigate any fine, penalty or forfeiture relating to motor boats except for failure to observe the provisions of section six of this act.

Sec. 9. That all laws and parts of laws only in so far as they are in conflict herewith are hereby repealed, provided that nothing in this act shall be deemed to alter or amend acts of congress embodying or revising international rules for preventing collisions at sea.

Sec. 10. That this act shall take effect on and after thirty days after its approval.

WACO, Tex., July 15.—H. G. McHarg of Stamford, Conn., who recently sold his belongings in the Texas Central railroad has notified the present manager of the road that he will pay a year's salary to all employees who have been in the service of the road for 25 years and to every conductor, agent, brakeman and porter, a month's salary.

KILLED INSTANTLY  
FOSTORIA, O., July 15.—Grasping the two wires of a cut-off switch with which he had playfully intended to electrocute a mischievous big Charles Noble, night engineer at the Standard Power company, was instantly killed last night, 3,000 volts passing through his body.

TRACES OF POISON FOUND  
LONDON, July 15.—While the police authorities were exhausting their resources today to lay hands on Dr. Hawley Crippen, the American, and his woman typist, physicians were examining the muffled body of his wife with a view to determining the manner in which the murder was done.

The finding in the cellar of a revolting gave rise this afternoon to the report that the vaudeville artist had been shot before the body was battered into an unrecognizable mass and buried in quicklime in the cellar of the Crippen home at Hilldrop Crescent, North London.

It was also reported that traces of poison had been found by the doctors. The latter will present their theories as to the cause of death at an inquest to be held tomorrow.

It has been a long time since a murder has attracted such general attention. The fact that the murdered woman was an American, as is the husband, who is charged with the crime, has spurred the police to unusual activity. The full force of Scotland Yard is under the personal direction of Suplt. Forrest is making a thorough search for the fugitive doctor and Miss Ethel Clara Leneve that they believe will be successful. Miss Leneve was employed by Dr. Crippen as a typist. It is stated that Mrs. Crippen objected to the presence of the young woman in her husband's office and that his refusal to dismiss her led to frequent quarrels between husband and wife.

Soon after Mrs. Crippen disappeared Miss Leneve appeared in public with Dr. Crippen, who introduced her as his wife. To acquaintances the doctor explained that his former wife had left him following a quarrel and that she had subsequently died.

The police say that Crippen and Miss Leneve left the Crippen home together some time in the latter part of last week. They are still convinced that the two fled the country, sailing for the United States or to the continent. At the same time both are reported having been seen in different parts of this country and if the authors of these reports are not mistaken the two have separated. If this is the case the police believe that they separated in the hope of avoiding detection.

The officials have notified the authorities at every port to which steamers have recently sailed from this country of the possibility that Dr. Crippen and Miss Leneve will be found among their passengers and have asked for their arrest. The police are following every clue throughout Great Britain.

Warnetta's Willow Dale Tonight.

MATRIMONIAL  
The marriage of Mr. Andrew A. Dolan and Miss Catherine McGlone, an estimable young couple of Bolydere, took place yesterday afternoon at the parish residence of the immaculate Conception church. Rev. George I. Nolan, O. M. I., performing the ceremony. The bride was attended by Miss Anna A. Cassidy, and the best man was Frank H. McGlone, a brother of the bride. The bride wore cream colored silk and carried lilacs of the valley. The bridegroom was attired in yellow silk. After the marriage, a reception was held at the home of the bride, 222 East Merrimack street, to immediate relatives only, and the happy couple departed in the early evening on their honeymoon, which will be enjoyed at the watering places about New York. They were the recipients of many beautiful and costly wedding gifts. Upon their return they will reside at 222 East Merrimack street.

# FIREMEN OVERCOME

## Blaze in New York Caused a Loss of \$100,000

NEW YORK, July 15.—Nine firemen were overcome by ammonia and smoke in a two alarm fire which started in the storage warehouse of Lind & Son, shortly before last midnight, and was not under control until some three hours later. The warehouse on Jay street is in the very center of a district filled with commission houses, storage of houses and shops, which contained millions of dollars worth of inflammable material and the firemen worked very hard to confine the flames to the building in which they started. The loss was about \$100,000, to which may be added a considerable loss to dealers in perishable fruits and vegetables, arising from the fact that the commission merchants doing business near the scene of the fire could not reach their places of business inside the fire lines in many instances for several hours.

# STEAMER SEARCHED

## Dr. Hawley Crippen, Wanted For Murder, Not Found

NEW YORK, July 15.—The first of the big liners on which it was thought Dr. Hawley Crippen might reach here from England, whose police have requested his arrest, passed up the bay early today after having undergone a search at quarantine which failed to reveal any sign of the American physician whose wife was found murdered in his London home. The steamer was the big Lusitania which left England on Saturday when Dr. Crippen was supposed to have taken passage for this country in company with a young woman named Ethel Clara Leneve, formerly the doctor's stenographer.

The steamer St. Paul due from Southampton some time tomorrow; the Celtic, due from Liverpool on Sunday, and all other steamers from English ports reaching here within the next few days, will be searched by the New York police. German lines which touch at an English port will be searched by the Hudson police on their landing in that city and no avenue of entrance to this country will be neglected in the effort to apprehend the fugitive.

On notification of the police from Trenton, N. J., a detective was despatched to Trenton today to examine the body of an unidentified man who shot himself in that city yesterday in a baseball park. The man resembled Dr. Crippen in many particulars being about the doctor's age and stature and wearing a short moustache which appeared to have been trimmed recently. Crippen had a long moustache of dark brown when he left London.

Warnetta's Willow Dale Tonight.

BANKERS TAKE ACTION  
DENNISON, Tex., July 15.—Following the receipt of news here that the credit institutions in the east and in Europe have declined to advance money on cotton bills of lading it was stated today that the Texas Bankers Association will ask Governor Campbell to recommend a special law making the railroads directly responsible for the acts of their agents.

## NATURALIZATION BUREAUS ARE TO BE INVESTIGATED

CONGRESSMEN GOLD FOGLE AND BENNET

NEW YORK, July 15.—To become a citizen of the United States is such a strenuous job that Congressman William S. Bennet and Congressman Goldfogle of New York are making an investigation of the naturalization bureaus throughout the country. Complaints have been filed with federal officials that the naturalization bureaus have surrounded their work with so much red tape that it requires much

patience on the part of a would be citizen to secure his final papers. Congressman Bennet, who is a member of the national immigration commission, will make a tour of the United States and Mexico and file his report at the next meeting of congress. Congressman Bennet, now that William Loeb, Jr., has said that it costs too much to be governor of New York, is the most prominent candidate for the head of the republican state ticket.

## A DEATH THREAT

**Stops Strike Breakers  
From Going Out**

RUTLAND, Vt., July 15.—Threatened with death if they made another trip on the patrol train of the Delaware & Hudson railroad between Whitehall, N. Y., and Rutland, the gang that has been doing repair work since the strike of the section men has refused to go out of Fairhaven, where the men are living in cars. The strike breakers have been warned that if they continue to work they will be killed. Most of them are Italians. The patrol train, which makes daily trips over the road, is in charge of Deputy Sheriff J. H. Polley of Fair-

haven. Only two men now go out with the train to do the repair work. Before the strike breakers became frightened the train carried 14 laborers. None of the local strikers have resumed work.

## THE HIPPODROME

**BIG CROWDS ARE THE ORDER AT  
THE HIPPODROME**

Washington Park under the new management seems to be prospering, and nightly large audiences witness the performance. The program offered for the last half of this week is one of excellence, comprising the following acts: the Italian Troubadours, Mead and Troy, Benetola, Edwards and Codaira, McFall's trained dogs, illustrated songs, motion pictures and the music by Boston's Greater Ladies' orchestra.

Next Sunday night there will be a concert in the park and five reels of the latest moving pictures will be shown, also illustrated songs by the very best singers obtainable.

To the holder of the lucky coupon each night the management is giving away, free of charge, one dozen photographs. These pictures are made by the Marion studio.

The admission on Sunday night is 10 cents and seats free. The lucky winner of the dozen cabinet pictures last night was Miss Mildred B. Merrill of Somerville, who is visiting in this city, and who won the order on Marion's studio for the taking of her photographs.

## GILBRIDE'S BIG SALE

**GREAT BARGAINS BEING OFFERED TO CUSTOMERS**

The immense sale now going on at the Gilbride department store is a big success. Twenty-five cents may not be much but it buys more goods at this sale than ever offered before. People are flocking to the place from every section of the city and suburbs and it is surprising how quickly they get their eye on a sale of this kind. The clerks have been increased in number and they are all kept as busy as bees dealing out these great bargains to the public. All you want to do to get the people started is to give them real bargains. Economy seems to be the watch word with everybody and this economy sale is carried out to the letter. You needn't take our word for it, but just call at the store and you will find that you can save a day's pay so easily that it will seem like picking it up on the street. The sale will continue the rest of the week.

## WOLGAST-MORAN BOUT

SAN FRANCISCO, July 15.—Promoter James Coffroth has arranged plans for staging in San Francisco the last of August a twenty round boxing contest between Champion Ad Wolgast and Owen Moran. Coffroth has the promise of the managers of both men, but the date is uncertain because Manager Jones is not certain when Wolgast's arm will be strong enough. Coffroth says he has assurance that the fight game will be resumed in San Francisco just as it was before the recent spasm of anti-pugilism broke out. Coffroth also is considering pulling off some fights in Reno, where hotel and restaurant keepers, gamblers and merchants are eager to welcome another fight crowd.

## IS HELD PRISONER

HOUSTON, Texas, July 15.—J. Burghelm, father of Dr. Clarence Burghelm, reported to be held a prisoner by the Madrid forces in Nicaragua, said last night that he had not heard from his son for some time. At last report the doctor was stationed at Principulka where it is reported he was captured. Dr. Burghelm, who is unmarried, has been in Nicaragua for eight years. He was appointed chief of the sanitary division by General Estrada last October with the rank of colonel. He had entire charge of the sanitary work since.

## THE PORTSMOUTH TREATY

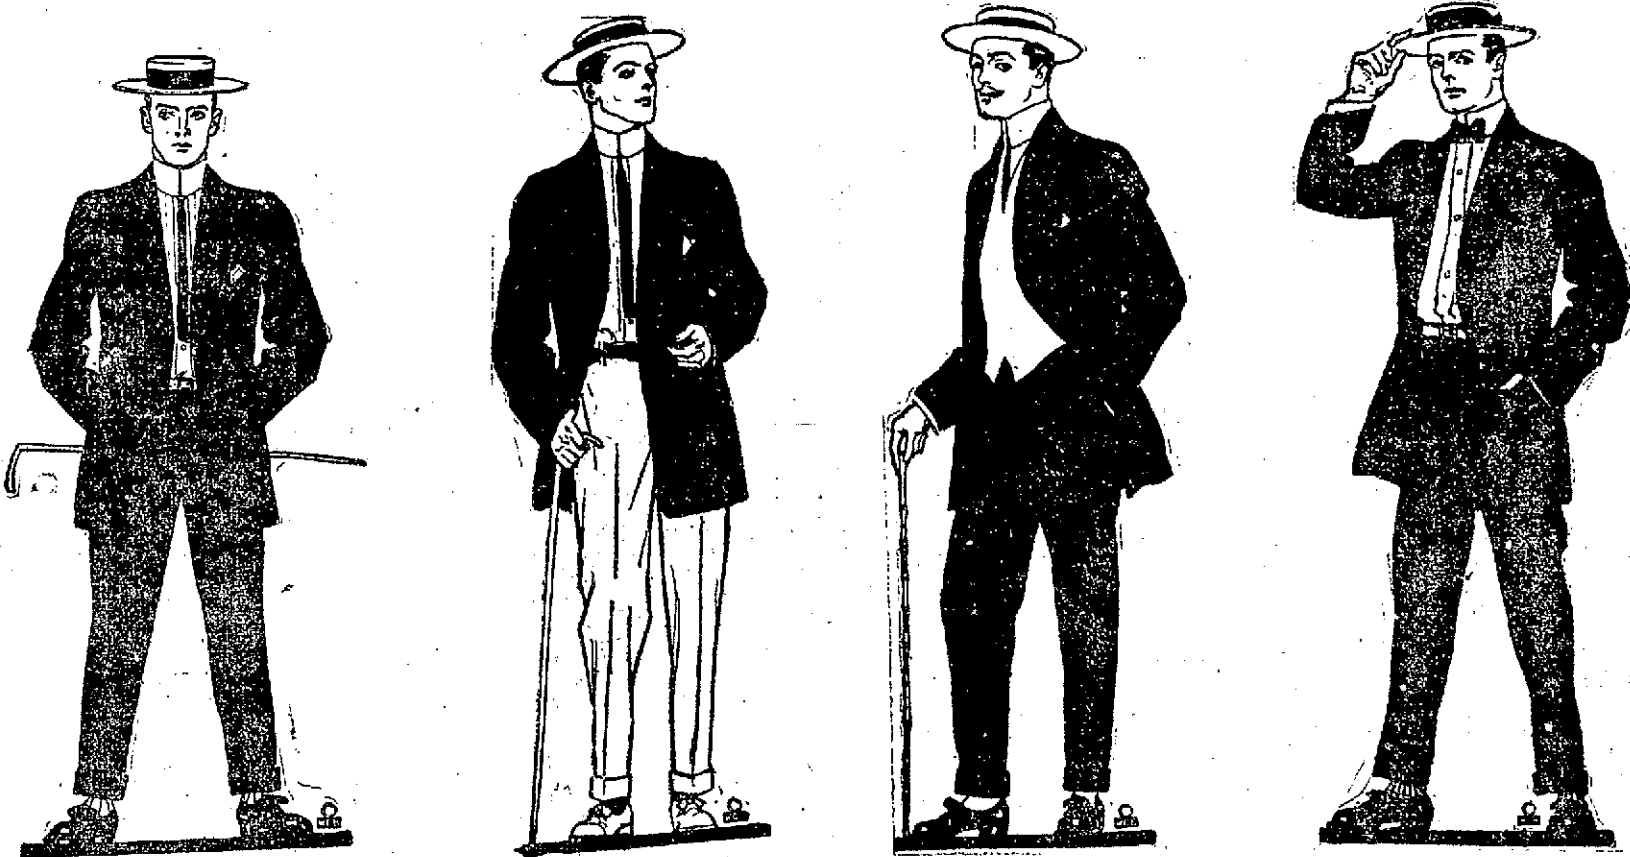

PEKING, July 15.—In acknowledging the receipt of the text of the Russo-Japanese convention which was presented to the foreign office by the diplomatic representatives of the contracting parties yesterday, China will express her satisfaction over the avowed purpose of Russia and Japan to adhere to the terms of the Portsmouth treaty. The government will, further express pleasure over the mutual pledge for the maintenance in Manchuria of the principle of the open door for commercial development.

## GIRL A FIREBUG

She Says Moving Pictures Suggested Crime to Her

NEW YORK, July 15.—Twelve-year-old Ethel Allen confessed yesterday in the children's court that she had twice this week set fire to the apartment house at 428 East One Hundred and Thirty-eighth street, and that the reason she had done so was because she had seen such things pictured on the screen of a moving picture theatre. Ethel admitted that it was she who had written a threatening letter which was found tied to the door knob of her father's apartment, and in which she demanded \$50 as the price needed to keep her from burning up the house and everybody in it. She also told the

Black Hand part of her statement to moving pictures.

Monday a fire was started in some rubbish that had been placed by the girl in the hallway on the second floor. The fire was discovered by a tenant and was extinguished without the aid of the firemen. The next day a second fire was started near the same place. Again the tenants were able to put it out before the firemen arrived.

An investigation was begun, and little Ethel confessed. "I saw a moving picture where there was a fire and people were rescued," the child sobbed to Detective Brown, "and I also saw one where the Black Hand tried to get money. I don't know why I did it, but I did not mean to do wrong."

Ethel was paroled in the custody of her father.

Deputy Fire Marshal De Maignon reported that he had handled a number of similar cases recently. Almost daily some juvenile prisoner is brought before the children's court for a misdemeanor or violation of the law whose act was inspired by moving pictures.

Since June 1 there have been between 35 and 40 convictions of the managers of moving picture shows for allowing children under 16 years of age to attend their places without parents or guardians.

Do you cook with gas? Your neighbors do! Why? Read the answer on your thermometer.

### TRAIN DERAILLED

ALBANY, N. Y., July 15.—An east bound freight train on the Boston and Maine railroad was derailed between Coler and Ushers, east of Mechanicsville, early today, blocking both tracks and delaying traffic. No one was injured.

### AT LAKEVIEW PARK

A thrilling exhibition of autos passing high in the air will be presented by the "Fearless Greggs" every afternoon and evening next week at Lakeview park. All the performances are free. The Greggs come fresh from a long engagement with the Ringling Bros. circus, where they established a tremendous reputation. They are without question the leading aerial acrobats in the country.

The act of autos passing in the air is one which has never been seen in New England before except in a circus. Two inclines 75 feet above the ground and more than 100 feet long face each other with counter inclines at the bottom of each. The tops of the two counter inclines are about 15 feet apart.

The Greggs are lifted in their autos to the top of the incline, one on one incline and the other on the other. At the crack of a whip they dash down the inclines at the same instant, making terrific speed. Like a flash they dash up the counter inclines and then comes the most spectacular part of the whole act.

One of the Greggs turned a complete somersault in the air, while the other in his auto is dashing a few feet beneath him. Both land flat on the ground in their machines and are not even jarred by their experience. From a distance the spectacle of the two autos in the air is especially thrilling. It will be by far the most sensational act seen at Lakeview park this season.

The dangers of the leaps through the air appear very great, but the Greggs assure people that the dangers are so slight as not to be worth mentioning. They have been performing the feat for some years now and never once has there been even an approach to an accident. It is no easy matter to guide the machines first down the steep, narrow incline and then through the air to a safe position on the ground.

When the Greggs were members of the Ringling circus troupe they scored hits all over the country. Now that they are performing independently they have so many offers for performances all over the country that they cannot accept them all. They are to appear at Lakeview park next week as a special favor to the Boston & Northern Street Railway company.

Seeing it is doubtful if the Greggs appear north of Boston again this season after their engagement at Lakeview park is completed, everyone who can appreciate circus acts of a startling and novel character is invited to Lakeview some afternoon or evening next week. All the performances are free.

## THE B. H. HEARING

Continued

Mr. Pickman said it was known to people of Belvidere that the beam house in Howe street was a nuisance, and yet for years this nuisance was continued unmolested and whether the new building is to be the same in character we do not know, but it is proposed to erect a beam house, in some at least, in another part of the same section.

"Isn't it fair that we should have some of the knowledge which you of the board of health have, relative to the construction of this new beam house? The public has a right to know what we are to have in the way of a revised, improved, odorless beam house," said Mr. Pickman.

Mr. Hall said that a building would be erected that would not prove offensive to any person or persons. He said that as an officer of the American Hilde & Leather company, you would vote against expending a dollar for the erection of a beam house unless he knew that it would prove unobjectionable, and right here he remarked that he did not understand that the petitioners were to produce the plans.

Judge Pickman said that respondents could not be expected to go ahead and make a case until they knew what was being planned.

James F. Miskella asked Mr. Hall how many beam houses his company had in the country, and Mr. Hall said 18. He was then asked how many of these were odorless and Mr. Hall said "none of them is odorless; several of them do not give an objectionable odor five feet from the building."

Mr. Miskella wanted to know how many of the 18 beam houses were absolute sanitary and Mr. Hall said he did not consider any one of them to be thoroughly up-to-date, although none had proved objectionable.

Mr. Edward J. Gallagher as a remonstrant, objected to the manner in which the hearing was held. The remonstrance was not noticed and the hearing was in hot weather when the hearing was held. The petitioners who signed the petition against a beam house on Perry street were out of town. The half holiday caused more to be absent.

The remonstrants not having any explanation of the plans for the new building made speech of beam houses as they know them in Massachusetts and as they have known one in Lowell.

If the American Hilde & Leather company can conduct an odorless beam house why remove the business from Howe street? But we are not convinced that they can, they have not come here to prove that they can and hence I am opposed to locating a new beam house either on Howe street or on Perry street.

All we have been able to gather about the proposed building is, that it will have concrete floors and steel tanks. Will that eliminate the odors? We do not believe so. There must be something else, but the petitioners do not explain just how they will eliminate the odors.

We want to be convinced and this board should be convinced so that no beam house may be located on Perry street, that will injure Fort Hill park as a public resort, that will leave the Rogers Hall school empty, that will affect the Moody school and damage property in the vicinity as the beam house damaged property on Fayette street and Howe street.

He cautioned the board that it would be an outrage against the community to permit an offensive plant to be located in the vicinity of Fort Hill park, in a thickly settled district. He hoped the board would not go back on its record of condemning a nuisance on Howe street only to move it to a different locality. He believed the new beam house should be outside the residential district where it would not injure the public health or damage property.

Frank E. Dunbar, Esq., said that the proprietors of the Bay State mills apprehended, several months ago, when the matter of removal of the plant to Perry street was projected, that the odors would prove very costly to that concern.

"The American Hilde & Leather company," he said, "labored under a bad record for many years and they were entirely complacent when injuring other people's property. I do not mean to say they were dishonest, but people were constantly menaced by the

odors from the beam house in Howe street.

"Now if the company is in that state of humility and repentance where a proper building can go up, then we will abide by the decision of the health board. But we ask that you protect us from any possible result from the location of the plant in the proposed place. I do not know that the beam house proposed will be offensive. I suppose the board knows we look to the board for protection."

Lawrence Cummings asked the chairman if during the board of health's trip through the west the board had found any odorless beam houses.

"Not odorless, but we visited several in Milwaukee. One of these was Trusler's beam house. In front of this was a public park similar to Fort Hill park. The thermometer was 96. We went to see Dr. Rucker, who had cleaned up San Francisco, and we asked him about it, and he said it was not unhealthful. But there was very little odor outside of the building. We visited many residences nearby and found no complaint against the beam houses."

"If a beam house should be sanctioned and \$100,000 be expended in connection and the odors should then exist, has the health board any power to restrict it?" asked Mr. Dunbar.

"I contend that it would," answered Mr. Murphy.

Mr. Hall said: "I shouldn't want to build a beam house outside of the town and then cart the products through the Belvidere section just for the reason that there has been objection to the Howe street house, only it would be objectionable in an infinitely greater degree. I should certainly object to doing this when I believe that an odorless beam house can be built in the city."

Mr. Hall said the new house would be at the rear of the present factory in Perry street, with the roof on a level with the first floor of the main building.

Speaking of the responsibility of the board of health, Judge Pickman said that the public, whom the board represents and by whom they are paid, should not only give all the information possible to the public, but should seek to protect the public at every turn. "There is a very great responsibility resting on you in this affair," he said, "and you should do everything that can be done, even to the calling in of an expert so that you may justify yourselves in any action taken."

Daniel J. Donahue said that as a citizen of Lowell he objected to the erection of a beam house in Perry street. He said the nuisance had been allowed to remain in Howe street until the odors became so strong they drew down the old building. He said that the rights of the people should be respected, and he didn't know of anything more uncomfortable than a malodorous beam house. "The stench from Howe street," he said, "used to follow me home." He urged the hiring of an expert examiner to find out if there would be a recurrence of the odors.

James F. Miskella said that the residents of the Perry street section would be discommodated by the new beam

### THEATRE VOYONS

The new program shown yesterday for the first time in Lowell at the Theatre Voyons was a success in every way. Each of the pictures was well staged and their stories interesting and well told. "A Wireless Romance" introduces the now familiar wireless telegraph in a novel manner and its effect on the love story of the hero and heroine is great. "By the Faith of a Child" shows one of the cleverest child actresses in the world at her best and the story is one that appeals to every one. "Love Ye One Another" is an excellent subject issued by Pathe Freres and its moral is one of the best yet seen in pictures. It introduces several dramatic climaxes and will be appreciated by all. The musical program is an exceptionally good one.

### FATALLY BURNED

CHILDREN IGNITED THEIR MOTHER'S CLOTHING

FALL RIVER, July 15.—Mrs. Catherine Lundy of 333 Pine street died at the City hospital at 8 last night of burns received yesterday. She was conscious almost to the last and suffered great agony. Mrs. Lundy was the wife of Peter Lundy and was 35 years old.

From what can be learned from the children, of which she has four, who were in the house at the time, Mrs. Lundy was asleep on a lounge, which the children, who were playing with matches, accidentally set on fire.

The sleeping woman's clothing was ignited, and she rushed into the lament of her neighbor, Mrs. Jean Cabret, enveloped in a mass of flames. Before these were extinguished the woman had been burned from head to foot. She was taken to the City hospital.

Do you cook with gas? Your neighbors do! Why? Read the answer on your thermometer.

SUN BUILDING, MERRIMACK SQUARE, LOWELL, MASS.

Member of the Associated Press

THREE DOLLARS PER YEAR. TWENTY-FIVE CENTS PER MONTH

The sworn daily average circulation of The Lowell Sun for the year 1909 was

16,828

Sworn to by John H. Harrington, proprietor, Martin H. Reidy, business manager, and Alfred Pilotte, pressman, of The Sun, before me, January 1, 1910. J. JOSEPH HENNESSY, Notary Public.

This is by far the largest average circulation of any newspaper in Lowell.

It would be too bad to stop the auto races on mere sentiment.

If Mr. Bryan, as is reported, is out for prohibition he should enter the prohibition party. Indeed, it would not be surprising to see him toying with the prohibition nomination before 1912.

## ABOUT BLEACHED FLOUR

Thanks to the vigilance of the government authorities in looking out for the adulterations of food, a new and ingenious mode of adulteration has been discovered and convicted so promptly that the inventors will probably abandon their scheme of making money on "bleached" flour.

The government last year seized a quantity of bleached flour shipped by the Wellington mills of Kansas to New Orleans. The case came up in court and the government presented sufficient evidence to show that the flour had been subjected to the process of bleaching in order to make it a creamy white. It was also shown that this process injured the flour by introducing nitrites which the physicians, like Dr. Wiley of Washington, declared to be injurious. The bread made from bleached flour does not taste well; it does not respond to the rising process so readily and it is not so digestive as the bread made from ordinary unbleached flour.

The manufacturers of the bleached flour questioned the constitutionality of the pure food law, but in this way they were overruled. What is known as "patent" flour is the finest of the flour, "straight" is all of the flour and "clear" is all of the flour except the "patent." Now the object of the bleaching process was to take flour with a large percentage of "clear" and make it so white that it will pass for "patent." Peroxide of hydrogen gas is a strong bleaching agent. For the purpose of bleaching flour it was produced in a box in which electrodes are mechanically made to approach and recede. When electrified the gas is drawn into a chamber through which the flour is agitated until it becomes a creamy white as contrasted with the bluish white of the natural "patent" flour. The government experts proved very clearly that the flour in the first place inferior was very much worse after it had been bleached. It took up less moisture from the yeast, digested more slowly and carried into the system nitrites that retarded the process of oxidation in the blood.

It is not very probable that many other manufacturers will take the risk of putting out bleached flour, but, nevertheless, the inventor, one Mr. Alsop, will feel greatly disappointed if after spending a long time on his invention he will have to throw it aside as worthless. Purchasers of flour should exercise due care so as not to be imposed upon and pay the price of "patent" flour for the bleached and unhealthy counterfeit.

## THE LAWRENCE DISGRACE

Every neighboring city must sympathize very deeply with the city of Lawrence in the disgrace that has come upon her in the conviction of her mayor and several other officials on the charge of conspiracy to bribe public officials. There will be much sympathy also for Mayor White in the sweeping severity of his sentence, although no real act of bribery was proven against him. It seems, however, that from the testimony of a couple of men who turned state evidence in order to secure immunity for themselves, the mayor was entangled in the net in such a way that it became impossible for him to escape.

Mayor White had the habit of making very bitter attacks upon those whom he considered his political adversaries, and this, of course, ensured him a lot of bitter enemies who, when the opportunity offered, were glad to see him indicted and convicted.

The whole unfortunate and disgraceful occurrence bears a wholesome lesson not only for the city of Lawrence but for other cities in the danger of elevating to office any man who adopts sensational campaign methods to delude the people or any man whose chief platform is a grudge even though he protests his devotion to the people, promises all kinds of reforms and denounces existing conditions as rotten and corrupt. If elected such men usually succeed only in keeping up continual turmoil in the conflict for power and office, a turmoil that sometimes ends, as in the present case, in placing an indelible stigma upon the name and fame of the city that listened to the blandishments of freak candidates while ignoring the candidacy or the availability of men of whose capacity, probity and honor there could be no question.

The experience of Lawrence should have its effect with cities that have a weakness for so called freak candidates, instead of level-headed, well balanced, capable and experienced men who could be relied upon on all occasions to honor by their administrative acts not only themselves but the cities that elevated them to office.

The wisdom or the foolishness of the entire electorate in any city is reflected in the status of the man selected for mayor. If he be a public disturber, a self-seeking demagogue, a grafter, a gambler or a cunning political humbug, his election proves that the voters have made a grievous mistake, that they have been hoodwinked and bluffed by oily-tongued harangues or else that they have but little conception of the responsibility resting on their shoulders in selecting the chief executive of their city. If on the other hand they select a man of recognized ability, experience and integrity, then they can rest assured that the business affairs of the city, its honor and good name will under all conditions be safeguarded and protected.

The people of Lawrence had one year of Mayor White, a year of incessant and fruitless political strife that served only to demoralize the municipal departments and disgust decent citizens. In spite of this, however, the voters reelected him and the result is seen in the sentence that removes him from the office at city hall to a cell at the jail. Will other cities learn from the bitter experience of Lawrence? That remains to be seen.

## SEEN AND HEARD

### OUR SUMMER CAPITAL

The glory of Reno is fading away. Since they pulled off the champagne "scrap," And the eyes of the nation are turning today To another red spot on the map; But the question that every one's asking, alas! Is one that is unanswered still, For some say it's surely at Beverly, Mass., And some say at Sagamore Hill. To Mecca the faithful go year after year, Their follies and sins to atone In the Kaaba, the spot to all Mussulmans dear, And with reverence kiss the black stone; So the Mussulmans here of political class Their duties would likewise fulfill If they knew whether Mecca is Beverly, Mass., Or the Kaaba's on Sagamore Hill.

To the Blarney stone there, though the weather be hot, They would faithfully, cheerfully coil. For this is the time the political pot For the feast is beginning to boil; At the forks of the road some are waiting to pass, While others rush on with a will, And some take the highway to Beverly, Mass., And some trail up Sagamore Hill.

The wall of the patriots sounds like a dirge: "Oh, where is the capital at?" While they try to determine if they will insure Or whether they'd better stand pat; But answer there's none, and they don't know, alas! If Mahomet is Teddy or Bill, Or whether to journey to Beverly, Mass., Or go charging up Sagamore Hill. —Richard Linthicum in New York World.

## Use TIZ-

### Smaller Feet

Sore Feet, Tender Feet and Swollen Feet Cured Every Time. TIZ Makes Sore Feet Well No Matter What Ails Them

Everyone who is troubled with sore, sweaty, or tender feet—swollen feet, smelly feet, corns, callouses or bunions can quickly make their feet well now. Here is instant relief and a lasting, permanent remedy—it's called TIZ. TIZ makes sore feet well and swollen feet are quickly reduced to their natural size. Thousands of ladies have been able to wear shoes a full size smaller with perfect comfort. It's the only foot remedy ever made which acts on the principle of drawing out all the poisonous acids and which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleanses them out and keeps them clean. It works right off. You will feel better the very first time it's used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is for sale at all druggists 25 cents per box or direct if you wish from Walter Luther Dodge & Co., Chicago, Ill.

## THE MOST BEAUTIFUL WOMEN IN THE WORLD

Ten years ago it might be truthfully said that the most beautiful and fascinating women lived in Paris. But ten years brings many changes in these days of almost magical advancement. Today it may be truthfully said that there are more beautiful women in the United States and Canada than in all of Europe. There's a reason of course, and that reason is a very simple one. The women of America have learned that without lustrous and luxuriant hair no woman, no matter how attractive her features or how graceful her form, can reach the perfection that the high standard of the present day calls for. The women of America have learned to take care of their hair. Since the introduction of Parisian Sage they have learned that filthy dandruff is unnecessary; that falling hair and itching scalp can be quickly stopped.

## WM. G. JORDAN

Has Big Job on His Hands

WASHINGTON, July 15.—William George Jordan has a big contract on his hands. As the first secretary of the house of governors it has fallen to his lot to keep peace and harmony among the various state governors of the United States, get them to meet once a year, get them to do something more than talk and make the organization one of some value to the country. The house of governors was started by Roosevelt when he was president. He called a meeting of gov-

WILLIAM G. JORDAN

ernors to discuss questions of national importance, and how the house of governors has been organized with the intention of dealing with conservation questions, interstate laws and other general government regulations.

## DERBY WINNER DEAD

LEXINGTON, Ky., July 15.—Wolfe, a famous thoroughbred stallion, sire of Derby winner of the 1910 Kentucky derby, died yesterday, aged 22 years.

## IN POLICE COURT

Small Docket Disposed of, Mostly Drunks

This morning's session of police court was a comparatively short one, there being but few offenders present.

In the case of Frank R. Wilder, charged with transporting intoxicating liquors through the town of Billerica on July 14th, counsel for the defense, William A. Hagan, asked for a continuance, which was granted. The case will be heard next Wednesday.

When the case of Thomas Whelan, charged with being drunk, was called Deputy Downey asked for a continuance till tomorrow, stating that the man had given a wrong name and he would like time to look up the man's record.

Bridget McDermott, an elderly woman, and denied that she was drunk despite the fact that Patrolman Thomas Motion testified otherwise. He said that he had noticed her intoxicated on several occasions and when she was under the influence of liquor she became boisterous. The arresting officer said that he took the woman into custody at the request of her husband. She was fined \$2.

John Trainor, charged with being drunk, was sentenced to the state farm, Patrick Curtin, James P. Walsh and Thomas McGovern were fined \$5 each. There were two first offenders who were fined \$2 each.

Joseph Backley who had been sentenced to two months in jail and appealed, appeared in court this morning for the purpose of withdrawing his appeal.

## WOMAN'S REPLY

To Suit Entered Against Her

WASHINGTON, July 15.—Mrs. Laura Cramer, a clerk in the state department, has filed in the district supreme court her answer to the suit brought by Dr. Lee M. Hurd of Greenwich, Ct., as conservator of the estate of Fenton J. Hurd, his grandfather, who had been adjudged by the courts of Connecticut incompetent to manage his own affairs. Dr. Hurd charged that the elder Hurd had given \$40,000 to Mrs. Cramer, and the court granted a

MRS. LAURA CRAMER

temporary injunction to prevent her from disposing of any of it until the suit was heard. Mrs. Cramer admits she got \$27,000 from the elder Hurd "because he was grateful for her care of him, which had been that of a daughter." Dr. Hurd's allegations of spook influences and occult demonstrations she denies. According to letters which accompanied the answer, Hurd wished to give \$12,000 to a Miss Hattie Smith, whom he wanted to marry. The Greenwich court was imposed on Mrs. Cramer declared, when it adjudged Hurd incompetent. The answer of Mrs. Cramer having sworn away the equities of the bill of complaint, Justice Stafford dissolved the restraining order which prevented her from drawing on her bank account. The order of the court does not dispose of the controversy, and Dr. Hurd will file a reply to the statement made by Mrs. Cramer.

## BIG WOOL DEAL

LEXINGTON, Ky., July 15.—The largest deal so far made by the Kentucky Woolgrowers' association was made yesterday when the pooled clip from fifteen counties was disposed of to a Louisville firm. The entire clip sold aggregated 150,000 pounds and the prices paid were 25.17 for first grade, 25 cents for second grade and 15 cents for third grade.

## OUR FOREIGN COMMERCE

WASHINGTON, July 15.—The foreign commerce of the United States in the fiscal year ending June 30 amounted to \$3,411,349,000, speaking in very general terms, of which imports were valued at \$1,411,349,000 and exports at \$1,999,999,999. To be more accurate the figures just completed by the bureau of statistics of the department of commerce and labor show: imports, \$1,557,354,854; exports, \$1,744,000,000; excess of exports over imports, \$186,645,145. The imports were larger than in any preceding year, and the exports larger than in any former year except 1907 and 1908. The grand total of foreign commerce including in this term all merchandise imported and exported except that included in the trade with the noncontiguous territories of the United States (Porto Rico, Hawaii, Guam, Tutuila and Alaska) amounted to \$3,392,821,057 and is greater than that of any preceding year except 1907, when the total was \$3,315,272,502.

The excess of exports over imports in the fiscal year 1910 is smaller than in any other year since 1896, being \$187,111,349, against \$551,030,550 in the fiscal year 1909, \$569,451,554 in 1908, \$446,429,053 in 1907, \$517,002,054 in 1906, and \$401,045,595 in 1905. This marked reduction in the excess of exports over imports is due to a falling off in the exportation of foodstuffs and an increase in the importation of manufactured materials. The value of foodstuffs exported in the 11 months for which detailed figures are available was \$46 million dollars, against 413 million in the corresponding months of the preceding year and 490 million in the corresponding months of 1908. On the import side \$500 million worth of materials show an equally striking increase, their value in the 11 months ending with May of the present year being 794 million dollars, against 603 million in the corresponding months of 1909 and 577 million in the corresponding months of 1908. Thus exports of foodstuffs show a decline of 30 per cent when compared with 1908, while imports of manufacturers' materials show an advance of over 50 per cent in the same time.

The increase in imports of manufacturers' materials during the year occurred chiefly in ten great classes: hides and skins, india rubber, lumber, wool pulp, tin, cotton, iron ore, diamonds, wool and chemicals. During the eleven months for which details have been worked out by the bureau of statistics, hides and skins increased from 49 million dollars in 1908 to 105 million in 1910; india rubber, from 6 million; cotton, from 12 to 15 million; chemicals, from 4 to 8 million; uncut diamonds, from 74 to 93 million; diamonds cut but not set, from 7 to 27 million; fibers, from 25 to 30 million; leather, from 6 to 7 million; tin, from 24 to 28 million; tobacco, from 23 to 25 million; boards and other saved lumber, from 14 to 17 million; wool pulp, from 8 to 11 million; pulp wood, from 3 to 4 million; and wool, from 39 to 50 million dollars. Silk alone shows a decrease—from 72 to 33 million dollars in

## A Burning Question

## THE COAL SUPPLY

Make up your mind to have the most satisfactory kind mined by ordering from

William E. Livingston Co., 15 Thorndike St.

Business Established 1828

the eleven months of the fiscal year 1909 to 61 million in the corresponding months of 1910, the falling off being due to the fact that the importations of 1909 were unusually heavy, due to the low prices in that year. The net increase of 82 million dollars in exports during the year represents gains in manufactures and manufacturers' materials, partially offset by losses in foodstuffs. In the eleven months ending with May, foodstuffs decreased from 413 million dollars in 1909 to 346 million in 1910; while crude materials for use in manufactures advanced from 496 to 532 million; manufactures in the partly finished state, from 206 to 215 million; and manufactures ready for consumption, from 401 to 451 million dollars. The principal gains in the general group "manufactures" occurred in iron and steel, the exports of which increased from 131 million dollars in 11 months of 1909 to 163 million in the same period of 1910; leather and leather manufactures, from 383 to 48 million dollars; wood manufactures, from 62 to 72 million dollars; scientific instruments, from 8 to 11 million dollars; automobiles, from 5 to 9 million dollars; india rubber manufactures, from 63 to over 9 million dollars; furs and fur skins, from 1 to 14 million dollars; and copper manufactures, from 75 to 80 million dollars.

# MAYOR WHITE GLIDDEN BALLOON

## Conducts City's Business Behind Prison Bars

## Met Little Cyclone in Upper Air That Caused Trouble

LAWRENCE, July 15.—Mayor William P. White, of this city, who, at 7 o'clock last night, rounded out the first 24 hours of his three-year sentence for conspiracy to bribe, in an attempt to oust from office Chief James A. Hamilton of the fire department, transacted municipal business during the day in his cell, No. 25, in the jail.

He signed a renewal of all theatre licenses, conferred with his private secretary, his sister, Lawyer Schwartz, City Solicitor Murphy, and Superintendent of Streets Patrick Lyons about paving.

A motion for a second trial, based on newly discovered evidence, will be made within a day or two by Atty. Michael L. Sullivan of Salem in behalf of the mayor. This evidence is said by his friends to be of a sensational character which, they say, will show White to be the victim of a political conspiracy. They are so confident of the success of their legal coup that they look for an almost immediate release of the chief executive.

Should this move fail they still have the bill of exceptions to fall back upon. Sullivan has more than a week in which to prepare exceptions. About six months of Mayor White's term still remain, and he proposes to fight for his right to complete it as chief magistrate, even if he has to do it by a system of messengers from behind the bars.

In the event of defeat in the court proceedings the friends of White declare that they will start a petition for his pardon. Foremost in the movement to bring about his release is his sister, Miss Katherine A. White, with whom he lived at 293 Havenhill street. The opposition declared that all of White's efforts to gain his liberty, and

### ADS KIDNEY REMEDY

is a perfectly safe and harmless remedy, which has been carefully and scientifically compounded by the great American Druggists Syndicate for the purpose of enabling those people who cannot see a physician to get the next best treatment for the kidneys and take it at home.

Its action is quick, pleasant and thorough, and you should take it in preference to experimenting with patent medicines, which neither you nor your druggist know anything about. Get it at any A. D. S. drug store.

## Help Weak Stomachs

Penn Mutual Life Insurance company, and Mr. Charles A. West, vice president of the Eastern Drug company, of Boston, was dragged, anchor and all, nearly 1000 feet across a field in Pelham, N. H., yesterday afternoon, about five o'clock, and landed on the tops of the trees in a deep forest.

After bobbing on the tops of trees for some minutes, the balloon settled, with the escape of the gas, so that the aeronauts were able to reach the ground, but two trees had to be cut down to rescue the balloon. Mr. Glidden was severely cut in the hand with his knife while trying to clear away his anchor.

The balloon went up from the yard of the Lowell Gas Light company at 1 o'clock.

After the landing, Col. Bunting stated he felt there must be considerable risk in ballooning, due to the uncertainty of ground currents in landing, based on his experience.

The balloon reached an elevation of 3000 feet, finding the cooler temperature at 2700 feet. The journey consumed an hour, and the landing was on the farm of W. B. Pearson, eight miles from Lowell, air line.

The balloon at first reached a great height and moved towards Methuen, but it suddenly changed its course, taking a direction nearly opposite and at the same time descended rapidly. It was easy to see that the balloon met some atmospheric disturbance, but the real trouble came in the dangerous sweep over the tree tops of a forest. The aeronauts were fortunate to escape serious injury.

**CUP CHALLENGER SHIPPED**  
MONTREAL, July 15.—The Seawanhauk cup challenger, St. Lawrence, was shipped to Manchester, Mass., last night, and the crew of the Royal St. Lawrence Yacht club, who will sail her in the coming series with the Manchester Yacht club defender, will leave this evening. The boat should reach Boston tomorrow.

# 14 FOOT CHANNEL

## Haverhill Asks Government to Deepen the Merrimack

### Mercantile Association of the Merrimack Valley Discussed Project in Conference at Salisbury Beach Yesterday and Agree to Act in Harmony

A great gathering of delegates from the boards of trade and mercantile associations of the Merrimack valley from Concord, N. H., to Newburyport, was held at Salisbury beach yesterday as the guests of the Haverhill board of trade, at which the principal topic of discussion was the project of inducing the United States government to provide a suitable channel in the Merrimack river, thus making it navigable for a greater distance.

Haverhill wants a 14-foot channel from that city to the sea and the combined boards of trade will assist Haverhill toward getting it.

The Lowell delegates to the conference were President Harvey B. Greene, Secretary John H. Murphy and Fred C. Garrett of the board of trade, Mr. Garrett being chairman of the committee on transportation. The Lowell men proceeded to Haverhill by auto as the guest of Mr. Garrett. From Haverhill the guests went to Salisbury beach by boat as the guests of L. L. H. Taylor, the owner.

The trip down the river was not only most enjoyable, but profitable as well for it gave the delegates an opportunity to note the navigability of the river and its peculiarities.

The big steam coal carrier, the H. O. Elliston, which makes trips up and down the river and over to Boston or New York with 900 tons of coal aboard was discussed. The vessel draws 9 1/2 feet of water when loaded and has to wait for high tide to navigate the present channel. The Haverhill people want a 14-foot channel for low tide and believe they should have it.

The delegates rode near the pilot house and the captain explained the points of interest. At Merrimack port the river is wide and there is 16 feet of water there. The delegates were impressed with the possibilities of the river for navigation. Those present on the trip were: L. L. H. Taylor, Chas. S. Cohen and Chas. H. Hayes of the Haverhill board of trade; Harvey B. Greene and John H. Murphy of the Lowell board of trade; Frank A. Coker of Newburyport; Ira P. Harris and James H. Tolles of Nashua board of trade; J. K. Norwood, C. H. Littlefield of Lawrence board of trade; William Sarcello, Jules Descheniers and Fred C. Dunlap of the Manchester board of trade; Charles E. Allen of Haverhill; Mayor Robert E. Burke of

### NEW ECZEMA REMEDY Stops Itching At Once

The new remedy Cadum has astonished the medical world. Many cures of eczema and other distressing skin diseases are reported, and the remarkable feature in most cases is the quickness of the cure. Eczema is not a blood disease, but a skin affection. It cannot be cured by internal medicines. External treatment is absolutely necessary. Since the introduction of Cadum eczema is now recognized as a curable disease, and that tormenting affliction has been robbed of its terrors. Cadum stops the itching at once and begins the healing process with the first application. It destroys disease germs, allays inflammation and is soothing and healing to the skin. From the moment it is applied to any skin trouble immediate relief is felt. It is for pimples, blotches, hives, tetter, itch, acne, herpes, scaly skin, psoriasis, rash, chafings, eruptions, sores, sunburn, scalds, blackheads, itching piles, etc. Trial box 10c; large box 25c; all druggists.

# THE PISA TOWER

## Crowds Wait to See it Fall

PISA, Italy, July 15.—The government engineers, acting under the direction of the king, have made an examination of the famous tower of Pisa. They report that the tower is in great danger of falling. During the

past year the tower has moved some eight inches, and the foundation daily grows more tottering. The police are having great trouble in keeping the crowds away from the tower, as the spectators expect to see the mass of brick and stone crashing to the ground any moment.

## WOMAN KILLED And Her Money Taken By Robber

JERSEY CITY, July 15.—Mrs. Rose Lucashick, 35 years of age, was bound hand and foot and throttled to death yesterday in her apartments at 305 Washington street, Jersey City. The murderer is believed by the police to be a man who was seen in the dead woman's apartments by Mrs. Pola Philip who lives on the floor below. He evidently knew that Mrs. Lucashick had several hundred dollars in her possession, for this money was missing from her dress bosom.

Mrs. Philip found Mrs. Lucashick's body bound hand and foot with pieces of rope and torn parts of the dead woman's garments. The murderer after binding his victim had sunk his fingers so deeply into the woman's throat that marks of his nails show on the skin.

## DR. WM. J. KELLEY

### Popular Dentist Passed Away

Dr. William J. Kelley, the well known dentist, died yesterday at his home, 129 Moore street. Deceased had been in failing health for the past year or more. He was a member of the local school board at one time and was well and favorably known in this city. He was a charter member of the local council, Knights of Columbus and also a member of the Alpine club. He is survived by two brothers, Thomas F. of Newport, R. I., and Edward W. of Beverly; a sister, Miss Catherine E. Kelley, the latter a teacher at the Butler school and an aunt, Miss Ellen Flynn.

### MISSING BONDS

#### APPEAR TO BE IN POSSESSION OF STOCK BROKERS

BOSTON, July 15.—Fifteen of the \$1000 missing telephone bonds claimed as belonging to the estate of Mrs. Jennie S. Gookin, formerly a well known milliner, appear to be in the possession of Simpson, Pearce & Co., stock brokers of New York, according to a petition which the firm filed in the superior court yesterday. Since Mrs. Gookin's death in 1908 there has been litigation pending for the recovery of the missing bonds.

Mrs. Gookin it was supposed from the legacies contained in her will had left a large estate. It was known that she had \$40,000 of bonds of the American Telephone & Telegraph company. She had kept the bonds in a deposit vault in New York.

After her death they could not be found, and search for them was made by her special administrator, IL G. Allen. He learned that her sister, Mrs. Anna V. Carpenter, claimed ten of the bonds as a gift from Mrs. Gookin. Yesterday Simpson, Pearce & Co. asked Judge Richardson to let them intervene in the pending litigation over the bonds and to dissolve the outstanding injunction on the telephone bonds company so far as affects the fifteen bonds held by them. They declare that they received the fifteen bonds from the Sherman National bank on Oct. 28, 1909, for the purpose of selling them. They did sell them on the New York Stock Exchange.

The special administrator denies that the firm is a purchaser in good faith. Judge Richardson declined to dissolve the injunction. The case, with the different elements, will have to be tried out on its merits, probably in the fall.

Do you cook with gas? Your neighbor don't. Why? Read the answer on your thermometer.

## WOMAN RESCUED

### YOUNG MEN CLIMBED FIRE ESCAPE AND SAVED HER

BOSTON, July 15.—Climbing two stories up an iron fire escape in answer to a woman's cries for help and extinguishing a fire which they found at the top was the brave exploit yesterday of Frederick Hess and Matthew Foster, two young men living at 9 Paul street.

Hess and Foster, who live on the second floor, were aroused about 10.50 by the cries of Mrs. Edward Wilfred, the occupant of the top suite at 11 Paul street. She had been cleansing her baby's coat with gasoline and her clothing had caught fire from a gas stove.

The two young men climbed up the fire escape at the side of the building, Hess scorching and cutting his bare feet, and entered Mrs. Wilfred's apartment through a hall window. They extinguished the flames with rugs and then, without giving their names or waiting to receive thanks, returned to their own home.

### CHELMSFORD

The grounds surrounding All Saints church were the scene of a most enjoyable lawn party, last evening, held under the auspices of the members of the guild. The grounds were lighted by rows of Japanese lanterns extending from the guild room to the rear of the study at the opposite end of the church building. Above the tables, arranged cozily in the angles of the building, were hung colored lights. There was a good attendance and during the enjoyment of the delicious ice cream and cake served, very pleasing selections upon a phonograph were given by J. C. Wetmore of Robert E. Murphy and Frank Hinde and the ice cream and cake by Mrs. Charles H. Greenleaf, Mrs. Alfred Pascoe, Miss Frances Clarke, Miss Minnie Pascoe, Miss Emma Pascoe, J. J. Middleton, and Frank Hinde.

### BAND CONCERT

The second of the series of municipal band concerts was given last night on the North common by the Lowell Cadet band, John J. Giblin, leader. There was a large attendance and the varied program was carried out in a manner which brought forth much applause and it was necessary for the musicians to respond to encore.

The opening number was a march, "Universal Peace," and the concluding piece was "The Star Spangled Banner."

### SKIN DISEASES READILY CURED

#### BY A SIMPLE HOME REMEDY

If you are suffering from any form of skin or scalp disease, would you like to get prompt relief and be permanently cured by a clean, liquid preparation for external use? Mr. A. W. Dows, the druggist, has this remedy in stock and wants his customers to know that it is recommended for Eczema, Blackheads, Pimples, Dandruff, Tetter and other diseases of the skin and scalp. It has made some remarkable cures and with each purchase of ZEMO, Mr. A. W. Dows will give you a booklet on skin diseases and you can diagnose your own case and be cured in your own home without any inconvenience or loss of time from business by this clean, simple preparation.

## ANNUAL PICNIC OF SUNDAY SCHOOL OF PAWTUCKET CHURCH

The annual basket picnic of the Sunday school of the Pawtucket church was held yesterday at Canobie Lake park. There were about 200 present, and the day was spent in a most enjoyable manner. Two special cars were taken at the Textile school in Moody street at 8.15 a. m. and the return trip was made at 9.15 and 10.10 last night.

The affair was under the general direction of Mr. George Tanner, the Sunday school superintendent, and he was assisted in looking after the sports by the following efficient committee: James Grant and Harry Pevey, and Misses Ethel Rivet and Hortense Taber.

The winners of the young men's contests were as follows:

Shot put—First, Leander Conley, 25 feet, 7 inches; second, Armand Desmarais.

Running high jump—George Axon, 4 feet, 4 inches; second, James Grant.

Hundred yards dash—First, Armand Desmarais; second, George Axon.

Thirty yards dash—First, James Grant; second, William Kinghorn.

One mile run—First, Armand Desmarais; second, George Axon.

In the ladies' contests the following were winners:

Nail driving—First, Mrs. F. E. Har-

## COL. ROOSEVELT MUST PAY TAX

Has Made Plans for Two Trips To Handle Certain Drug Preparations

OYSTER BAY, N. Y., July 15.—Col. Roosevelt gave out yesterday the itineraries of the two speaking tours he is soon to make—one into the west late in the summer, the other through the south in the early fall.

The two tours will resemble a campaign trip by a presidential candidate, for the colonel will make not only as many set speeches as his traveling card permits, but he will probably deliver extemporaneous talks from the rear end of his private car. For the first trip, a car has already been chartered. The western trip is to begin on Aug. 25 and will end on Sept. 11. The southern trip will last from Oct. 6 to Oct. 13. The itineraries follow:

Western trip—Aug. 25, leave New York; Aug. 27, arrive Cheyenne; Aug. 29, Denver; Aug. 31, Oswatimie, Kan.; Sept. 2, Omaha; Sept. 3, Sioux Falls, S. D.; Sept. 4, Fargo, N. D.; Sept. 5, St. Paul; Sept. 7, Milwaukee; Sept. 8, Freeport, Ill.; and Chicago; Sept. 10, Pittsburg; Sept. 11, arrive New York.

Southern trip—Oct. 6, leave New York; Oct. 8, Atlanta, Ga.; Oct. 10, Hot Springs, Ark.; Oct. 12, Peoria, Ill.; October 13, speech in Indiana for Senator Beveridge, at a place not yet chosen.

The itineraries were completed yesterday only after much thought and labor. Col. Roosevelt's secretary has been studying timetables for the last two weeks, squeezing in as many speeches as train connections would admit of.

Urgent requests for "a few words" have come by hundreds from political organizations, clubs, schools and personal friends. Most of these Col. Roosevelt has been obliged to decline, and in announcing his program yesterday he said he wished it clearly understood that he could consider no further invitations.

Word comes back to Oyster Bay that great preparations are even now under way for the first tour, Fargo, N. D., has assured the colonel, that when he speaks there on Saturday day the whole city will not only turn out, but the surrounding territory will contribute its quota for hundreds of miles.

At Chicago Col. Roosevelt will speak before the Hamilton club, a political organization with which his relations for years have been cordial, and which is sure to give him an enthusiastic reception. At Milwaukee he will speak before the Press club.

The first address of the southern trip will be on Uncle Remus day, named in memory of Joel Chandler Harris, who in his lifetime was a warm friend. The Peoria speech will be before the Knights of Columbus.

The place for the Indiana speech in support of Senator Beveridge will depend upon the exigencies of the political situation. Thus far Mr. Roosevelt has considered his subject matter only in a general way, but he knows that his speech for Senator Beveridge will be politics pure and simple; a plea for the senator's success in his campaign.

There were no political conferences yesterday at Sagamore Hill. The colonel was busy with his editorial work and his voluminous correspondence.

WASHINGTON, July 15.—Sections of the country which receive their intoxicating stimulants in the guise of perfumes, essences, medicines or drugs were delivered a body blow yesterday by Commissioner Cabell of the internal revenue bureau, who gave out a list of more than 200 preparations which hereafter may be handled by drug stores only after the government liquor license is paid.

These preparations, including many well known because of their wide advertisement, were examined by the chemists of the treasury department and held to be insufficiently medicated to render them unfit for use as a beverage, or take them out of the class of alcoholic beverages.

Treasury department officials said they believed that many of these preparations were concocted mainly for sale in "dry territory," where the prohibition laws made it impossible to legally obtain anything with a liquor flavor.

It is estimated that there are 40,000 druggists in the United States, slightly more than half of whom pay the yearly special tax, which permits them to sell the preparations involved. Other stores which continue to vend these mixtures now will be required to pay the tax and the U. S. treasury will be enriched accordingly.

Secretary MacVeagh has issued an order fixing a standard of medication to govern the exercise of the internal revenue bureau in passing on the question of the amount of alcohol that may be used in medicinal preparations in the future, so that they may come within the requirements of law.

Alcohol will be permitted only to the amount necessary to hold in solution all medicine used or to extract or preserve the same. Each prescribed dose of a mixture must contain a normal dose for an adult of drugs or medicine of recognized therapeutic value.

## MAYOR RESIGNS

After a Lynching in His City

NEWARK, N. J., July 15.—After a conference lasting many hours, Herbert Atherton, mayor of Newark, resigned yesterday, in response to pressure exerted by leaders of his party and personal friends. The reason given was that it was hoped thereby to save the city from an investigation by the governor, following the lynching last week of an anti-saloon league detective and the subsequent suspension of Atherton by Gov. Harmon.

It was announced that Newark wants to do her own house cleaning. After repeated refusals, Mayor Atherton late yesterday attached his signature to the resignation and then burst into tears. Under the Ohio law Vice Mayor John M. Ankle, who has been acting mayor since Atherton's suspension, became mayor. Eight new arrests were made yesterday as a result of acting Mayor Ankle's order to arrest every riot suspect. Atty. Gen. U. G. Denman directed the secret examination of witnesses and suspects, which lasted all the afternoon.

The result, it is announced, will not be given out until the case against the mob leaders is complete.

## STEPHEN O'MEARA

MAY BE A CANDIDATE FOR CONGRESS

BOSTON, July 15.—Police Commissioner Stephen O'Meara, when seen last evening concerning the rumors that he was in the field for the republican nomination for congress in the 11th district, smiled as he said:

"I have heard more about that from the newspapers than from any other source. My term as police commissioner does not expire for eleven months and that is some time yet."

"You haven't made any definite plans about your political future, have you?"

"I have never assumed that I had any political future."

"Would you accept a nomination in the 11th district?"

"I should require some general testimony that I was wanted before I would give any serious consideration to such a question. Meanwhile I hold an office in which I am bound to honor, if not by actual law, to abstain from any political activity."

Mayor Charles E. Hatfield of Newton, chairman of the republican state committee, said last night:

"Commissioner O'Meara would make a strong candidate should he receive a congressional nomination. To my mind there is no question but that he would win out if nominated in the 11th district. He has made an excellent record in his present position."

## LAWN PARTY

MEMBERS OF HIGHLAND M. E. CHURCH HAD FINE TIME

An enjoyable lawn party was held on the grounds of the parsonage of the Highland M. E. church, in Grove street last night under the auspices of the finance committee of the church. The grounds were decorated with Chinese lanterns and Cushman's orchestra furnished music.

Mr. C. A. Wotton was chairman of the concert on arrangements and he was ably assisted by a number of the men and women of the church.

Automobile rides were one of the features of the evening's entertainment. Messrs. C. A. Wotton and W. R. Kilpatrick had charge of the automobiles.

Messrs. S. E. Clark and Oscar Whitcomb had charge of the ice cream. On the candy table were Mrs. Charles Petrie, Mrs. O. M. Dow and Mrs. A. G. Jarvis. Lemonade and tonic, Mrs. W. R. Kilpatrick.

Miss Ethel Waller, in the role of a gypsy palmist, did a brisk business.

FRIEND BROTHERS' OUTING

The annual outing of the employees of Friend Brothers' bakery was held yesterday at Mountain Rock. The members went to the park in the afternoon where an excellent dinner was awaiting them, after which a program of sports was carried out. The ball game between the married and single men resulted in a victory for the former.

John Grant proved the star athlete in the track events with a win of the high jump and a win of the 100 yards dash to his credit. The picnicers returned to Lowell early in the evening.

## BATHING SUITS

*The Bon Marche*  
DRY GOODS CO.

Some People Don't Understand

They wonder why it is we are so busy these warm days. But once they come in, look around and learn our prices, the surprise vanishes. Fact is these same people would be more surprised, after knowing our values, if we were not busy. It is no secret. We are doing a rushing business in summer merchandise because we have everything that people need in warm weather apparel and sell the goods at prices which the most economical buyers cheerfully pay. Extraordinary good things this week. We are nearing stock taking time and there are many things departments are willing to close out at a loss of profit rather than count them in stock.

## Decided Savings On Ribbons

Neck ribbons and hair ribbons sell quickly these hot days and a good supply is necessary in order to have fresh ones when needed. It will be a good idea to remember our ribbon counter when you are shopping this week, for we are offering the very best ribbon chance you ever met. Stock-taking time ahead is the reason for the great price reduction. All our counter ribbons in the bargain boxes have been marked down to less than bargain-sale prices.

Wash Ribbon, 5 yard pieces, this week ..... 8c

## Should Be All Right

There are points about women's auslin underwear that should not be overlooked. The sizes should be right; they should be made to fit and they should be just the same after a dozen journeys to the laundry. Such garments need not be high priced. We sell good ones for little prices. Here are some that have all the qualities called for, as well as the little prices.

Night Robes—Good quality, liberal size, low neck, and short sleeves. Regular price 39c, this week 29c

Women's Drawers—Made of good cotton with wide, deep ruffle of fine tucking, regular price 25c, this week ..... 17c

Corset Covers—French style, long cloth, tucked front, lace neck and sleeves. Regular price 25c, this week ..... 19c

Short Skirts—Extra fullness, good material, hamburger ruffle. Regular price 35c, this week ..... 25c

Chemise—Full length, good cotton, lace and hamburger trimmed, regular price 59c, this week ..... 49c

Long Skirts—Cut very full with wide flounce, hamburger or lace trimmed. Regular price 98c, this week ..... 75c

## Vacation Time Needlework

Not for every minute of the vacation but just a little fancy work to catch up now and then. You will find new ideas and new patterns in stamped linens, both ornamental and useful. An especially good line of patterns for shirt waists, corset covers, chemise, belts, and jabots for both blind and eyelet embroidery. All the best of the marking cutters. D. M. C., Peri-Lustro and Persiana in every size thread.

## Among the Wash Dresses

There's a fairy story about a mirror that made beautiful everything it reflected. By a little stretch of the imagination we might almost believe that the artists who designed our wash dresses had some such mirror to help them this season. There is such a delightful variety in these cool, dainty dresses from the simple practical and inexpensive gowns of lawns and percale to the more elaborate and times of silk muslins and embroidered all-overs. Never such a showing in this department before, and never so many purchasers. Don't let this hot weather annoy you when you can make yourself comfortable in one of these thin summer dresses.

At \$1.98—A variety of wash dresses in the serviceable ginghams and percales; all light summery colors, cut high or low neck with long or short sleeves.

At \$2.98—Dresses of figured organdie in lavender, pink and blue or white checked dimity, trimmed with hamburger heading and black velvet ribbon—sizes for misses as well as women.

At \$5.98—Dresses showing a new idea in trimming with Persian bands for waist and sleeve and wide Persian flounce matching for skirt material, the thinnest of muslins. All sizes.

At \$6.98—A dress worth buying of the new polarized fabric, guaranteed not to fade either in the sun or in laundering. Comes in plain colors, trimmed with folds and bands, piped with contrasting colors. All sizes.

## Our Showing of White Dresses

Includes batiste, organdie and Point d'Esprit in all the various forms of dress beauty that the best designers have brought out this season. We can show you as attractive a dress as can be made for \$5.98 in thin batiste or muslin, very daintily trimmed with overskirt effect. From this price up to \$7.98, \$10.98 and \$12.98 there are fifteen or twenty different styles, every one a beauty, and at \$10.98 a dress of handsome all-over embroidery with deep pointed tunic skirt, exclusive models to be found only here.

## AN EVENT IN SHIRT WAISTS

Some of the most popular waists we have had this season at full prices are much reduced for today and tomorrow. And from our best makers come other lots of fine waists at price concessions so we are enabled to make this week's shirt waist sale a remarkable day for the department. Hundreds of waists are included in this sale—all new, handsome examples of the very latest shirt waist styles. This is no ordinary lot of waists we tell you of. Materials are of the finest batiste and lingerie cloth and all-over embroidery. Every waist is daintily trimmed, some with real elany and Valenciennes, some with Irish crochet and others are hand embroidered. There are all styles, button front and button back, long sleeves and short sleeves, high neck and Dutch neck, square or V shape. In all, it is the most attractive lot of waists we have shown this season. There's not a waist worth less than \$2.98 and many are regular \$3.50 numbers. All sizes in the lot to 44 and you take your choice today and tomorrow.

\$1.98

You miss a golden opportunity in shirt waist buying if you pass this by.

## TRIMMED MILLINERY

All Hats Marked Down

You couldn't hit upon a better time to provide another hat to finish out the summer than this week, today and tomorrow. Prices in our millinery department have been cut deep, the idea being to close out every single trimmed hat on our counters before stock-taking time. It is the one big week of values. Don't let the opportunity pass.

A COUNTER OF TRIMMED HATS  
That have been marked to sell at \$2.40 and \$2.98, selling now ..... 98c

A COUNTER OF TRIMMED HATS  
That have been marked to sell at \$3.98 and \$4.40, selling now ..... 1.49

A COUNTER OF TRIMMED HATS  
That have been marked to sell at \$4.98 and \$5.98, selling at ..... 2.98

BLACK SAILORS are still the most popular vacation hat. A new lot of latest styles just received, 69c, 98c, \$1.69

## Dainty Cotton Goods Some Rare Values

There will be stirring times in the wash goods section today and tomorrow. Yardsticks and scissors will be more than busy because of a change downward in the prices of several lots of summer fabrics. Best of all is the fact that these reduced prices are not on old goods. Every piece is new; all are of this season's desirable patterns and colorings and worth full price, but we are preparing for stock-taking and are willing to sacrifice profits in order to turn these into money. Such dainty, cool, airy fabrics as we have in this week's sale deserve attention from all who have not yet supplied their needs in this line. But see these early if you are interested—the best things may not be here if you wait too long.

Linen Crash Suiting—27 inches wide—one of the desirable fabrics this season. The mixtures of blue, gray, green, red, brown and black. Several grades that sold at 29c, 39c and 49c. This week ..... 10c

Embroidered Swiss Muslins—Fine sheer cloth with dainty embroidered dots and figures. Several qualities selling up to 49c. All at one price. This week ..... 20c

Satin Stripe Poplin—One of the good things this season. Colored Pique in the light shades, pink, blue, lavender, mercerized diagonal in colors and black, grenadines, lace stripe. All goods that have retained up to 49c. This week ..... 20c

Pacific Crash—Especially good for vacation suits, has wear and service with the appearance of a high priced fabric. Ten colors, regularly 15c. This week ..... 10c

Silk Muslins—Hard to tell them from silk when they are made up. In fact they are half silk. Just realize this and then think of the price. This lot will be sold out early. This week 12 1-2c

## DRESS MUSLINS

Four Cents a yard for any that have sold at 5c. Five Cents for over forty patterns selling now at 6 1-4c.

Seven and a Half Cents for a counterful of 10c goods.

Ten Cents for choice of over sixty pieces regular 12 1-2c goods. Who wouldn't have a new summer dress such as these?

## MOSQUITO NET

## A Shoe Event

We were about to head this "Shoe Bargains," but the very fact that the shoes are "Queen Quality" kind and the price way below regular asking makes the word bargain entirely unnecessary.

We mention the fact that there are only about 200 pairs in this special lot, so the wisdom of an early call will be evident.

Four styles are included—all new 1910 numbers and absolutely perfect in every way—the leather is gun metal finish and the styles are—

Two-Eyelet Tie, Strap Pump, Blucher and Button Oxford.

Every size is here in one style or another. Come and be fitted at a saving of nearly a dollar a pair. Friday and Saturday—

\$2.29

## Six For a Quarter

This is the day of the cheap handkerchief. There is a time for everything, and the time for the cheap handkerchief is in the sweltering mid-summer when handkerchiefs are ill used. A half dozen a day is the rule this weather. We recognize the necessity and provide a bountiful supply for this week's business. Dainty, sheer, pure white, some all linen, others with embroidered corners or drawn work borders—fine enough so you need not be ashamed to use them and the price of all is only

SIX FOR A QUARTER

## Serges Navy and White

For those cool, serviceable outing suits for vacation wear. Several excellent values in these serges, both wide and narrow wale, and in lustrous mohairs have come to our department within a few days and purchasers here this week can make a very considerable saving.

42-Inch Navy Storm Serge—Regularly 75c, this week ..... 59c

38-Inch Cream Serge—With a beautiful finish ..... 59c

42-Inch Lustrous Mohair—Brown, navy and gray, this week ..... 50c

36-Inch Poplar Cloth—All colors, ideal fabric for outing suits and bathing suits ..... 25c

36-Inch Mohair—White with black stripe, regularly 50c, this week 37 1-2c

## SILK SPECIALS

Every Yard of Silk Wash Goods—Including chiffon pounce, rough pounce, Roscoe silks, both plain and figured, sold regularly at 20c and 30c, this week ..... 25c

Black Taffeta Silk—30 inches wide, either rusting or chiffon finish, makes stunning summer suits or can be used for bathing suits, \$1.25 value, this week 89c

## TALCUM POWDERS

HALL & LYON CO.

OF NEW ENGLAND.

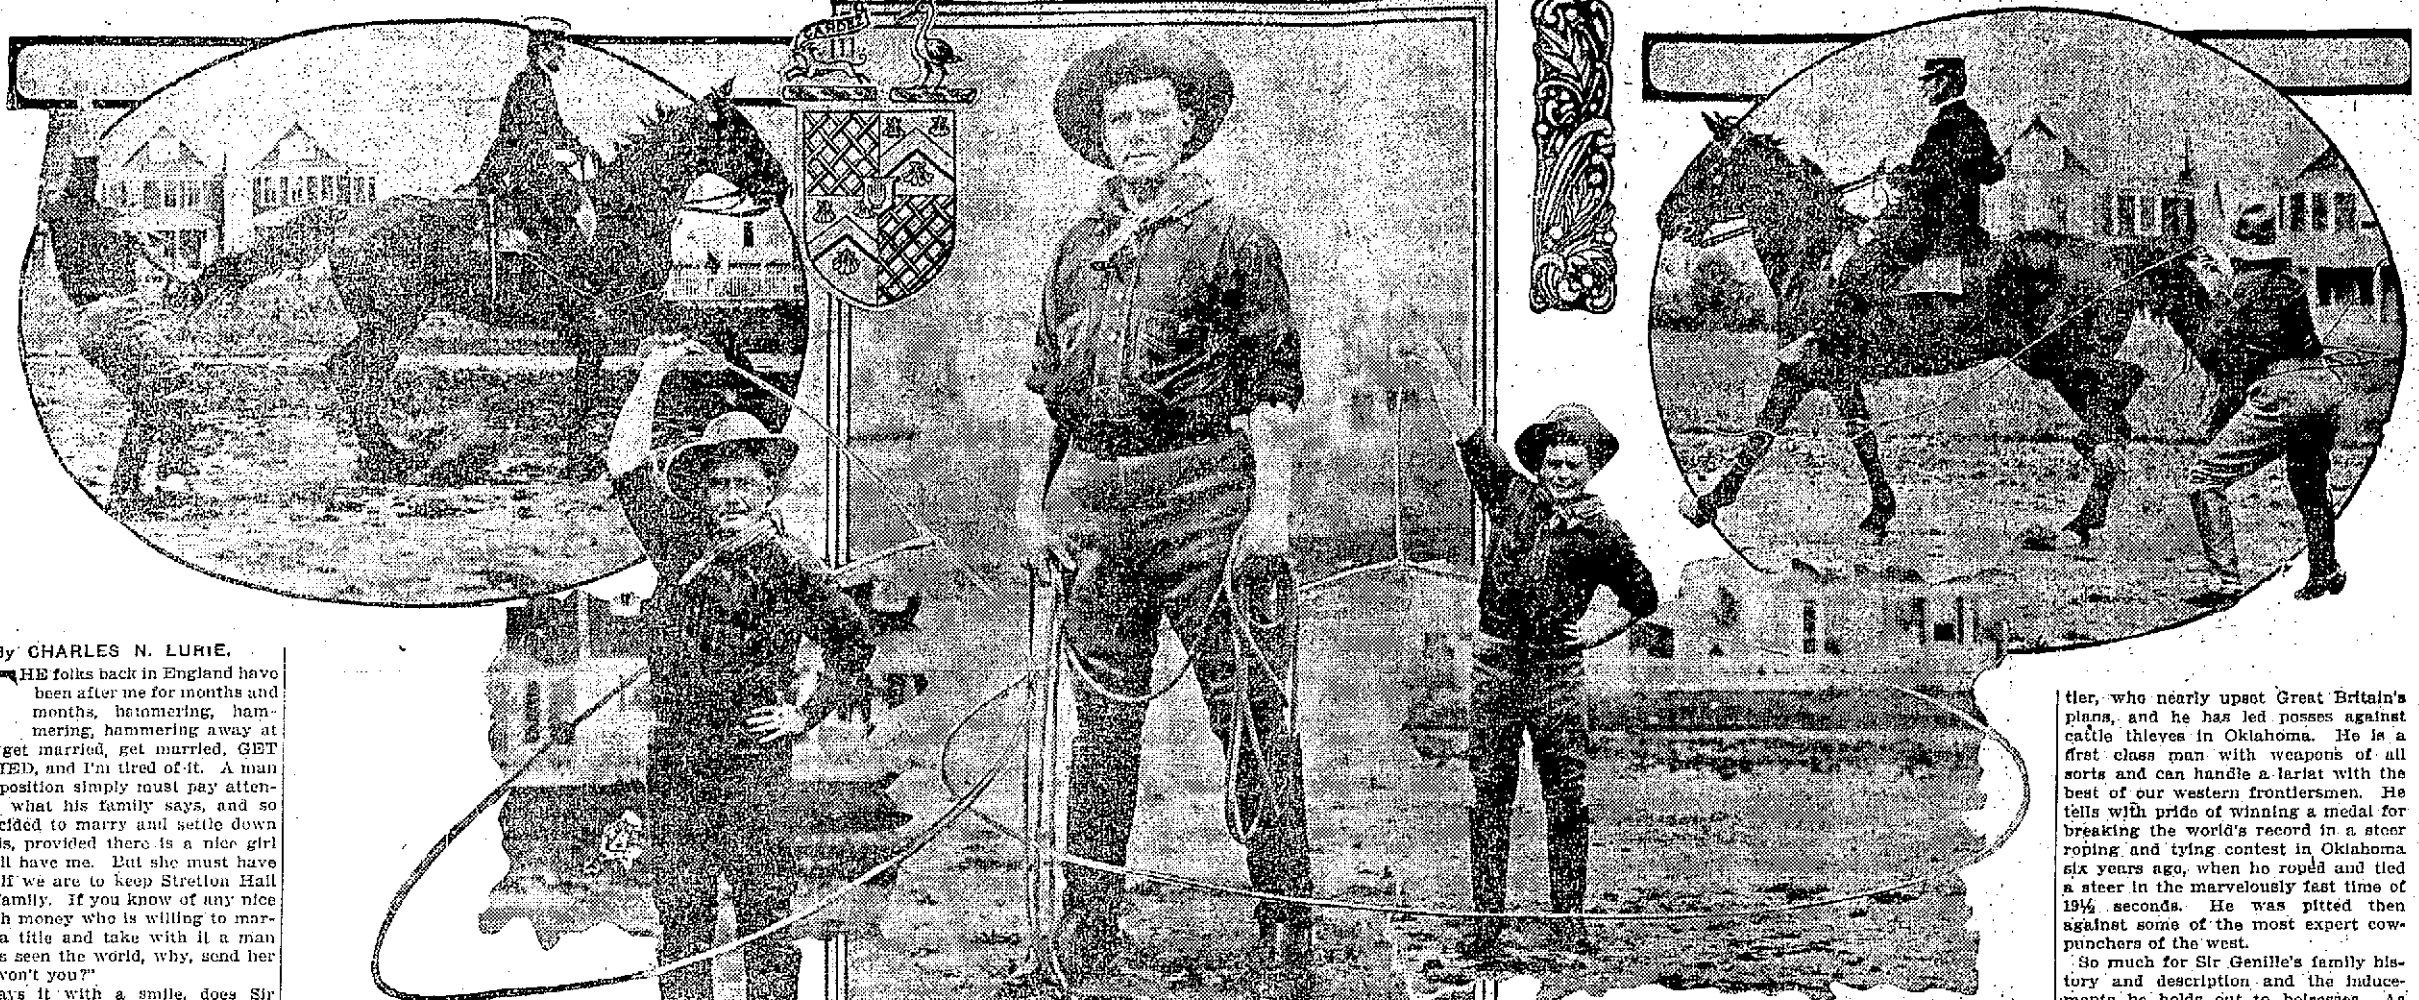

Apothecaries

Exclusive Members in Pure Drug Association of America.

67-69 MERRIMACK STREET

# Anybody Want the "Cowboy Baronet?"

SIR GENILLE DOING ROPING STUNT.

Photos by American Press Association.

By CHARLES N. LURIE.

THE folks back in England have been after me for months and months, hammering, hammering, hammering away at me to get married, get married, GET MARRIED, and I'm tired of it. A man in my position simply must pay attention to what his family says, and so I've decided to marry and settle down—that is, provided there is a nice girl who will have me. But she must have money if we are to keep Stretton Hall in the family. If you know of any nice girl with money who is willing to marry for a title and take with it a man who has seen the world, why, send her along, won't you?"

He says it with a smile, does Sir Genille Cave-Browne-Cave, the "cowboy baronet," now in the United States again, but underneath the smile there is the earnestness of a purpose deliberately matured. Just listen to him: "You see, there are the estates and the family name to be kept up. Unless I get money, and a large sum of money, in some way there is danger that Stretton Hall, which has been in the family for many centuries, will be lost to us. My father piled mortgage after mortgage on it and on the collaterals that form the main part of the family property. The income now is just about enough to pay the jointure of Lady Cave, my mother, and the vicar, who gets a good share of the revenue. There is a little left for me, but not enough to talk about. To maintain my position and to give my wife the station to which my family's position will entitle her I simply will have to have money and lots of it. You really can't blame me for taking this view of things, can you? Lots of Englishmen of title have done exactly the same thing, haven't they?"

Besides his title, which is genuine and very, very ancient, Sir Genille offers to the lady who will exchange her money for his Inducement five feet eight and 230 pounds of sturdy manhood, damaged a bit by several bullet and knife and spear wounds, but in splendid repair and not unattractive in appearance, save possibly for a head rather deficient in covering on top.

The woman who gets Sir Genille may marry him for his title, and he is perfectly frank in saying no poor girl need apply, but there is a strong possibility that in the end she will follow the example of Desdemona and love him for the dangers he has passed. Provided he overcomes his somewhat halting style of speech—like most brave men, he does not tell readily of his adventures—she could hear from his own lips true stories of adventures encountered in many parts of the earth. Sir Genille has been soldier, scout, ranchman, sher-

iff and cowboy. He has followed the trail of cattle and horse thieves in more than one western state and has faced dangers in several places "somewhere east of Suex." All in all, looking at him with the eyes of the romantic maiden who admires the man who does things, there is much to be said in favor of Sir Genille Cave-Browne-Cave.

Asked whether he desired any qualifications in particular in the future Lady Cave, Sir Genille said that, barring the inevitable qualification of money, more money and lots of money, he wanted a "nice girl." There are nice girls in this country, many of them, as witness the thriving export trade in them which we have carried on for

many years. And some of them have loads of money. And one of them may want to marry Sir Genille Cave-Browne-Cave and become Lady Cave. If this meets the eye of any of them or of that of the mamma of any of them here is her chance. Don't crowd, ladies. The baronet's address is Richmond Hill, Long Island, N. Y.

It is a genuine and a perfectly good title that is offered by Sir Genille in exchange for cash. About his title there is no doubt such as has been cast on those of some of the foreigners who have carried out heiresses to their take ancestral halls in Europe. The record of the Cave-Browne-Cave family, of which Sir Genille is the undoubted

head, being the only surviving son of the late Sir Myles Cave-Browne-Cave, fills three pages of Burke's peerage. The family is of Norman origin, one of the very oldest in Great Britain. Some authorities place it fifth on the list of the English nobility.

Falling an heir to Sir Genille, the family honors and what remains of the estates will go to a first cousin, Captain Reginald Cave, who was formerly a captain in the royal navy and who is an aviation enthusiast. There is no love lost between Sir Genille and his cousin.

"I would like nothing better," says the former, "than to bring a rich wife home to Stretton Hall and fool him out of his

chance of becoming the thirteenth baronet."

On the other hand, there is little doubt that Captain Reginald would fall to mourn deeply were Sir Genille to follow the example of his elder brother, Geoffrey Lisle, and permit himself to be killed by a fall from a horse. Geoffrey Lisle met his death in Ceylon in a polo game thirty years ago.

Sir Genille is a good specimen of the type of Englishman that has carried the cross of St. George into the wild and dim places of the earth. Twenty of his forty years have been spent in adventurous pursuits that have left their marks on his scarred body and ruddy, broad, good natured face. The "call of the wild" has led him from Burma to Tientsin, from Afghanistan to Wyoming. He was with Miter in Porto Rico in 1898 and served under Seymour in the naval brigade that helped to rescue the legations during the Boxer uprising. He has fought against the devils of the Afghan fron-

tier, who nearly upset Great Britain's plans, and he has led posers against cattle thieves in Oklahoma. He is a first class man with weapons of all sorts and can handle a tarlet with the best of our western frontiersmen. He tells with pride of winning a medal for breaking the world's record in a steer roping and tying contest in Oklahoma six years ago, when he roped and tied a steer in the marvelously fast time of 19 1/2 seconds. He was pitted then against some of the most expert cowpunchers of the west.

So much for Sir Genille's family history and description, and the inducements he holds out to heiresses. As for his looks, the accompanying pictures will convey some idea of them. They show the ex-soldier, scout, frontiersman, sheriff and cowboy in the act of performing difficult feats with a five-eighths inch plaited "rope" such as the cowpunchers use.

Asked to tell of his narrowest escape from death, Sir Genille says it is a question whether it came when he was blown up in a magazine explosion at Tientsin, remaining unconscious three days, or whether it was when a cattle thief whom he was chasing at the head of a posse sent a 46 bullet across the top of his head, grazing it and knocking him out for the time. "But we got that man and six of his companions," says Sir Genille. "Four of them were shot, and three were hanged. A funny thing about it came later when for sport I asked a phenologist in Kansas City to feel my bumps. He said, 'I have forgotten just what that bump means.' He was feeling the lump raised by the bullet."

Sir Genille laughed heartily at the recollection.

## "Come Right In," Says Uncle Sam

W H, howdy do?" said Uncle Sam. "Come right in and make yourselves at home!"

And the old gentleman stretches out his right hand to Arizona and his left to New Mexico and gives the two commonwealths seats at the avuncular board. "You're the fourth biggest of my nephews in point of size," he says to New Mexico, "so you sit right

Wado said that, according to what he had heard, Arizona was like the nether regions—all it lacked was water and good society—it is not true today. By means of gigantic irrigation projects the water has been coaxed into doing its work of making the desert bloom like the garden, and the good society has been supplied by immigration from other states. Where once the terrible Apache roamed thriving little cities,

Arizona navel oranges and grapefruit. So far as the quality of Arizona's population is concerned, the rest of the United States need have no misgivings concerning her admission. There has been little foreign immigration. Most of Arizona's citizens have entered the territory from other states. The inhabitants of Mexican descent are estimated to form about 15 per cent of the population, and the majority of them are

Statistics of New States.

English in many communities, and in places the court and other official proceedings are carried on in the foreign tongue. The predominance of Spanish American citizens in New Mexico formed the basis of much of the fierce opposition manifested in Arizona against joint admission with New Mexico as one state. The Arizonians, who prided themselves on their Anglo-Saxon blood, protested so strongly against being tied up with the people of their neighboring sister territory that the project fell through and separate statehood was delayed until now.

The passage of the act admitting Arizona and New Mexico and its approval by the executive did not automatically admit them into the Union. They will not be full fledged states, adding two stars to the flag, until several months have passed. In the meantime, however, the two commonwealths may go ahead with their plans for full statehood, electing delegates to constitutional conventions. The constitutions will be sent to the people of the territories on referendum and then will go to congress and the president for approval. Even if congress fails to act on the constitutions the states will be admitted sixty days after March 4 next, and the two new stars, making forty-eight in all, will be added to the flag on the following Independence day, according to law and custom. There will be great festivities in Phoenix, the capital of Arizona, and Santa Fe, the chief city of New Mexico, when the two states are finally admitted into the Union.

In mineral resources and in agricultural possibilities Arizona and New Mexico rank among the greatest of American commonwealths. In scenic grandeur they surpass most of the other states, according to the highest authorities in such matters. The Grand Canyon of the Colorado, in Arizona, is generally considered the most wonderful region in America, if not in the world. For 200 miles the river flows through scenery of indescribable grandeur and beauty. As in the case of Niagara, neither poet nor painter has ever been able to deplete the glories of the Grand Canyon. It eludes description. Possibly the advent of Arizona into the Union will help to turn the attention of Americans toward the wonderful treasure they possess in the canyon. New Mexico, with its high mountains, its wide stretches of grazing country, its lava beds, etc., also possesses scenic beauties of a very high order.

ARNOLD M'ADAMS.

## Blind Senator Sees Indian Wrongs

AS a result of Senator Gore's recent charges of attempted bribery, made on the floor of the United States senate, a clear revelation of the relations of the Indians of Oklahoma with the government at Washington is expected. Whether or not it is shown that there exists "an orgy of graft," as alleged by George W. Woodruff, who was assistant attorney general for the interior department under Secretary Garfield, it seems certain that the action of the Oklahoma senator will result in the laying bare of some interesting facts.

In brief, Senator Gore charged that \$25,000, with a possible increase to \$50,000, had been offered to him for his good offices in connection with legislation affecting the sale of coal and oil lands by the Choctaw and Chickasaw Indians of Oklahoma. He asserted that in the event of favorable legislation by congress fees aggregating \$3,000,000 were to be paid to J. Frank McMurray and other lawyers for effecting the sale of the lands. Other legislators were said to have been implicated in the deal. It is Senator Gore's avowed purpose to save the \$3,000,000 to the Indians. Laws passed at the closing hours of the recent session of congress held up the payment of the fees, largely through the publicity given to them by the senator's charges. An investigation of the whole matter is to be begun by committees of the senate and house in Oklahoma City about Aug. 1.

The story of the Five Civilized Tribes of what used to be Indian Territory—the Cherokee, Chickasaw, Choctaw, Creek and Seminole—is very complicated. For many decades after their removal from the southern states these Indians lived in the territory on lands

allotted to them by the government. They dwelt in peace, in semicivilized fashion, maintaining themselves partially by government bounty and partially by agriculture, until white men began to drift into their country. These latter saw that the land was good and determined to win it from the Indians. With that end in view every device of fraud, chicanery and deceit has been employed against the Indians, as well as the arts of wily persuasion. Not all of it has been criminal by any means. In many cases it has not been difficult to remain within the letter of the law while inducing

the Indians to part with their valuable lands for inadequate considerations.

Owing to ignorance of white men's ways, the full blooded Indians have been the easiest victims of the men who sought them out for the purpose of acquiring their lands. When other methods of persuasion failed the whites did not hesitate at intermarriage. By the provisions of the tribal laws which formerly governed the Indians, a white man or woman married to an Indian became to all intents and purposes an Indian and as such entitled to share in the Indian lands. The proportion of white blood has increased steadily.

According to the latest available statistics, the numbers in the Five Civilized Tribes are as follows: Cherokee, 41,805; Chickasaw, 11,055; Choctaw, 26,771; Creek, 18,714; Seminole, 3,124; total, 101,469. In this total are included 23,382 colored freedmen (former slaves and descendants of former slaves of the Indians) and 2,604 intermarried whites. All of them, men, women and children, are equal in respect to the allotment of lands by the government. The coal lands and oil lands of the Choctaw and Chickasaw, the disposition of which has been called into question by Senator Gore's action, are immensely valuable. Some authorities place their value as high as \$160,000,000, and few estimate them as low as \$30,000,000, the sum which a syndicate of white men is said to have offered.

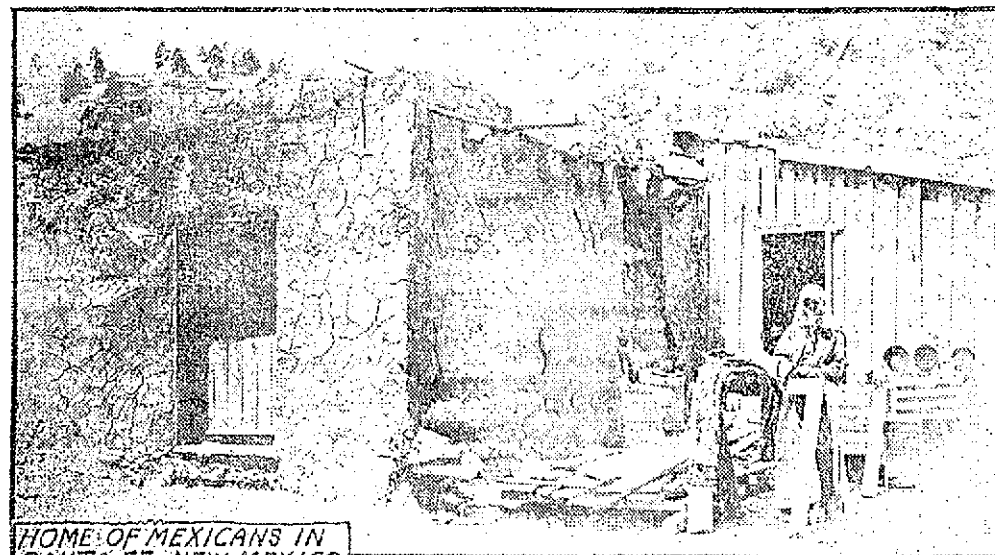

J. Frank McMurray obtained a contract with the Choctaw and the Chickasaw Nations to sell their coal and oil lands and was to receive 10 per cent of the proceeds. President Roosevelt and Secretary Garfield refused to approve this contract on the ground that the fee was excessive. Mr. McMurray then secured hundreds of agents, and they personally obtained individual contracts from more than 10,000 Indians.

Senator Gore introduced a resolution to investigate the matter. It was favorably reported and referred to the committee on contingent expenses.

The senate, aroused by the startling charges, lost no time in allowing the blind senator to frame an amendment covering these contracts in practically his own language. This amendment was promptly adopted by the senate and the house, and now it will be impossible for the law firm to obtain its enormous fee in the event of the sale of the Indian coal lands without the contracts being approved by congress.

The man who has caused all the stir about the Indian lands is the famous blind senator from Oklahoma, the youngest member of the senate and the only sightless man who ever sat in that body. He has won a reputation in the senate, as he did in his territory and state before his election, as a fighter of big caliber. The sightless man who has fought his way by sheer will power into the world's highest legislative body will never let go of this subject, those who know him say, until he wins what he considers justice for the Indian citizens of his state.

WILLIAM HENDERSON.

ed. Rev. Forrester A. Macdonald, pastor of the Fifth Street Baptist church

profuse, including a large pillow  
scrubed "At Rest," from Mrs. Ann  
Small and family; spray of white  
pinks from Mr. and Mrs. Robert Bar-  
riss and family; spray of white roses  
from Mr. and Mrs. Charles J. Judge; spray  
of white sweet peas and pinks from  
Joseph B. Kennedy; spray of pinks  
from Mr. and Mrs. Charles Rogers and fam-  
ily; spray of pinks and sweet peas  
Vevers family; spray of pinks, the  
Misses Fox. The bearers were Messrs.  
Miles Voeur, Willie Calvert, Robert  
Barris, Jr. and John Wylie. Burial  
in the family lot in the Ed-  
mundson cemetery, where the commit-  
ment service was read by the Rev. Mr. Mac-  
donald. Undertaker William H. Sauer-  
rangements.

Keefe, 324 Stevens street, and was largely attended. Among the many beautiful floral tributes were: Pillows inscribed "My Darling" from father, standing wreath surmounted by dove and inscribed "Aseleh" from aunts; basket, Miss Mary Keefe; sprays, Mrs. and Mrs. D. L. Keefe, Miss Alice Burns, Mr. and Mrs. R. A. Griffiths and a spray from Cousin James. Burial was in St. Patrick's cemetery.

**HENTZ**—The funeral of the late Charles Hentz took place yesterday afternoon from his home, Boston road, Billerica. The bearers were Mr. George E. Hedge, Mr. Ernest Smith, Mr. Charles A. Young, and Mr. P. L. Gleason. A. the grave Rev. F. Foley, O. M. J., of St. Andrew's church, North Billerica, read the committal prayers and the burial was in St. Patrick's cemetery, in charge of Undertakers J. F. O'Donnell & Sons.

of Mr. Johnson. The solos were sustained by Miss Alice Murphy and Andrew McCarthy. The burial was in St. Patrick's cemetery, where Rev. Fr. Callahan read the prayers at the grave.

**Landry, Michael Murphy.** Daniel O'Connell, Michael Kenuelly, John Fitzgerald and John McKeown were invited to officiate. The funeral was in charge of C. H. Molloy & Sons.

**MCARDLE.**—The funeral of the late Mary Mcardle took place this morning at 8 o'clock from her late home, 26 Charles street and was very largely attended by sorrowing relatives and friends. The long funeral cortege proceeded to St. Peter's church, where at 9 o'clock a funeral mass of requiem was sung by Rev. Daniel Heffernan. The choir sang the Gregorian mass. During the mass the soles were sung by Miss Mary K. Whiteley and Miss John J. Dalton. Mrs. John McKeown presided at the altar. The hearers were:—Messrs. Bailey, Owen Brynes, Michael Connaway, James Edwards and Frank Carolin. Burial was in the Catholic cemetery, where the final prayers were read by Rev. Fr. Heffernan. Undertakers M. H. McDonough & Sons had charge.

NELSON—Norse. Hartha, youngest daughter of Mrs. Amanda Nelson, died this morning, at the home of her mother, at the age of 3 months and 16 days. Funeral services will be held Saturday afternoon from the home of Mr. B. Johnson, 31 Corbett street at 2 o'clock. Friends respectfully invited to attend. The funeral will be held at 2 o'clock.

## FUNERAL NOTICES

**HATCH**—Died July 13, in this city. Mrs. Mary L. Hatch, aged 68 years at her home, 24 Starbird street. She leaves her husband, Cyrus G. Hatch, and two sons, H. William and George.

C. Hatch. Funeral services will be held at 24 Starbird street, Sunday afternoon at 2.30 o'clock. The funeral

Undertaker George W. Healey.

**HOFFMAN**—(Died July 13, Richard F. Hoffman, aged 19 years, 3 months funeral will take place Saturday afternoon at 3 o'clock from his home, 531 East 5th Avenue, friends invited to be in private, C. M. Young undertaker.

**BLACK**—The funeral of Mrs. Ann Black will take place from her home, 62 London street, Monday morning at 8 o'clock. Solomn high mass at 9 o'clock at the Sacred Heart church at 9 o'clock, Undertakers Higgins & Mrs. in charge.

**COULTER**—Hugh H. Coulter, 63  
Coulter-Cushing in Tewksbury, a  
theage of 70 years. He was formerly  
a resident of Billerica. His body was  
removed to the undertaking rooms of  
Undertaker Wm. H. Saunders in Hurst  
street.

**BLACK**—Mrs. Ann Black, aged 8  
years, died today at her home, 63 Lon-  
don street. She is survived by one  
niece, Miss Mary A. Glennon and Mrs.  
Denials J. Sheehan of Lowell and Mrs.

## FUNERALS

**GAGE**—The funeral of Abram I. Gage was held yesterday afternoon from the rooms of Undertaker C. M. Young. Services were conducted by Rev. S. W. Cummings and the bearers were relatives. Burial was in the family lot in the Lowell cemetery.

**CARTMELL**—The funeral of Mrs. Susie D. Cartmell, nee Simpson, took place yesterday afternoon from her late residence, 469 School street. The services were conducted by Rev. Ransom A. Greene, pastor of the Grace Universalist church. Appropriate selections were sung by John J. Dalton and Edward W. Healey. The bearers were James McCulloch, Edward W. Bruce, Edward McIntire and Edward T. A. Lee. Burial was in the family lot in the Edison cemetery. The funeral arrangements were in charge of Mr. Frank O'Brien under the direction of Undertaker George W. Healey.

Miss Mabel Small were held yesterday afternoon from the funeral chapel of Undertaker William H. Saunders, in Hurd street, and were largely attended by Rev. Ebenezer A. Morgan, pastor of the Baptist church.

of the Fifth Street Baptist church officiated. The floral offerings were profuse, including a large pillow inscribed "At Rest," from Mrs. Ann Small and family; spray of white pinks from Mr. and Mrs. Robert Barris and family; spray of white roses from Mr. and Mrs. Charles J. Judge; spray of white sweet peas and pinks, Mrs. Joseph B. Kennedy; spray of pinks from Mrs. William C. Rogers and family; spray of pinks and sweet peas, Veevers family; spray of pinks, the Messers Fox. The bearers were Messrs. Miles Veever, Willie Calvert, Robert Barris, Jr. and John Wylie. Burial took place in the family lot in the Edison cemetery, where the committee consisted of Messrs. Mr. MacDonald, Undertaker, William H. Saunders had charge of the funeral arrangements.

**HENTZ**—The funeral of the late CHARLES Hentz took place yesterday afternoon from his home, Boston road, Billerica. The bearers were Mr. George E. Hedger, Mr. Ernest Smith, Mr. Chas. A. Young, and Mr. P. L. Gleason. A. the grave Rev. F. Foley, O. M. I., of the Holy Trinity church, North Billerica, read the committal prayer. The burial was in St. Patrick's cemetery, in charge of Undertaker J. F. O'Donnell & Sons.

**SULLIVAN**—The funeral of Mrs. Mary Sullivan took place this morning at 8.30 from her late home, 321 Adams street, and was very largely attended. Rev. F. Callahan celebrated a funeral high mass in St. Patrick's church at 10 o'clock. The Gregorian chant was

of Mr. Johnson. The solos were sustained by Miss Alice Murphy and Andrew McCarthy. The burial was in St. Patrick's cemetery, where Rev. Edward Kelly presided at the grave. The bearers were Luke Leary, Louis Landry, Michael Murphy, Daniel O'Connell, Michael Kenally, John Cotteral. There were many beautiful floral offerings. The funeral was in charge of C. H. Moley & Sons.

**MCARDLE.**—The funeral of the late Mr. McArdle took place this morning at 8 o'clock from her late home, 26 Charles street and was very largely attended by sorrowing relatives and friends. The long funeral cortege was led by the Rev. Daniel Heffernan. At 9 o'clock a funeral mass of requiem was sung by Rev. Daniel Heffernan. The choir sang the Gregorian mass. During the mass the solos were sung by Miss Mary E. Whitley and Miss John J. Doyle. The choir members were Robert Bailey, Owen Edwards, Michael Connaway, James. Edwars and Frank Carolin. Burial was in the Catholic cemetery, where the final prayers were read by Rev. Heffernan. The casket bearers were Mr. H. McDonald and Sons had charge.

**NELSON**—Nelsie Harriet Nelson, youngest daughter of Mrs. Amanda Nelson, died this morning, at the home of her mother, at the age of 2 months and 16 days. Funeral services will be held Saturday afternoon from the home of Mr. B. Johnson, 201 Corlies street, at 2 o'clock. Friends are respectfully invited to attend. The funeral arrangements are in charge of Undertaker William H. Saunders.

**FUNERAL NOTICES**

**KELLEY**—The funeral of Dr. William J. Kelley will take place from his home, 129 Moore street, at 2 o'clock, Saturday morning at 8.30 o'clock. Requiem mass at the Sacred Heart church at 9 o'clock. Friends will kindly omit flowers. The funeral arrangements are in charge of Undertaker William H. Saunders.

**HATCH.**—Died July 13, in this city Mrs. Mary L. Hatch, aged 88 years, at her home, 24 Starbird street. She was the widow of Cyrus G. Hatch and two sons, L. William and George C. Hatch. Funeral services will be held at 24 Starbird street, Sunday afternoon at 2.30 o'clock. The funeral arrangements are in charge of the undertaker George W. Bentley.

**HOFFMAN.**—Died, July 14, Richard T. Hoffman, aged 19 years, 3 months. The funeral will take place Saturday afternoon at 3 o'clock from his home, 101 West 5th street. Friends may attend burial private, C. M. Young undertaker.

**BLACK.**—The funeral of Mrs. Ann Black will take place from her home, 62 London street, Monday afternoon at 2 o'clock. A high mass of requiem at the Sacred Heart church at 9 o'clock. Undertakers Higgins & Bros. in charge.

I will also sell to the highest bidder my horse, team and buggy.

# MAN WAS DROWNED

## EXTRA CLOTHES ON BANK

### Police Are Investigating a Supposed Drowning

The police were notified this afternoon that an unknown man was drowned in the Merrimack river almost opposite the car barn in First street. A man walking along the bank of the river found a suit of men's clothes lying near what is known as the "second swimming hole," and he at once reported the matter to the police. It is supposed that the victim was in swimming and was seized with a cramp and drowned. Search is being made for the body but up to the time of going to press it had not been recovered nor had any one been located who might know the victim's name.

### BEFORE A MASTER

#### Hearing on Claim of Mrs. M. A. McCormick

At the court house on Gorham street today a hearing was held before Judge Pickman as master on the claims of Mrs. Mary A. McCormick against Bernard J. Callahan, her brother, an accounting of certain funds, the total amount involved being between \$4000 and \$5000.

The case has been pending over a year, having been assigned for hearing before a master by the superior court last year. Another session of the hearing will be held next week.

### HELD IN \$2000

#### YOUTH ACCUSED OF HOLDING UP A SALOON

NEW YORK, July 15.—Charged with felonious assault and robbery, Jacob Goldberg, nineteen, was arrested yesterday by police officers on the charge of holding up a saloon with a companion and taking \$222 in cash and jewelry.

According to the complaint, Max Bank, who keeps a cafe at No. 175 Chrystie street, the two men arrived while half a dozen customers were in the place early Wednesday night.

Goldberg's companion covered the people and the tables while he covered the proprietor and took \$12 out of the till. As Bank followed Goldberg the latter's companion struck him over the head with a seltzer bottle, falling him. The two then took from Bank's pocket a watch and chain valued at \$80 and \$140 in cash. Then the two escaped in a taxi.

Bank with Detectives Caeassa and Murphy and Samuel Rand, who witnessed the hold-up, after a tour of the place, took the case today in East Houston street yesterday.

He kicked and bit the officers until a crowd attempted to free him, forcing the police to threaten to shoot.

Goldberg was held in \$2,000 bail.

### LOOKING FOR A HOUSE

#### WASHINGTON, July 15.—Governor Hughes finished his house hunting tour of the capital and left for Albany today. The governor, it is understood, worked a long list of select houses down to a half dozen possibilities and Mrs. Hughes will stay the final word.

### FOUND NOT GUILTY

#### NEW YORK, July 15.—Capt. Samuel Lyons of the 25th infantry, U. S. Army, recently returned from Fort Myer, Va., for irregularities growing out of the Brownsville, Tex., matter, was found not guilty and honorably acquitted by the court. Gen. Walter Howe, commander of the department of the east, however, nothing as reviewing authority, passed upon the case today and disapproved the finding of the court.

### GONE ON AUTO TRIP

#### Mayor John F. McEneaney, Purchasing Agent, Peter A. MacKenzie and Supt. Redmond Welch of the police department left Lowell today in an automobile for Springfield, where they will take the Knox and Pope-Hartford factories prior to the purchase of a patrol wagon for the police department.

### WANT OATH MODIFIED

#### ST. LOUIS, July 15.—Anthony Matrino, national secretary of the American Federation of Catholic societies, today received a letter from Arthur Kibbe, honorable secretary to King George of England, acknowledging the receipt of the letter of 3,000,000 Catholics of the United States asking the king to use his influence to have the "royal accession oath" modified.

### JUDGE PICKMAN

#### Talks on Parks and Playgrounds

### ALD. GRAY'S CRITICISM DIDN'T WORRY PARK COMMISSIONERS.

Settees Will Not Be Installed in Anne Street Until Park is Finished—Playground at Fort Hill Park Will Be Best in Country—Playground Supervisors Teach Boys How to Swim

Asked today if he had anything to say relative to the statement made by Alderman Gray, chairman of the committee on appropriations, to the effect that the park commission was not spending its money wisely, Judge John J. Pickman, chairman of the board of park commissioners, said: "Mr. Gray has a right to his opinion and it is not strange that different men hold different opinions. The Anne street park does not really come under the jurisdiction of the park commission, but is held in trust by the mayor and the chairman of the board of park commissioners."

"I have been asked repeatedly why the settees have not been installed in the park, at least in the finished portion of it, and I have said and I repeat that I will not approve of the putting in of the settees until the park has been finished and so lighted as to assist the police in keeping out objectionable characters."

"A full official who had to do with the giving of land in Anne street for park purposes told me he feared it would invite the objectionable characters of both sexes and a boarding house keeper in Anne street made a similar remark. I assured them that there would be no trouble along that line. I talked with the mayor and superintendent of police and they agreed to have the park policed for the first year at least. The officer who looks after the city hall could also have an eye on the park."

"So far as the laying out of the park is concerned the board of commissioners allowed that in order to make it worthy of the city it should be laid out by someone familiar with such work and we engaged just that kind of man. City Civil Engineer Bowers made a working plan of it and instead of it costing \$100 as stated by Mr. Gray, it cost just \$574. The sum of \$400 was all that the appropriations committee recommended or that the city council voted for Anne street park and \$26 of that amount remains unexpended. More money was asked for, but it hasn't materialized."

### Fort Hill Ball Grounds

"Relative to the ball grounds at Fort Hill I would say that it might be well not to criticize until the work is done. I think that the ball ground when finished will speak for itself. The ball ground or playground at Fort Hill park is the latest and the creation of the park commission. The city council voted \$1000 for a ball ground and playground there about two years ago and the commission is simply carrying out the instructions of the city council. I think that when finished it will be one of the best ball grounds in the city. The wall spoken of as a costly affair is a retaining wall and it was absolutely necessary to build such a wall in order to make the grounds. The grounds will not only accommodate the boys and girls in Belvidere but will also be easy of access for those living out. Lawrence street way it is a permanent improvement and a good investment."

### MAN WAS BURNED

#### MADISON, Me., July 15.—S. E. Pingham, a prominent merchant at Anson was burned on one hand and arm today while repairing his young son's bicycle in his burning stable. The little fellow had tried to save his pet horse and was somewhat overcome by smoke but not burned.

### BAD MONEY

#### WASHINGTON, July 15.—A very poor counterfeit of a two dollar silver certificate has been reported to the treasury secret service. It is of the series of 1899 adorned with a portrait of Washington. The seal is purple instead of blue.

### NEWPORT PASTORS

#### WILL NOT MARRY DIVORCED COUPLES

NEWPORT, July 15.—Newport clergymen will no longer take any part in marriage ceremonies wherein either applicant for such ceremony has been granted a divorce, no matter why their matrimonial troubles were caused.

A couple, whose identity is being shrouded in mystery, recently called upon many Newport clergymen, but the ministers visited refused to marry the pair, and they departed for parts unknown.

The parties came in an automobile and did not seek the city guardians to learn the regulations required to obtain a marriage license. Within the past 24 hours, and without any official notification to anyone, the clergymen have for once and for all decided not to perform marriages for divorced persons. No one knows why or wherefore this action has been taken.

The law is such, however, that divorced couples can and have been married by justices of the supreme court and superior court judges, and so long as couples are willing to be wedded in this manner the justices will oblige them, as in the case of Mr. and Mrs. Hollis H. Hunsawell here some years ago, and two years ago in the case of Herbert M. Harriman and Mrs. Brady Hall.

If you want help at home or in your business, try The Sun "Want" column.

## WHO IS MAYOR? DEEP MOURNING

### City Affairs in Lawrence Are in Over Deaths of Young Hoffman and Miss Clegg

#### a Turmoil

LAWRENCE, July 15.—City affairs are in a turmoil here today and the heads of the departments are in a quandary as to who is the legal mayor and from whom they shall take orders. Mayor White still claims that he is able to fulfill the duties of his office even though he is in jail here serving his three years' sentence for alleged conspiracy to bribe, while Thomas R. Jordan, president of the board of aldermen, claims that he is the acting mayor.

As a result there was a conflict of authority today. The mayor conferred with several city officials in the jail today and signed a paving contract with a local contractor, besides approving the contractor's bond. Acting Mayor Jordan occupied the mayor's office all day and summoned the heads of the departments to him and gave orders regarding different matters in connection with city affairs.

### Both Were Popular and Were Keeping Company Together—Supt. Welch Cross Examines Mr. Grenier As To Cause of Accident

The bodies of Richard P. Hoffman and Mary A. Clegg, the victims of Wednesday night's drowning accident, were removed to their respective homes yesterday. The funeral of Mr. Hoffman will take place tomorrow afternoon, while the funeral of the young girl will take place on Sunday afternoon. From the proximity of the bodies when found it is apparent that the young man, who was a good swimmer, made an attempt to save his companion after they had been thrown into the river. The young couple worked in the Talbot mills, Hoffman as a carpenter, and Miss Clegg as a weaver. They went to work together on the same car every morning and had been keeping company for a short time. Both were popular young people and all Wigginsville is mourning the untimely death of Miss Clegg, who was a prime favorite in that community. Supt. Welch sent for Mr. Grenier, owner of the motor boat that ran into the canoe, yesterday afternoon and put him through a cross examination relative to the accident. It is the intention of the superintendent to get the fullest information regarding the accident and to invoke the aid of the federal authorities to enforce the law relative to the lighting of craft on the river.

### CITY OFFICIALS KEMP IS SUED

#### Five of Them Ordered Removed His Income of \$15,000 Cut Off

BOSTON, July 15.—No reasons were made public for the removal of five city officials which were ordered today. The men ordered removed were Adam McClure and John W. Lohan, assistant superintendents of the distribution of the water department, and John Duane, Jr., Edward E. Hannon, and Frank J. McNulty, assistant conveyancers in the surveying division of the street laying-out department at the city hall.

NEW YORK, July 15.—Geo. Kemp, Jr. of Paris, son of Ned Kemp, Sr. of New York, who died leaving \$10,000,000 to his relatives, had his income of \$15,000 a year cut off yesterday by a supreme court action begun by Mrs. Jeannette De Muth. Mrs. De Muth is a former society woman whose marriage to Louis De Muth of 111 West 57th street, was annulled several years ago. Her fortune, much of which came through a settlement that De Muth made upon her at the time of their separation, has dwindled. She is now reduced to poverty and has retained Attorney James S. McDonough of 111 Wall street, to try to get back the money she claims to have loaned young Kemp.

### WAGE INCREASE GRANTED

#### SCRANTON, Pa., July 15.—Negotiations between the Lackawanna railroad management and its engineers in respect to a new scale came to an amicable end this afternoon when officials representing the parties signed an agreement carrying with it an increase in wages of 13 per cent.

She has in her possession notes, signed by Kemp, amounting to more than \$40,000. This money, she alleges, was loaned to Kemp in Paris during 1906 and 1907 while she was in the French capital as a visitor. With the accrued interest her claim now amounts to about \$60,000.

### STEAMER STRANDED

#### SAN FRANCISCO, July 15.—The Pacific Mail S. S. company received today the following cablegram from its agent at Yokohama: "The Mongolia, leaving Shimidzu, stranded off Okita at 3 a. m. on Friday. Must be lighted before she will come off. It is most probable that this will take three days. No damage done to hull or engine."

George Kemp, Jr., married against the will of his father many years ago when he was a familiar figure on Broadway and at Newport. His father provided in his will that George might have an income from a trust fund deposited in the New York Life Insurance & Trust company, sufficient to warrant an allowance of \$15,000 a year.

### BEEF TRUST INQUIRY

#### CHICAGO, July 15.—The special federal grand jury will begin its investigation of the so-called beef trust on Monday, according to statements by government officials today.

Fifteen years ago Kemp went to Paris to make his permanent residence there. While crossing the ocean, it is asserted, he met Mrs. De Muth, who had just had her own marriage annulled. They became friends and renewed the acquaintanceship in Paris. Mrs. De Muth said she loaned Kemp money on his assurance that he would be able to repay it from the cash he expected his father to give him. When his notes fell due he was without funds.

### Ten Thousand People Went Blind

#### Last year in New York state alone. How about your eyes? Caswell Optical Co., 11 Bridge St.

Mrs. De Muth yesterday sued to attach Kemp's income from the New York estate. She has named the trust company and the trustees of Mrs. Juliet Kemp's estate as defendants. Arthur Kemp, one of the trustees, is a brother of George Kemp and brother-in-law of Mrs. De Muth.

Use  
Patriotic  
Power

Remember that every holiday electric power is on duty for 24 hours.

Lowell Electric Light

60 Central Street

## ONE MAN DEAD

### Bandits Made Raid on a Construction Camp

CLEVELAND, O., July 15.—One man is dead and two others are badly wounded as a result of a raid of bandits on a Lake Shore construction camp near Olmsted Falls last night. Charles Brunner, aged 30, who was shot through the abdomen, died today. The injured men are James Counterpane, shot through the body, and Thomas Zurich, shot in the head. It is believed they will recover.

The first man handed over \$33, the sole booty of the robbers. Three others said they had no money, and the robbers opened fire.

### PRESIDENT TAFT

#### Will Dedicate the Pilgrim Shaft

There was a rush from the shack. Many of the workmen had revolvers, but as the bandits ran as soon as they fired at their victims they were out of sight before the men in camp had an opportunity to return the fire.

Lake Shore detectives believe the five negroes are the same men with whom Detective Briedenbach had a pistol fight near Shawville yesterday afternoon.

Shortly before midnight five negroes appeared at one of the shanties and awakened the laborers and demanded their pay envelopes.

Under a recent decision of the appellate division of the supreme court it was held that a man's income can be attached by his creditors, even if this income is derived from a trust fund. Mrs. De Muth's action is based on this ruling. Pending the trial Kemp's income will be held up by the trustees.

### AMERICAN SPEAKERS LED

#### NEW YORK, July 15.—The terseness of American speakers gave them the leading place at the World Missionary conference at Edinburgh, Scotland, and left the English orators far behind.

According to J. Campbell White, general secretary of the missionary movement, who returned on the White Star liner Majestic yesterday, the debate on all questions was limited to seven minutes, and the ability of the Americans to cover their subject in the limited time was commented on by the Continental delegates.

"Our delegates," said Mr. White, "went straight to the point. The other delegates thought it necessary to make apologies, and oftentimes got no further than the introduction."

### SUFFRAGETTE CAMPAIGNERS

#### CHICAGO, July 15.—The first suffragette campaigners on the street today consisted of a woman justice of the peace, a woman doctor, four Vassar girls and two men equipped with an automobile.

NEW YORK, July 15.—Despite reports that the indictments against James Hutton, Charles Kettel and others in the cotton pool have been found defective and would have to be set aside and new indictments drawn, Judge Hand will hear arguments by Adrian H. Larkins and Assistant U. S. Dist. Atty. Frankfurter on the plea of statement by the defendants and the demurrer by District Attorney Wiles.

# 6 O'CLOCK THE WAGE DISPUTE

## On the Pennsylvania Road Not Settled Yet

PHILADELPHIA, July 15.—With the manager of the Pennsylvania railroad and the leaders of the Brotherhood of Railroad Trainmen and the Order of Railroad Conductors standing firm there were no developments today in the wage dispute which has now reached an acute stage. Negotiations were broken off today between the trainmen and conductors employed on the lines east of Pittsburgh, Buffalo and Erie when after two conferences between General Manager Myers of the company and the labor leaders a settlement was not reached.

Following the conferences the committee representing the men empowered a sub-committee of six headed by A. R. Garretson, president of the Order of Railroad Conductors and W. G. Lee, president of the Brotherhood of Railroad Trainmen to call a strike whenever it deemed it necessary.

Mr. Garretson said: "It's all off. Nothing will come from us in the form of overtures. We are ready to go out and can stand it if the company can. There will be no compromise on our position."

The labor men declare that they do not propose to invoke arbitration as provided by the Erdman act but it is said in some quarters that the railroad company may take advantage of the Erdman act and appeal to the federal authorities to intervene in the settlement of the dispute. The trainmen and conductors demand that they be paid for ten hours work, the rate they are now receiving for eleven hours. They also demand better working conditions.

## SEN. DICK MEETS TAFT

BEVERLY, July 15.—Senator Dick came to Beverly this morning and will see President Taft this afternoon. While Senator Dick will talk over Ohio politics with the president he comes on his own initiative and will in no way represent the president in Ohio after his conference is over.

A delegation from the international school of peace will visit the president this afternoon to ask him to participate in a celebration in 1912.

Governor Quinby of New Hampshire has an appointment at the Taft cottage this afternoon to invite the president to New Hampshire. H. C. Emery, member of the tariff board, notified the president of his return from investigations in Europe today. It is likely that the president will confer with Mr. Emery while on his trip to Maine.

Miss Helen Taft left this morning for Murray Bay, Canada.

## YOUNG WOMAN KILLED

NEW YORK, July 15.—An odd accident, causing the death of a young woman, occurred here today when a sheet of window glass, loosened in washing, fell five stories and killed Miss Lena Phillips. She was almost decapitated.

## TO HELP CANADIAN CITIZENS

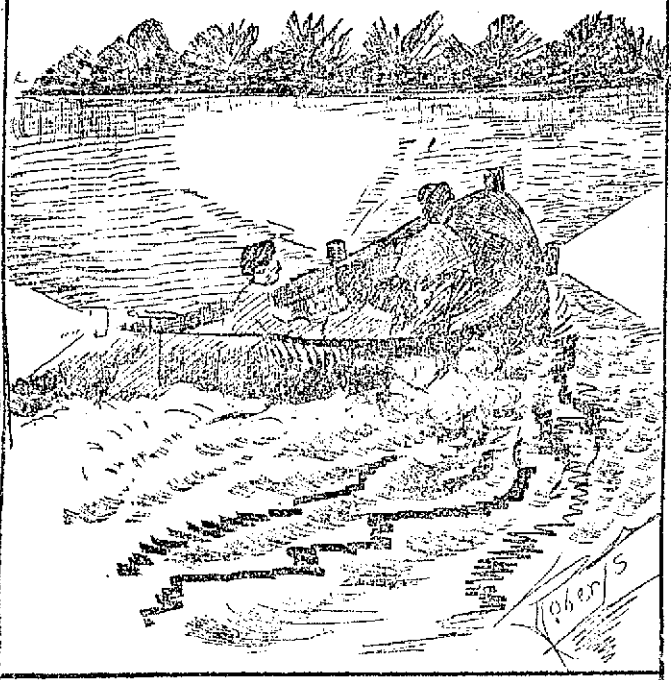

BOSTON, July 15.—As a result of a meeting of Canadian citizens of Boston at the city hall at noon today, Premier J. Douglas Hazen of New Brunswick was instructed to draw upon the committee for \$5000 to assist the people of Campbellton. Over \$1600 was received at the meeting. Mayor Fitzgerald was authorized to appoint a committee to receive contributions.

## IN RECEIVER'S HANDS

NEW YORK, July 15.—The Maxwell Bros. Co., box manufacturers, was placed in the hands of a receiver by Judge Carpenter in the United States district court today at the request of the Red River Lumber Co. The company's liabilities are said to be more than \$200,000 and the assets claimed to be \$16,000.

# RIVER ILLUMINATED

## Motor Boats and Canoes Respected Law Last Night

ALL BOATS ON THE MERRIMACK LAST NIGHT WERE WELL SUPPLIED WITH LIGHTS.

## Stringent Law Relative to Motor Boats Was Signed by President Taft On June 7—It Requires All Boats to Display Three Lights

A visitor along the banks of the Merrimack river last evening would think that some gala occasion was being observed, for up and down the river, nearly every motor boat, canoe and boat house raft was illuminated, and the spectacle was quite pleasing to behold.

Until the publication in The Sun yesterday of the federal laws relative to lights on craft on inland government rivers a majority of the canoe and motorboat owners never knew that there was any law governing them, particularly the canoes. But as was stated in yesterday's Sun all rafts and boats propelled by hand, power, horse power or by the current of the river must show at least one fixed white light at night.

The laws published by The Sun yesterday were the regular navigation laws applicable to all vessels on navigable waters. Since their enactment the boat came into vogue and only a month ago June 7th President Taft signed a new federal law relative to motorboats which is much more stringent than the old navigation laws and which is printed in full below. Under the new law every kind of a motorboat must have three lights, white, red and green, and must be equipped with bells and fog whistles. The penalty for violation of the new law is a fine of not more than \$100 while the owner thus fined may have his boat confiscated by the government.

The new law relative to motorboats is as follows:

**AN ACT**

To amend laws for preventing collisions of vessels and to regulate equipment of certain motorboats on the navigable waters of the United States.

Be it enacted by the senate and house of representatives of the United States of America in congress assembled,

That the words "motor boat," where used in this act shall include every vessel propelled by machinery and not more than sixty-five feet in length, except tugboats and towboats propelled by steam. The length shall be measured from end to end over the deck, excluding sheer: Provided, That the engine, boiler or other operating machinery shall be subject to inspection by the local inspectors of steam vessels, and their approval of the design thereof, no all said motor boats, which are more than forty feet in length, and which are propelled by machinery driven by steam.

Sec. 2. That motor boats subject to the provisions of this act shall be divided into classes as follows:

Class one. Less than twenty-six feet in length.

Class two. Twenty-six feet or over and less than forty feet in length.

Class three. Forty feet or over and not more than sixty-five feet in length.

Sec. 3. That every motor boat, in all weathers from sunset to sunrise, shall carry the following lights, and during such time no other lights which may be mistaken for those prescribed shall be exhibited:

(a) Every motor boat of class one shall carry the following lights:

First. A white light aft to show all around the horizon.

Second. A conical lantern in the fore part of the vessel and lower than the white light aft showing green to starboard and red to port, so fixed as to throw the light from right ahead to two points abaft the beam on their respective sides.

(b) Every motor boat of class two and three shall carry the following lights:

First. A white light aft to show all around the horizon.

Second. A white light aft to show all around the horizon.

Third. On the starboard side a green light so constructed as to show an un-

broken light over an arc of the horizon of ten points of the compass, so fixed as to throw the light from right ahead to two points abaft the beam on the starboard side. On the port side a red light so constructed as to show an unbroken light over an arc of the horizon of ten points of the compass, so fixed as to throw the light from right ahead to two points abaft the beam on the port side. The glasses or lenses in the port side lights shall be of not less than the following dimensions on motor boats of—

Class two. Sixteen square inches.

Class three. Twenty-five square inches.

On and after July first, nineteen hundred and eleven, all glasses or lenses prescribed by paragraph (b) of section 3 shall be fresnel or fluted. The said lights shall be fitted with inboard screens of suitable height and so set as to prevent these lights from being seen across the bow and shall be of not less than the following dimensions on motor boats of—

Class two. Eighteen inches long.

Class three. Twenty-four inches long.

Provided that motor boats as defined in this act and under sail shall carry the colored lights suitably screened but not the white lights prescribed by this section.

Sec. 4. (a) Every motor boat under the provisions of this act shall be provided with a whistle or other sound-producing mechanism capable of producing a blast of two seconds or more in duration, and in the case of such boats so provided a blast of at least two seconds shall be deemed a prolonged blast within the meaning of the law.

(b) Every motor boat of class two or three shall carry an efficient fog horn.

(c) Every motor boat of class two or three shall be provided with an efficient bell, which shall be not less than eight inches across the mouth on board the vessels of class three.

Sec. 5. That every motor boat subject to any of the provisions of this act, and also all vessels propelled by machinery other than by steam, more than sixty-five feet in length, shall carry either life-preservers or life belts or buoyant cushions, or ring buoys or other device to be prescribed by the secretary of commerce and labor sufficient to sustain afloat every person on board and so placed as to be readily accessible.

All motor boats carrying passengers for hire shall carry one life-preserver of the sort prescribed by the regulations of the board of inspecting inspectors for every passenger carried, and no such boat while so carrying passengers for hire shall be operated or navigated except in charge of a person duly licensed for such service by the local board of inspectors.

No examination shall be required as the condition of obtaining such a license, and any such license shall be revoked or suspended by the local board of inspectors for misconduct, gross negligence, recklessness in navigation, intemperance, or violation of law on the part of the holder, and, if revoked, the person holding such license shall be incapable of obtaining another such license for one year from the date of revocation. Provided, That motor boats shall not be required to carry licensed officers except as required in this act.

Sec. 6. That every motorboat and also every vessel propelled by machinery other than by steam, more than sixty-five feet in length, shall carry ready for immediate use the means of promptly and effectually extinguishing burning gasoline.

Sec. 7. That a fine not exceeding one hundred dollars may be imposed for any violation of this act. The motor boat shall be liable for the said penalty and may be seized and proceeded against, by way of libel, in the district court of the United States for any district within which such vessel may be found.

Sec. 8. That the secretary of commerce and labor shall make such regulations as may be necessary to secure the proper execution of this act by collectors of customs and other officers of the government. And the secretary of the department of commerce and labor may, upon application therefor, remit or mitigate any fine, penalty or forfeiture relating to motor boats except for failure to observe the provisions of section six of this act.

Sec. 9. That all laws and parts of laws only in so far as they are in conflict with the provisions of this act shall be deemed to be amended or revised by this act.

Sec. 10. That this act shall take effect on and after thirty days after its approval.

### MONEY FOR EMPLOYEES

WACO, Tex., July 15.—H. G. McHarg of Stamford, Conn., who recently sold his belongings in the Texas Central railroad has notified the present management of the road that he will give a year's salary to all employees who have been in the service of the road for 25 years and to every conductor, agent, brakeman and porter, a month's salary.

### KILLED INSTANTLY

FOSTORIA, O., July 15.—Grasping the two wires of a cut-off switch with which he had playfully intended to electrocute a pinching bug, Clarence Noble, night engineer at the Standard Light & Power company, was instantly killed last night, 3,000 volts passing through his body.

# FIREMEN OVERCOME

## Blaze in New York Caused a Loss of \$100,000

NEW YORK, July 15.—Nine firemen were overcome by ammonia and smoke in a two alarm fire which started in the storage warehouse of Linder & Son, shortly before last midnight, and was not under control until some three hours later. The warehouse on Jay street is in the very center of a district filled with commission houses, storage houses and shops, which contained millions of dollars worth of inflammable material and the firemen worked very hard to confine the flames to the building in which they started. The loss was about \$100,000, to which may be added a considerable loss to dealers in perishable fruits and vegetables, arising from the fact that the commission merchants doing business near the scene of the fire could not reach their places of business inside the fire lines in many instances for several hours.

# STEAMER SEARCHED

## Dr. Hawley Crippen, Wanted For Murder, Not Found

NEW YORK, July 15.—The first of the big liners on which it was thought Dr. Hawley Crippen might reach here from England, whose police have requested his arrest, passed up the bay early today after having undergone a search at quarantine which failed to reveal any sign of the American physician whose wife was found murdered in his London home. The steamer was the big Lusitania which left England on Saturday when Dr. Crippen was supposed to have taken passage for this country in company with a young woman named Ethel Clara Leneve, formerly the doctor's stenographer.

The steamer St. Paul, due from Southampton some time tomorrow, the Cedric, due from Liverpool on Sunday, and all other steamers from English ports reaching here within the next few days, will be searched by the New York police. German lines which touch at an English port will be searched by the New York police on their arrival in this country will be neglected in this effort to apprehend the fugitive.

On notification of the police from Trenton, N. J., a detective was dispatched to Trenton today to examine the body of an unidentified merman who shot himself in that city yesterday in a baseball park. The man resembled Dr. Crippen in many particulars being about the doctor's age and stature and wearing a short moustache which appeared to have been trimmed recently. Crippen had a long moustache of dark brown when he left London.

**TRACES OF POISON FOUND**

LONDON, July 15.—While the police authorities were exhausting their resources today to lay hands on Dr. Hawley H. Crippen, the American, and his woman typist, physicians were examining the mutilated body of his wife with a view to determining the manner in which the murder was done.

The finding in the cellar of a revolver gave rise this afternoon to the report that the vaudeville artist had been shot before the body was battered into an unrecognizable mass and buried in quicklime in the cellar of the Crippen home at Hilldrop Crescent, North London.

It was also reported that traces of poison had been found by the doctors. The latter will present their theories as to the cause of death at an inquest to be held tomorrow.

It has been a long time since a murder has attracted such general attention. The fact that the murdered woman was an American, as is the husband, who is charged with the crime, has spurred the police to unusual activity. The full force of Scotland Yard under the personal direction of Supt. Forest, is making a thorough search for the fugitive doctor and Miss Ethel Clara Leneve that they believe will be successful. Miss Leneve was employed by Dr. Crippen as a typist. It is stated that Mrs. Crippen objected to the presence of the young woman in her husband's office and that his refusal to dismiss her led to frequent quarrels between husband and wife.

Soon after Mrs. Crippen disappeared Miss Leneve appeared in public with Dr. Crippen, who introduced her as his wife. To acquaintances the doctor explained that his former wife had left him following a quarrel and that she had subsequently died.

The police say that Crippen and Miss Leneve left the Crippen home together some time in the latter part of last week. They are still convinced that the two fled the country, sailing for the United States or to the continent. At the same time both are reported having been seen in different parts of this country and if the authors of these reports are not mistaken the two have separated. If this is the case the police believe that they separated in the hope of avoiding detection.

The officials have notified the authorities at every port to which steamers have recently sailed from this country of the possibility that Dr. Crippen and Miss Leneve will be found among their passengers and have asked for their arrest. The police are following every clue throughout Great Britain.

Warratta's Willow Dale Tonight.

### MATRIMONIAL

The marriage of Mr. Andrew A. Dolan and Miss Catherine McGlone, an estimable young couple of Belvidere, took place yesterday afternoon at the parochial residence of the immaculate conception church, Rev. George J. Nolan, O. M. I., performing the ceremony. The bride was attended by Miss Anna A. Cassidy, and the best man was Frank H. McGlone, a brother of the bride. The bride wore cream colored silk and carried lilies of the valley. The groom wore a tuxedo in navy blue. After the marriage a reception was held at the home of the bride, 222 East Merrimack street, to immediate relatives only, and the happy couple departed in the early evening on their honeymoon, which will be enjoyed at the waiting places about New York. They were the recipients of many beautiful and costly wedding gifts. Upon their return they will reside at 222 East Merrimack street.

### BANKERS TAKE ACTION

DENISON, Tex., July 15.—Following the receipt of news here that the credit institutions in the east and in Europe have declined to advance money on cotton bills of lading it was stated today that the Texas Bankers Association will ask Governor Campbell to recommend a special law making the railroads directly responsible for the acts of their agents.

### WEEK END SPECIALS

## NATURALIZATION BUREAUS ARE TO BE INVESTIGATED

CONGRESSMEN GOLD FOGLE AND BENNET

NEW YORK, July 15.—To become a citizen of the United States is such a strenuous job that Congressman William S. Bennett and Congressman Goldfogle of New York are making an investigation of the naturalization bureaus throughout the country. Complaints have been filed with federal officials that the naturalization bureaus have surrounded their work with so much red tape that it requires much

patience on the part of a would be citizen to secure his final papers. Congressman Bennett, who is a member of the national immigration commission, will make a tour of the United States and Mexico and file his report at the next meeting of congress. Congressman Bennett, now that William Loeb, Jr. has said that it costs too much to be governor of New York, is the most prominent candidate for the head of the republican state ticket.

## A DEATH THREAT

**Stops Strike Breakers  
From Going Out**

RUTLAND, Vt., July 15.—Threatened with death if they made another trip on the patrol train of the Delaware and Hudson railroad between Whitehall, N. Y., and Rutland, the gang that has been doing repair work since the strike of the section men has turned to go out of Fairhaven, where the men are living in cars. The strike breakers have been warned that if they continue to work they will be killed. Most of them are Italians. The patrol train, which makes daily trips over the road, is in charge of Deputy Sheriff J. H. Polley of Fair-

haven. Only two men now go out with the train to do the repair work. Before the strike breakers became frightened the train carried 34 laborers. None of the local strikers have resumed work.

## THE HIPPODROME

**BIG CROWDS ARE THE ORDER AT  
THE HIPPODROME**

Washington Park under the new management seems to be prospering, and nightly large audiences witness the performance. The program offered for the last half of this week is one of excellence, comprising the following acts: the Italian Troubadours, Mead and Trow, Esmeralda, Edmunds and Codaire, McFall's trained dogs, illustrated songs, motion pictures and the music by Boston's Greater Ladies' orchestra.

Next Sunday night there will be a concert at the park and five reels of the latest moving pictures will be shown, also illustrated songs by the very best singers obtainable.

To the holder of the lucky coupon each night the management is giving away, free of charge, one dozen photographs. These pictures are made by the Marion studio.

The admission on Sunday night is 10 cents and seats free.

## GILBRIDE'S BIG SALE

**GREAT BARGAINS BEING OFFERED TO CUSTOMERS**

The immense sale now going on at the Gilbride department store is a big success. Twenty-five cents may not be much but it buys more goods at this sale than ever offered before. People are flocking to the place from every section of the city and suburbs and it is surprising how quickly they feel their eye on a sale of this kind. The clerks have been increased in number and they are all kept as busy as bees dealing out these great bargains to the public. All you want to do to get the people started is to give them real bargains. Economy seems to be the watch word with everybody and the economy sale is carried out to the letter. You needn't take our word for it, but just call at the store and you will find that you can save a day's pay so easily that it will seem like picking it up on the street. The sale will continue the rest of the week.

## WOLGAST-MORAN BOUT

SAN FRANCISCO, July 15.—Promoter James Coffroth has arranged plans for staging in San Francisco the last of August a twenty round boxing contest between Champion Ad Wolgast and Owen Moran. Coffroth has the promise of the managers of both men, but the date is uncertain because Manager Jones is not certain when Wolgast's arm will be strong enough. Coffroth says he has assurance that the fight game will be resumed in San Francisco just as it was before the recent spasm of anti-pugilism broke out. Coffroth also is considering pulling off some fights in Reno, where hotel and restaurant keepers, gamblers and merchants are eager to welcome another fight crowd.

## IS HELD PRISONER

HOUSTON, Texas, July 15.—J. Burghelm, father of Dr. Clarence Burghelm, reported to be held a prisoner by the Madriz forces in Nicaragua, said last night that he had not heard from his son for some time. At last report the doctor was stationed at Principulka where it is reported he was captured. Dr. Burghelm, who is unmarried, has been in Nicaragua for eight years. He was appointed chief of the sanitary division by General Estrada last October with the rank of colonel. He had entire charge of the sanitary work since.

## THE PORTSMOUTH TREATY

PEKING, July 15.—In acknowledging the receipt of the text of the Russo-Japanese convention which was presented to the foreign office by the diplomatic representatives of the contracting parties yesterday, China will express her satisfaction over the avowed purpose of Russia and Japan to adhere to the terms of the Portsmouth treaty.

## GIRL A FIREBUG

**She Says Moving Pictures Suggested Crime to Her**

NEW YORK, July 15.—Twelve-year-old Ethel Allen confessed yesterday in the children's court that she had twice this week set fire to the apartment house at 426 East One Hundred and Thirty-eighth street, and that the reason she had done so was because she had seen such things pictured on the screen of a moving picture theatre. Ethel admitted that it was she who had written a threatening letter which was found tied to the door knob of her father's apartment, and in which she demanded \$50 as the price needed to keep her from burning up the house and everybody in it. She also laid the

Black Hand part of her statement to moving pictures. Monday a fire was started in some rubbish that had been placed by the girl in the hallway on the second floor. The fire was discovered by a tenant and was extinguished without the aid of the firemen. The next day a second fire was started near the same place. Again the tenants were able to put it out before the firemen arrived. An investigation was begun, and little Ethel confessed. "I saw a moving picture where there was a fire and people were rescued," the child told Detective Brown, "and I also saw one where the Black Hand tried to get money. I don't know why I did it, but I did not mean to do wrong."

Ethel was paroled in the custody of her father. Deputy Fire Marshal De Mallon reported that he had handled a number of similar cases recently. Almost daily some juvenile prisoner is brought before the children's court for a misdemeanor or violation of the law whose act was inspired by moving pictures. Since June 1 there have been between 35 and 40 convictions of the managers of moving picture shows for allowing children under 16 years of age to attend their places without parents or guardians.

Do you cook with gas? Your neighbors do! Why? Read the answer on your thermometer.

**TRAIN DERAILED**  
ALBANY, N. Y., July 15.—An east-bound freight train on the Boston & Maine railroad was derailed between Coley and Usters, east of Mechanicsville, early today, blocking both tracks and delaying traffic. No one was injured.

Claret, Peabody & Company Arrow Collars, Inc.

### AT LAKEVIEW PARK

A thrilling exhibition of autos passing high in the air will be presented by the "Fearless Greggs" every afternoon and evening next week at Lakeview park. All the performances are free. The Greggs come fresh from a long engagement with the Ringling Bros. circus, where they established a tremendous reputation. They are without question the leading aerial autoists in the country.

The act of autos passing in the air is one which has never been seen in New England before except in a circus. Two inclines 75 feet above the ground and more than 100 feet long face each other with counter inclines at the bottom of each. The tops of the two counter inclines are about 15 feet apart.

The Greggs are lifted in their autos to the top of the incline, one on one incline and the other on the other. At the crack of a whip they dash down the inclines at the same instant, making terrific speed. Like a flash they dash up the counter inclines and then come the most spectacular part of the whole act.

One of the Greggs turned a complete somersault in the air, while the other in his auto is dashing a few feet beneath him. Both land flat on the ground in their machines and are not even jarred by their experience. From a distance the spectacle of the two autos in the air is especially thrilling. It will be by far the most sensational act seen at Lakeview park this season.

The dangers of the leaps through the air appear very great, but the Greggs assure people that the dangers are so slight as not to be worth mentioning. They have been performing the feat for some years now and never once has there been even an approach to an accident. It is no easy matter to guide the machines first down the steep, narrow incline and then through the air to a safe position on the ground.

When the Greggs were members of the Ringling Bros. troupe they scored hits all over the country. Now that they are performing independently they have so many offers for performances all over the country that they cannot accept them all. They are to appear at Lakeview park next week as a special favor to the Boston & Northern Street Railway company.

Seeing it is doubtful if the Greggs appear north of Boston again this season after their engagement at Lakeview park is completed, everyone who can appreciate circus acts of a startling and novel character is invited to Lakeview some afternoon or evening next week. All the performances are free.

## THE B. H. HEARING

Continued

Mr. Pickman said it was known to people of Belvidere that the beaming house in Howe street was a nuisance, and yet for years this nuisance was continued unmolested and whether the new building is to be the same in character we do not know, but it is supposed to erect a beaming house, in name at least, in another part of the same section.

"Isn't it fair that we should have some of the knowledge which you of the board of health have, relative to the construction of this new beam house? The public has a right to know what we are to have in the way of a revised, improved, odorless beam house," said Mr. Pickman.

Mr. Hall said that a building would be erected that would not prove offensive to any person or persons. He said that as an officer of the American Hide & Leather company he would vote against expending a dollar for the erection of a beam house unless he knew that it would prove unobjectionable, and right here he remarked that he did not understand that the petitioners were to produce the plans.

Judge Pickman said that respondents could not be expected to go ahead and make a case until they knew what had been planned.

James F. Miskella asked Mr. Hall how many beam houses his company had in the country, and Mr. Hall said there were none in the city.

He was then asked how many of these were odorless and Mr. Hall said "none of them are odorless; several of them do not give an objectionable odor five feet from the building."

Mr. Miskella wanted to know how many of the 18 beam houses were abjectly sanitary and Mr. Hall said he did not consider any one of them to be thoroughly up-to-date, although none had proved obnoxious.

Mr. Edward J. Gallagher as a remonstrant, objected to the manner in which the hearing was held. The remonstrants were not notified and the hearing was in hot weather when many who signed the petition against the house on Perry street were out of town. The half holiday caused more to be absent.

The remonstrants not having any explanation of the plans for the new building must speak of beam houses if they know them in Massachusetts and as they have known one in Lowell.

If the American Hide & Leather company can conduct an odorless beam house why remove the business from Howe street? But we are not convinced that they can; they have not come here to prove that they can and hence I am opposed to locating a new beam house either on Howe street or on Perry street.

All we have been able to gather about the proposed building is, that it will have concrete floors and steel tanks. Will that eliminate the odors? We do not believe so. There must be something else, but the petitioners do not explain just how they will eliminate the odors.

We want to be convinced and this board should be convinced so that no beam house may be located on Perry street that will injure Fort Hill park as a public resort, that will leave the Rogers' Hall school empty, that will affect the Moody school and damage property in the vicinity as the beam house damaged property on Fayette street and Howe street.

He cautioned the board that it would be an outrage against the community to permit an offensive plant to be located in the vicinity of Fort Hill park, in a thickly settled district. He hoped the board would not go back on its record of condemning a nuisance on Howe street only to move it to a different locality. He believed the new beam house should be outside the residential district where it would not injure the public health or damage property.

Frank E. Dunbar, Esq., said that the proprietors of the Bay State mills approached, several months ago, when the matter of removal of the plant to Perry street was projected, that the odors would prove very costly to that concern.

The American Hide & Leather company," he said, "labored under a bad record for many years and they were entirely complacent when injuring other people's property. I do not mean to say they were defiant, but people were constantly harassed by the

odors from the beam house in Howe street.

"Now if the company is in that state of humility and repentance where a proper building can go up, then we will abide by the decision of the health board. But we ask that you protect us from any possible result from the location of the plant in the proposed place. I do not know that the beam house proposed will be offensive. I suppose the board knows we look to the board for protection."

Lawrence Cummings asked the chairman if during the board of health's trip through the west the board had found any odorless beam houses.

"Not odorless; but we visited several in Milwaukee. One of those was Truett's beam house. In front of this was a public park similar to Fort Hill park. The thermometer was 96. We went to see Dr. Rucker, who had cleaned up San Francisco, and we asked him about it and he said it was not unhealthful. But there was very little odor outside of the building. We visited many residences nearby and found no complaint against the beam houses."

"If a beam house should be sanctioned and \$100,000 be expended in construction and the odors should then exist, has the health board any power to restrict it?" asked Mr. Dunbar.

"I contend that it would," answered Mr. Murphy.

Mr. Hall said: "I shouldn't want to build a beam house outside of the town and then cart the products through the Belvidere section just for the reason that there has been objection to the Howe street house, only it would be objectionable in an infinitely greater degree. I should certainly object to doing this when I believe that an odorless beam house can be built in the city."

Mr. Hall said the new house would be at the rear of the present factory in Perry street, with the roof on a level with the first floor of the main building.

Speaking of the responsibility of the board of health, Judge Pickman said that the public, whom the board represents and by whom they are paid, should not only give all the information possible to the public, but should seek to protect the public at every turn. "There is a very great responsibility resting on you in this affair," he said, "and you should do everything that can be done, even to the calling in of an expert so that you may justify yourselves in any action taken."

Daniel J. Donahue said that as a citizen of Lowell he objected to the erection of a beam house in Perry street. He said the nuisance had been allowed to remain in Howe street until the odors became so strong they threw down the old building. He said that the rights of the people should be respected, and he didn't know of anything more uncomfortable than a malodorous beam house. "The stench from Howe street," he said, "used to follow me home." He urged the hiring of an expert examiner to find out if there would be a recurrence of the odors.

James F. Miskella said that the residents of the Perry street section would be discommodated by the new beam

### THEATRE VOYONS

The new program shown yesterday for the first time in Lowell at the Theatre Voyons was a success in every way. Each of the pictures was well staged and their stories interesting and well told. "A Wireless Romance" introduces the new familiar wireless telegraph in a novel manner and its effect on the love story of the hero and heroine is great. "By the Path of a Child" shows one of the cleverest child actresses in the world at her best and the story is one that appeals to every one. "Love Is One Another" is an excellent subject issued by Pathé Freres and its moral is one of the best yet seen in pictures. It introduces several dramatic climaxes and will be appreciated by all. The musical program is an exceptionally good one.

### FATALLY BURNED

CHILDREN IGNITED THEIR MOTHER'S CLOTHING

FALL RIVER, July 15.—Mrs. Catherine Lundy of 935 Pine street died at the City hospital at 3 last night of burns received yesterday. She was conscious almost to the last and suffered great agony. Mrs. Lundy was the wife of Peter Lundy and was 35 years old.

From what can be learned from the children, of which she has four, who were in the house at the time, Mrs. Lundy was asleep on a lounge, which the children, who were playing with matches, accidentally set on fire.

The sleeping woman's clothing was ignited, and she rushed into the tenement of her neighbor, Mrs. Jean Cabral, enveloped in a mass of flames. Before these were extinguished the woman had been burned from head to foot. She was taken to the City hospital.

### LAKEVIEW THEATRE

A drama of considerable strength, well staged, and well acted. That is the story of the play, "A Queen of Hearts," that the Lakeview stock company is putting on this week. As the days go by the bill grows more popular and it bids fair to outshine all the other plays that have been so far presented.

Next week "Master and Man" will be the attraction, the story of which is of gripping interest, while the same qualities are above reproach. And like many of the dramas of this sort there is a quality to this one difficult to define, yet plainly apparent to everyone who sees it.

Do you cook with gas? Your neighbors do! Why? Read the answer on your thermometer.

# MAYOR WHITE GLIDDEN BALLOON

## Conducts City's Business Behind Prison Bars

## Met Little Cyclone in Upper Air That Caused Trouble

LAWRENCE, July 15.—Mayor William F. White, who, at 7 o'clock last night, rounded out the first 24 hours of his three-year sentence for conspiracy to bribe, in an attempt to oust from office Chief James A. Hamilton of the fire department, transacted municipal business during the day in his cell, No. 26, in the jail.

He signed a renewal of all theatre licenses, conferred with his private secretary, his sister, Lawyer Schwartz, City Solicitor Murphy, and Superintendent of Streets Patrick Lyons about paving.

A motion for a second trial, based on newly discovered evidence, will be made within a day or two by Atty. Michael L. Sullivan of Salem in behalf of the mayor. This evidence is said by his friends to be of a sensational character, which, they aver, will show White to be the victim of a political conspiracy. They are so confident of the success of their legal coup that they look for an almost immediate release of the chief executive.

Should this move fail they still have the bill of exceptions to fall back upon. Atty. Sullivan has more than a week in which to prepare exceptions. About six months of Mayor White's term still remain, and he proposes to fight for his pardon. For most in the movement to bring about his release is his sister, Miss Katherine A. White, with whom he lived at 263 Haverhill street. The opposition declare that all of White's efforts to gain his liberty, and

to continue with his duties as mayor, will prove futile. His conviction and imprisonment raises a situation said to be unprecedented in this commonwealth. It involves the very novel point of law as to whether he is entitled to act as mayor until the expiration of his term in January, although a prisoner in the jail, half a mile away from City Hall.

When seen at the jail late yesterday afternoon, Mayor White said to a reporter:

"I intend to administer the affairs of Lawrence until my term expires. If I am not released I shall perform my official duties from my cell. I am still mayor of the city and shall so act. My courage is good because I know I am innocent."

While Mayor White proceeded yesterday to handle the affairs of the city from cell No. 26, the northwest wing of the jail, President Thomas Jordan of the board of aldermen, who was elected to that position by a vote of 3 to 2 last Monday night, after a deadlock lasting six months, claimed to be legally entitled to act as mayor under sec. 6 of the city charter.

The portion of this section pertinent to the issue reads:

"In case of the decease, resignation or absence of the mayor, or his inability to perform the duties of his office, it shall be the duty of the board of aldermen and the common council, in convention, to elect the mayor to serve during the unexpired term, or until the occasion causing the vacancy be removed."

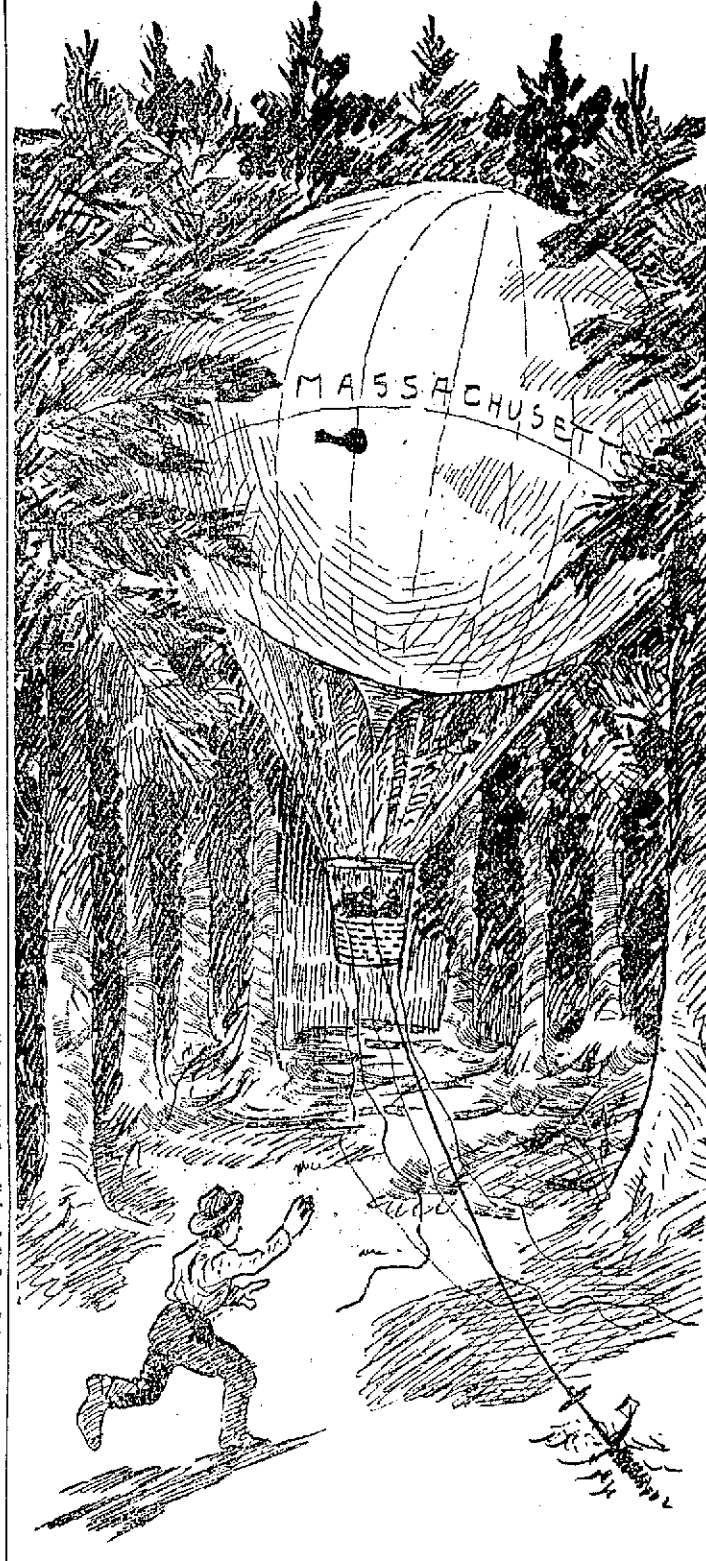

President Jordan and his colleagues contend that, even if Mayor White didn't lose his franchise or his office, as a prisoner at the jail he is unable to properly perform his duties. Hence he called a special meeting Wednesday and the board of aldermen passed an order to have City Solicitor Daniel J. Murphy look up the law and render an opinion.

Alderman Jordan declares that, if he is pronounced acting mayor by the City Solicitor, his first official act will be to oust Private Secretary Ripon, who receives a salary of \$1200 a year.

**EASTERN YACHT CLUB**  
BURNT COAT HARBOR, Swans Island, Me., July 15.—The Eastern Yacht club fleet continued its cruise today, starting for Douglas Island harbor in Narragansett bay, an unfrequented port and so far as known one that has never been visited by the Eastern Yacht club fleet. There was no organized racing today except a private match for three sloops, the other yachts proceeding by ones and twos, some going via Bass Harbor, while the majority took the outside course around Great Duck Island. The weather continues fair, the wind favorable and during the first part of the day there was no fog. Last year the mists came in over night and completely blocked up Burnt Coat harbor, and it was a couple of days before the yachts made their escape. The absence of fog has been a notable feature of this year's cruise, and half the sailors are claiming credit for this piece of good fortune.

The yachts that passed the night in Burnt Coat harbor and enjoyed the annual breakfast of deep sea scallops were the schooners Emerald, Irollita, Savarona, Taormina, Venona and Visions; the yawls Caelique, Vanessa, Rebecca, Natchez and Comanche; the sloops Humana, Doris, Adventuress, Dorella, Algo, Indian, Dorel and Ed-pako II; and the steam yachts Juanita, Veltra, Hope and Avoca. The yachts left the harbor shortly after 10 o'clock with the expectation of reaching Douglas harbor early in the afternoon. After the fleet had left the harbor the sloops Humana, Doris and Adventuress started their race of 25 miles around Great Duck Island.

Do you cook with gas? Your neighbors do! Why? Read the answer on your thermometer.

# 14 FOOT CHANNEL

## Haverhill Asks Government to Deepen the Merrimack

### Mercantile Association of the Merrimack Valley Discussed Project in Conference at Salisbury Beach Yesterday and Agree to Act in Harmony

A great gathering of delegates from the boards of trade and mercantile associations of the Merrimack valley from Concord, N. H., to Newburyport was held at Salisbury beach yesterday as the guests of the Haverhill board of trade, at which the principal topic of discussion was the project of inducing the United States government to provide a suitable channel in the Merrimack river, thus making it navigable for a greater distance.

Haverhill wants a 14-foot channel from that city to the sea and the combined boards of trade will assist Haverhill towards getting it.

The Lowell delegates to the conference were President Harvey B. Greene, Secretary John H. Murphy and Fred C. Garrett of the board of trade, Mr. Garrett being chairman of the committee on transportation. The Lowell men proceeded to Haverhill by autos as the guests of Mr. Garrett. From Haverhill the guests went to Salisbury beach by boat as the guests of L. L. H. Taylor, the owner.

The trip down the river was not only most enjoyable, but profitable as well for it gave the delegates an opportunity to note the navigability of the river and its peculiarities.

The big steam coal carrier, the H. O. Elliston, which makes trips up and down the river and over to Boston or New York with 900 tons of coal aboard was discussed. The vessel draws 9½ feet of water when loaded and has to wait for high tide to navigate the present channel. The Haverhill people want a 14-foot channel for low tide and believe they should have it.

The delegates rode near the pilot house, and the captain explained the points of interest. At Merrimack port the river is wide and there is 10 feet of water there. The delegates were impressed with the possibilities of the river for navigation. Those present on the trip were:

A. M. Childs, L. L. H. Taylor, Chas. S. Cohen and Chas. H. Hayes of the Haverhill board of trade; Harvey B. Greene and John H. Murphy of the Lowell board of trade; Frank A. Cooke of Newburyport; F. F. Harris and James H. Tolles of Nashua board of trade; J. K. Norwood, C. H. Littlefield of the Lawrence board of trade; William Saracel, Jules Descheniers and Fred C. Dunlap of the Manchester board of trade; Charles F. Allen of Haverhill; Mayor Robert E. Burke of

### NEW ECZEMA REMEDY

#### Stops Itching At Once

The new remedy Cadum has astonished the medical world. Many cases of eczema and other distressing skin diseases are reported, and the remarkable feature in most cases is the quickness of the cure. Eczema is not a blood disease, but a skin affection. It cannot be cured by internal medicines. External treatment is absolutely necessary. Since the introduction of Cadum eczema is now recognized as a curable disease, and that tormenting affliction has been robbed of its terrors. Cadum stops the itching at once and begins the healing process with the first application. It destroys disease germs, allays inflammation and is soothing and healing to the skin. From the moment it is applied to any skin trouble immediate relief is felt. It is for pimples, blotches, hives, tetter, itch, acne, herpes, scaly skin, psoriasis, rash, chafing, eruptions, sores, scurvy, scabs, black heads, itching piles, etc. Trial box 10c; large box 25c; all druggists.

## THE PISA TOWER

Crowds Wait to See it Fall

PISA, Italy, July 15.—The government engineers, acting under the direction of the king, have made an examination of the famous tower of Pisa. They report that the tower is in great danger of falling. During the

past year the tower has moved some eight inches, and the foundation daily grows more tottering. The police are having great trouble in keeping the crowds away from the tower, as the spectators expect to see the mass of brick and stone go crashing to the ground any moment.

## WOMAN KILLED

And Her Money Taken  
By Robber

JERSEY CITY, July 15.—Mrs. Rosa Lucashick, 35 years of age, was bound hand and foot and throttled to death yesterday in her apartment at 305 Washington street, Jersey City. The murderer is believed by the police to be a man who was seen in the dead woman's apartments by Mrs. Pella Philip who lives on the floor below. He evidently knew that Mrs. Lucashick had several hundred dollars in her possession, for this money was missing from her dress bosom.

Mrs. Philip found Mrs. Lucashick's body bound hand and foot with pieces of rope and torn parts of the dead woman's garments. The murderer after binding his victim had sunk his fingers so deeply into the woman's throat that marks of his nails show on the skin.

## DR. WM. J. KELLEY

Popular Dentist Passed Away

Dr. William J. Kelley, the well known dentist, died yesterday at his home, 129 Moore street. Deceased had been in failing health for the past year or more. He was a member of the local school board at one time and was well and favorably known in this city. He was a charter member of the local council, Knights of Columbus and also a member of the Alpine club. He is survived by two brothers, Thomas F. of Newport, R. I., and Edward W. of Beverly; a sister, Miss Catherine E. Kelley, the latter a teacher at the Butler school and an aunt, Miss Ellen Flynn.

### MISSING BONDS

APPEAR TO BE IN POSSESSION OF STOCK BROKERS

BOSTON, July 15.—Fifteen of the \$1000 missing telephone bonds claimed as belonging to the estate of Mrs. Jennie S. Gookin, formerly a well known milliner, appear to be in the possession of Simpson, Pearce & Co., stock brokers of New York according to a petition which the firm filed in the superior court yesterday. Since Mrs. Gookin's death in 1908 there has been litigation pending for the recovery of the missing bonds.

Mrs. Gookin it was supposed from the legacies contained in her will had left a large estate. It was known that she had \$40,000 of bonds of the American Telephone & Telegraph company. She had kept the bonds in a deposit vault in New York.

After her death they could not be found, and search for them was made by her special administrator, H. C. Allen. He learned that her sister, Mrs. Anna V. Carpenter, claimed ten of the bonds as a gift from Mrs. Gookin. Yesterday Simpson, Pearce & Co. asked Judge Richardson to let them intervene in the pending litigation over the bonds and to dissolve the outstanding injunction on the telephone company so far as affects the fifteen bonds held by them. They declare that they received the fifteen bonds from the Sherman National bank on Oct. 28, 1909, for the purpose of selling them. They did sell them on the New York Stock Exchange.

The special administrator denies that the firm is a purchaser in good faith. Judge Richardson declined to dissolve the injunction. The one, with its different claimants, will have to be tried out on its merits, probably in the fall.

Do you cough with pain? Your neighbors do. Why? Read the answer on your thermometer.

### WOMAN RESCUED

YOUNG MEN CLIMBED FIRE ESCAPE AND SAVED HER

BOSTON, July 15.—Climbing two stories up an iron fire escape in answer to a woman's cries for help and extinguishing a fire which they found at the top was the brave exploit yesterday of Frederick Hess and Matthew Foster, two young men living at 8 Paul street.

Hess and Foster, who live on the second floor, were aroused about 10.50 by the cries of Mrs. Edward Wilfred, the occupant of the top suite at 11 Paul street. She had been cleansing her baby's coat with gasoline and her clothing had caught fire from a gas stove.

The two young men climbed up the fire escape at the side of the building, Hess scorching and cutting his bare feet, and entered Mrs. Wilfred's apartment through a hall window. They extinguished the flames with rugs and then without giving their names or waiting to receive thanks, returned to their own home.

### CHELMSFORD

The grounds surrounding All Saints' church were the scene of a most enjoyable lawn party, last evening, held under the auspices of the members of the guild. The grounds were lighted by rows of Japanese lanterns extending from the guild room to the rector's study at the opposite end of the church building. Above the tables, arranged closely in the angles of the building were hung colored lights. There was good attendance and during the enjoyment of the delicious ice cream and cake served, very pleasing selections upon a phonograph were given by J. C. Westmore. The decorating was in charge of Robert E. Murphy and Frank Hindle and the ice cream and cake by Mrs. Charles H. Greenleaf, Mrs. Alfred Pasche, Miss Frances Clarke, Miss Minta Pasche, Miss Emma Pasche, J. J. Middleton, and Frank Hindle.

### BAND CONCERT

The second of the series of municipal band concerts was given last night on the North common by the Lowell Cadet band, John J. Giblin, leader. There was a large attendance and the varied program was carried out in a manner which brought forth much applause and it was necessary for the musicians to respond to encores.

The opening number was a march, "Universal Peace" and the concluding piece was "The Star Spangled Banner."

### SKIN DISEASES READILY CURED BY A SIMPLE HOME REMEDY

If you are suffering from any form of skin or scalp disease, would you like to get prompt relief and be permanently cured by a clean, liquid preparation for external use? Mr. A. W. Dows, theuggist, has this remedy in stock and would like customers to know that it is recommended for Eczema, Blackheads, Pimples, Dandruff, Tetter and other diseases of the skin and scalp. Zemo has made some remarkable cures and with each purchase of ZEMO, Mr. A. W. Dows will give you a booklet on skin diseases and you can diagnose your own case and be cured in your own home without any inconvenience or loss of time from business by this clean, simple preparation.

### ANNUAL PICNIC

OF SUNDAY SCHOOL OF PAW-TUCKET CHURCH

The annual basket picnic of the Sunday school of the Pawtucket church was held yesterday at Canobie Lake park. There were about 200 present, and the day was spent in a most enjoyable manner. Two special cars were taken at the Textile school in Moody street at 8.15 a. m. and the return trip was made at 9.15 and 10.15 last night.

The affair was under the general direction of Mr. George Tanner, the Sunday school superintendent, and he was

assisted in looking after the sports by the following efficient committee: James Grant and Harry Pevey, and Misses Ethel Rivet and Hortense Taber.

The winners of the young men's contests were as follows:  
Shot put—First, Leonard Conley, 20 feet, 7 inches; second, Armand Desmarais.  
Running high jump—George Axon, 4 feet, 6 inches; second, James Grant.  
Hundred yards dash—First, Armand Desmarais; second, George Axon.  
Thirty yards dash—First, James Grant; second, William Kinghorn.  
One mile run—First, Armand Desmarais; second, George Axon.  
In the ladies' contests the following were winners:  
Nail driving—First, Mrs. F. E. Har-

ris; Mrs. L. A. Ayer and Miss Cora Bartlett tied for second place, both receiving prizes.

Thirty yards dash—First, Mrs. E. F. Ansart; second, Mrs. F. E. Harris.  
Boys' shoe race—First, Walter Sturtevant; second, Arthur Carpenter.  
Boys' three legged race—Archie Grant and Ernest McDonald.  
Boys' running race—First, David Taylor; second, Walter Sturtevant.  
Girls' running race—First, Florence Bridgeford; second, Alice Willmott.  
Girls under 12—Three legged race, Annie Chapman and Gertrude Wilson; thirty yard dash, Gertrude Kenworthy first, Lillian Wagner second; lemon race, Gertrude Kenworthy first, Mildred Cameron second.

## COL. ROOSEVELT MUST PAY TAX

Has Made Plans for Two Trips

OYSTER BAY, N. Y., July 15.—Col. Roosevelt gave out yesterday the itineraries of the two speaking tours he is soon to make—one into the west late in the summer, the other through the south in the early fall.

The two tours will resemble a campaign trip by a presidential candidate, for the colonel will make not only as many set speeches as his traveling card permits, but he will probably deliver extemporaneous talks from the rear end of his private car. For the first trip a car has already been chartered. The western trip is to begin on Aug. 25 and will end on Sept. 11. The southern trip will last from Oct. 6 to Oct. 13. The itineraries follow:

Western trip—Aug. 25, leave New York; Aug. 27, arrive Cheyenne; Aug. 28, Denver; Aug. 31, Osawatimie, Kan.; Sept. 2, Omaha; Sept. 3, Sioux Falls, S. D.; Sept. 5, Fargo, N. D.; Sept. 6, St. Paul; Sept. 7, Milwaukee; Sept. 8, Preppert, Ill.; and Chicago; Sept. 10, Pittsburg; Sept. 11, arrive New York.

Southern trip—Oct. 6, leave New York; Oct. 8, Atlanta, Ga.; Oct. 10, Hot Springs, Ark.; Oct. 12, Peoria, Ill.; October 13, speech in Indiana for Senator Beveridge, at a place not yet chosen.

The itineraries were completed yesterday only after much thought and labor. Col. Roosevelt's secretary has been studying timetables for the last two weeks, squeezing in as many speeches as train connections would admit of.

Urgent requests for "a few words" have come by hundreds from political organizations, clubs, schools and personal friends. Most of these Col. Roosevelt has been obliged to decline, and in announcing his program yesterday he said he wished it clearly understood that he could consider no further invitations.

Word comes back to Oyster Bay that great preparations are even now under way for the first tour. Fargo, N. D., has assured the colonel, that when he speaks there on Labor day the whole city will not only turn out, but the surrounding territory will contribute its quota for hundreds of miles.

At Chicago Col. Roosevelt will speak before the Hamilton club, a political organization with which his relations for years have been cordial and which is sure to give him an enthusiastic reception. At Milwaukee he will speak before the Press club.

The first address of the southern trip will be on Uncle Remus day, named in memory of Joel Chandler Harris, who in his lifetime was a warm friend. The Peoria speech will be before the Knights of Columbus.

The place for the Indiana speech in support of Senator Beveridge will depend upon the exigencies of the political situation. Thus far Mr. Roosevelt has considered his subject matter only in a general way, but he knows that his speech for Senator Beveridge will be politics pure and simple; a plea for the senator's success in his campaign.

There were no political conferences yesterday at Sagamore Hill. The colonel was busy with his editorial work and his voluminous correspondence.

## GOING ON YOUR VACATION?

Apothecaries

Exclusive Members in Pure Drug Association of America.

67-69 MERRIMACK STREET

To Handle Certain Drug Preparations

WASHINGTON, July 15.—Sections of the country which receive their intoxicating stimulants in the guise of perfumes, essences, medicines or drugs were delivered a body blow yesterday by Commissioner Cabell of the internal revenue bureau, who gave out a list of more than 200 preparations which hereafter may be handled by drug stores only after the government liquor license is paid.

These preparations, including many well known because of their wide advertisement, were examined by the chemists of the treasury department and held to be insufficiently medicated to render them unfit for use as a beverage, or take them out of the class of alcoholic beverages.

Treasury department officials said they believed that many of these preparations were concocted mainly for sale in "dry territory," where the prohibition law made it impossible to legally obtain anything with a liquor flavor.

It is estimated that there are 40,000 druggists in the United States, slightly more than half of whom pay the \$25 yearly special tax, which permits them to sell the preparations involved. Other stores, which continue to vend these mixtures now will be required to pay the tax and the U. S. treasury will be enriched accordingly.

Secretary MacVeagh has issued an order fixing a standard of medication to govern the chemists of the internal revenue bureau in passing on the question of the amount of alcohol that may be used in medicinal preparations in the future, so that they may come within the requirements of law.

Alcohol will be permitted only to the amount necessary to hold in solution all medicine used or to extract or preserve the same. Each prescribed dose of a mixture must contain a normal dose for an adult of drugs or medicine of recognized therapeutic value.

## MAYOR RESIGNS

### After a Lynching in His City

NEWARK, O., July 15.—After a conference lasting many hours, Herbert Atherton, mayor of Newark, resigned yesterday, in response to pressure exerted by leaders of his party and personal friends. The reason given was that it was hoped thereby to save the city from an investigation by the governor, following the lynching last week of an anti-saloon league detective and the subsequent suspension of Atherton by Gov. Harmon.

It was announced that Newark wants to do her own house cleaning. After repeated refusals, Mayor Atherton late yesterday attached his signature to the resignation and then burst into tears.

Under the Ohio law Vice Mayor John M. Ankle, who has been acting mayor since Atherton's suspension, became mayor. Eight new arrests were made yesterday as a result of acting Mayor Ankle's order to arrest every riot suspect. Atty. Gen. U. C. Danman directed the secret examination of witnesses and suspects, which lasted all the afternoon.

The result, it is announced, will not be given out until the case against the mob leaders is complete.

## STEPHEN O'MEARA

### MAY BE A CANDIDATE FOR CONGRESS

BOSTON, July 15.—Police Commissioner Stephen O'Meara, when seen last evening concerning the rumors that he was in the field for the republican nomination for congress in the 11th district, smiled as he said:

"I have learned more about that from the newspapers than from any other source. My term as police commissioner does not expire for eleven months and that is some time yet."

"You haven't made any definite plans about your political future, then?"

"I have never assumed that I had any political future."

"Would you accept a nomination in the 11th district?"

"I should require some general testimony that was wanted before I would give any serious consideration to such a question. Meanwhile I hold an office in which I am bound in honor, if not by actual law, to abstain from any political activity."

Mayor Charles E. Hatfield of Newton, chairman of the republican state committee, said last night:

"Commissioner O'Meara would make a strong candidate should he receive a congressional nomination. To my mind there is no question but that he would win out if nominated in the 11th district. He has made an excellent record in his present position."

## LAWN PARTY

### MEMBERS OF HIGHLAND M. E. CHURCH HAD FINE TIME

An enjoyable lawn party was held on the grounds of the parsonage of the Highland M. E. church in Grove street last night under the auspices of the finance committee of the church. The grounds were decorated with Chinese lanterns and Cushman's orchestra furnished music.

Mr. C. A. Wotton was chairman of the committee on arrangements and he was ably assisted by a number of the men and women of the church.

Automobile rides were one of the features of the evening's entertainment. Messrs. C. A. Wotton and W. R. Kilpatrick had charge of the automobiles.

Messrs. S. E. Clark and Oscar Whitcomb had charge of the ice cream. On the candy table were Mrs. Charles Petrie, Mrs. O. M. Dow and Mrs. A. G. Jarvis. Lemonade and tonic, Mrs. W. R. Kilpatrick.

Miss Ethel Waller, in the role of a gypsy palmist, did a brisk business.

FRIEND BROTHERS' OUTING

The annual outing of the employees of Friend Brothers' bakery was held yesterday at Mountain Rock. The members went to the park in the afternoon where an excellent dinner was awaiting them, after which a program of sports was carried out. The ball game between the married and single men resulted in a victory for the former.

John Grant proved the star athlete in the track events with a win of the high jump and a win of the 100 yards dash to his credit. The picnicers returned to Lowell early in the evening.

## BATHING SUITS

FOR Vacation Days

ALL SIZES. ALL PRICES

Second Floor

## Decided Savings On Ribbons

Neck ribbons and hair ribbons sell quickly these hot days and a good supply is necessary in order to have fresh ones when needed. It will be a good idea to remember our ribbon counter when you are shopping this week, for we are offering the very best ribbon chance you ever met. Stock-taking time ahead is the reason for the great price reduction. All our counter ribbons in the bargain boxes have been marked down to less than bargain-sale prices.

The 25c Bargain Box which holds ribbons selling regularly at 20c, 30c and 35c is now marked, choice ..... 19c

The 19c Bargain Box is now marked, choice ..... 15c

Wash Ribbon, 5 yard pieces, this week ..... 8c

Should Be All Right

There are points about women's muslin underwear that should not be overlooked. The sizes should be right; they should be made to fit and they should be just the same after a dozen journeys to the laundry. Such garments need not be high priced. We sell good ones for little prices. Here are some that have all the qualities called for, as well as the little prices.

Night Robes—Good quality, liberal size, low neck, and short sleeves. Regular price 30c, this week 29c

Women's Drawers—Made of good cotton with wide, deep ruffle of fine tucking, regular price 25c, this week ..... 17c

Corset Covers—French style, long cloth, tucked front, lace neck and sleeves. Regular price 25c, this week ..... 19c

Short Skirts—Extra fullness, good material, hamburger ruffle. Regular price 35c, this week ..... 25c

Chemise—Full length, good cotton, lace and hamburger trimmed, regular price 50c, this week ..... 49c

Long Skirts—Cut very full with wide flounce, hamburger or lace trimmed. Regular price 95c, this week ..... 75c

## Vacation Time Needlework

Not for every minute of the vacation but just a little fancy work to catch up now and then. You will find new ideas and new patterns in stamped linens, both ornamental and useful. An especially good line of patterns for shirt waists, corset covers, chemise, belts, and jabots for both blind and eyelet embroidery.

All the best of the marking notions. D. M. C., Peri-Lustre and Persiana in every size thread.

# The Bon Marche

## DRY GOODS CO.

## Some People Don't Understand

They wonder why it is we are so busy these warm days. But once they come in, look around and learn our prices, the surprise vanishes. Fact is these same people would be more surprised, after knowing our values, if we were not busy. It is no secret. We are doing a rushing business in summer merchandise because we have everything that people need in warm weather apparel and sell the goods at prices which the most economical buyers cheerfully pay. Extraordinary good things this week. We are nearing stock taking time and there are many things departments are willing to close out at a loss of profit rather than count them in stock.

## Among the Wash Dresses

There's a fairy story about a mirror that made beautiful everything it reflected. By a little stretch of the imagination we might almost believe that the artists who designed our wash dresses had some such mirror to help them this season. There is such a delightful variety in these cool, dainty dresses from the simple practical and inexpensive gowns of lawns and percale to the more elaborate and times of silk muslins and embroidered all-overs. Never such a showing in this department before, and never so many purchasers. Don't let this hot weather annoy you when you can make yourself comfortable in one of these thin summery dresses.

At \$1.98—A variety of wash dresses in the serviceable ginghams and percales; all light summery colors, cut high or low neck with long or short sleeves.

At \$2.98—Dresses of figured organdie in lavender, pink and blue or white checked dimity, trimmed with hamburger beading and black velvet ribbon—sizes for misses as well as women.

At \$5.98—Dresses showing a new idea in trimming with Persian bands for waist and sleeve and wide Persian flounce matching for skirt material, the thinnest of muslins. All sizes.

At \$8.98—A dress worth buying of the new polarized fabric, guaranteed not to fade either in the sun or in laundering. Comes in plain colors, trimmed with folds and bands, piped with contrasting colors. All sizes.

## Our Showing of White Dresses

Includes baliste, organdie and Point d'Esprit in all the various forms of dress beauty that the best designers have brought out this season. We can show you as attractive a dress as can be made for \$5.98 in this batiste or muslin, very daintily trimmed with overskirt effect. From this price up to \$7.98, \$10.98 and \$12.98 there are fifteen or twenty different styles, every one a beauty, and at \$16.98 a dress of handsome all-over embroidery with deep pointed tunic skirt, exclusive models to be found only here.

## AN EVENT IN SHIRT WAISTS

Some of the most popular waists we have had this season at full prices are much reduced for today and tomorrow. And from our best makers come other lots of fine waists at price concessions so we are enabled to make this week's shirt waist sale a remarkable day for the department. Hundreds of waists are included in this sale—all new, handsome examples of the very latest shirt waist styles. This is no ordinary lot of waists we tell you of. Materials are of the finest batiste and lingerie cloth and all-over embroidery. Every waist is daintily trimmed, some with real elany and Valenciennes, some with Irish crochet and others are hand embroidered. There are all styles, button front and button back, long sleeves and short sleeves, high neck and Dutch neck, square or V shape. In all, it is the most attractive lot of waists we have shown this season. There's not a waist worth less than \$2.98 and many are regular \$3.50 numbers. All sizes in the lot to 44 and you take your choice today and tomorrow.

**\$1.98**

You miss a golden opportunity in shirt waist buying if you pass this by.

## TRIMMED MILLINERY

### All Hats Marked Down

You couldn't hit upon a better time to provide another hat to finish out the summer than this week, today and tomorrow. Prices in our millinery department have been cut deep, the idea being to close out every single trimmed hat on our counters before stock-taking time. It is the one big week of values. Don't let the opportunity pass.

A COUNTER OF TRIMMED HATS

BLACK SAILORS are still the most popular vacation hat. A new lot of latest styles just received. 69c, 95c, \$1.69

## Dainty Cotton Goods

### Some Rare Values

There will be stirring times in the wash goods section today and tomorrow. Yardsticks and scissors will be more than busy because of a change downward in the prices of several lots of summer fabrics. Best of all is the fact that these reduced prices are not on old goods. Every piece is new; all are of this season's desirable patterns and colorings and worth full price, but we are preparing for stock-taking and are willing to sacrifice profits in order to turn these into money. Such dainty, cool, airy fabrics as we have in this week's sale deserve attention from all who have not yet supplied their needs in this line. But see these early if you are interested—the best things may not be here if you wait too long.

Linen Crash Suiting—27 inches wide—one of the desirable fabrics this season. The mixtures of blue, gray, green, red, brown and black. Several grades that sold at 29c, 39c and 49c. This week ..... 10c

Embroidered Swiss Muslins—Fine sheer cloth with dainty embroidered dots and figures. Several qualities selling up to 49c. All at one price. This week ..... 20c

Satin Stripe Poplin—One of the good things this season. Colored Pique in the light shades, pink, lavender, overcast diagonal in colors and black, grandines, lace stripe. All goods that have retailed up to 40c. This week ..... 20c

Pacific Crash—Especially good for vacation suits, has wear and service with the appearance of a

high priced fabric. Ten colors, regularly 15c. This week ..... 10c

Silk Muslins—Hard to tell them from silk when they are made up. In fact they are half silk. Just realize this and then think of the price. This lot will be sold out early. This week 12 1-2c

DRESS MUSLINS

Four Cents a yard for any that have sold at 5c. Five Cents for over forty patterns selling now at 6 1-4c.

Seven and a Half Cents for a counterful of 10c goods.

Ten Cents for choice of over sixty pieces regular 12 1-2c goods. Who wouldn't have a new summer dress such as these?

## MOSQUITO NET

Two Yards Wide

ALL COLORS

8 Yards in Piece

**50c Pc**

## A Shoe Event

We were about to head this "Shoe Bargains," but the very fact that the shoes are "Queen Quality" kind and the price 'way below regular asking makes the word bargain entirely unnecessary.

We mention the fact that there are only about 200 pairs in this special lot, so the wisdom of an early call will be evident.

Four styles are included—all new 1910 numbers and absolutely perfect in every way—the leather is gun metal finish and the styles are—

Two-Eyelet Tie, Strap Pump, Blucher and Button Oxford.

Every size is here in one style or another. Come and be fitted at a saving of nearly a dollar a pair. Friday and Saturday—

**\$2.29**

## Six For a Quarter

This is the day of the cheap handkerchief. There is a time for everything, and the time for the cheap handkerchief is in the sweltering mid-summer when handkerchiefs are ill used. A half dozen a day is the rule this weather. We recognize the necessity and provide a bountiful supply for this week's business. Dainty, sheer, pure white, some all linen, others with embroidered corners or drawn work borders—fine enough so you need not be ashamed to use them and the price of all is only

SIX FOR A QUARTER

## Serges Navy and White

For those cool, serviceable outing suits for vacation wear. Several excellent values in these serges, both wide and narrow wale, and in lustrous mohairs have come to our department within a few days and purchasers here this week can make a very considerable saving.

42-Inch Navy Storm Serge—Regularly 75c, this week ..... 59c

38-Inch Cream Serge—With a beautiful finish ..... 59c

42-Inch Lustrous Mohair—Brown, navy and gray, this week ..... 50c

36-Inch Poplar Cloth—All colors, ideal fabric for outing suits and bathing suits. .... 25c

36-Inch Mohair—White with black stripe, regularly 50c, this week 37 1-2c

SILK SPECIALS

Every Yard of Silk Wash Goods—Including chiffon pongee, rough pongee, Roscon silks, both plain and figured, sold regularly at 29c and 39c, this week ..... 25c

Black Taffeta Silk—30 inches wide, either rustling or chiffon finish, makes stunning summer suits or can be used for bathing suits, \$1.25 value, this week 89c

# BAY STATE TEAM A RECORD GAME

## Has Best Chance to Win the Lowell and New Bedford Played Nineteen Innings

### Big Trophy

WAKEFIELD, July 15.—Through three stages of the All-America and New England interstate matches, which are being shot together, the Massachusetts state team maintained its pre-eminence yesterday, although the margin between it and its nearest competitor, the U. S. navy first team, was only four points at the close of the 3000 yard range stage.

At 900 yards it was one point behind the navy team, but pulled ahead at 600 yards, the navy team dropping to third place, while the U. S. M. C. team crept up to within a point of the Bay State marksman.

At the 1000 yard range the Massachusetts team was third in points scored, 525, the navy first team leading with 534 and the navy academy team being second with 531; but in the grand total the Massachusetts score was 1605, the navy first team 1601, the navy academy team 1591 and the U. S. M. C. 1585.

There remain two stages to be shot today, 200 yards rapid fire and a skirmish run with the result an unsolved problem.

There is no doubt that Massachusetts state team will win the trophy presented by the New England states and the medals donated by Gov. Devens in the New England interstate match—as it has every year since 1905. The standing of the three teams for the three stages already completed is: Massachusetts 1605, Maine 1558, New Hampshire 1479.

The detail scores of the three stages in both matches follow:

## DOCTOR ADVISED OPERATION

Cured by Lydia E. Pinkham's Vegetable Compound

Galena, Kans.—"A year ago last March I fell, and a few days after there was soreness in my right side. In a short time a lump came and it bothered me so much at night I could not sleep. It kept getting larger and larger and by fall it was as large as a hen's egg. I could not go to bed without a hot water bottle applied to that side. I had one of the best doctors in Kansas and he told my husband that I would have to be operated on as it was something like a tumor caused by a rupture. I wrote to you for advice and you told me not to get discouraged but to take Lydia E. Pinkham's Vegetable Compound. I did take it and soon the lump in my side broke and passed away." Mrs. R. H. Huxey, 718 Mineral Ave., Galena, Kans.

Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has proved to be the most successful remedy for curing the worst forms of female ills, including displacements, inflammation, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, nervous prostration. It costs but a trifle to try it, and the result has been worth millions to many suffering women. We never publish a testimonial letter without the special permission of the writer.

The winner of the officers' aggregate for highest scores in the Quinby match, Hayden match and McLane match was Lieut. Com. Hilary Williams with a score of 191. Lieut. J. E. Parker, 6th Mass., who won it two years ago, was second this year with 180, and Capt. D. W. Wentworth, ordnance department, was the victor in 1909, was third this year with 159.

The New England aggregate for best scores in the Quinby, Hayden, McLane, Essex county, Berwick and Cushing matches was won by Private C. J. Van Amberg, Co. K, 2d Mass., with 327. Sergt. J. H. Keough, Co. A, 6th Mass., was second with 236, and out-ranked Corp. H. E. Woods, Co. F, 5th Mass., who also totaled 326.

Lieut. Com. Hilary Williams won the Quinby match, 300 and 600 yards, with 98. Other winners were Private E. C. Barker, 1st N. H., 98; Corp. H. E. Woods, 5th Mass., 97; Private G. W. Chesley, 3d Conn., 96; Private J. E. Burns, 6th Mass., 95; Lieut. J. E. Parker, 6th Mass., 95; Private G. W. Reid, 6th Mass., 95; Capt. D. W. Wentworth, 1st Me., 94.

Corp. P. S. Schofield won the McLane match, 500 yards, with the extraordinary score of 50 plus 102 balls-cyes. Other winners were Private C. J. Van Amberg, 2d Mass., 50 plus 41; Corp. H. E. Woods, 5th Mass., 50 plus 15; Capt. R. E. Foster, 2d Mass., 50 plus 14; Color Sergt. G. M. Jeffs, 6th Mass., 50 plus 4.

The Hayden trophy match at 200 yards was awarded to Private G. W. Chesley, whose score was 48. This is the third time Priv. Chesley has won this prize. Other winners were Midshipman C. K. Martin, USNA, 48; Sergt. J. H. Keough, 6th Mass., 47; Midshipman W. T. Smith, USNA, 47; Ensign V. V. Woodward, USNA, 47; Lieut. J. E. Parker, 6th Mass., 47; Private C. H. Long, 5th Mass., 46. Among the visitors at the range yesterday were Gen. James G. White, MVM; Col. Robert H. Patterson, USA, commanding the Boston artillery district, and Capt. L. E. Bennett, CAC, USA.

Today will see the completion of the All-American and New England interstate matches, the several re-entry matches and revolver competitions. The Massachusetts rifle association match, which is a skirmish run, will be begun at 5.30 a. m.

Do you cook with gas? Your neighbors do. Why? Read the answer on your thermometer.

### MATRIMONIAL

Lawrence J. Thyme and Miss Jennie C. Alexander were married at the parochial residence of the Immaculate Conception church at 2 o'clock Wednesday afternoon, Rev. William H. Flinn officiated. Francis A. Goggin, Rochester, N. Y., was best man, and Miss Lizzie A. Thyme, a sister of the groom, was bridesmaid.

Mr. and Mrs. Thyme will live at 23 Central street. Mr. Thyme is the Marlboro representative of The Telegram.

—Worcester Telegram, June 6.  
Mr. Thyme is a newspaperman and was formerly on the editorial staff of The Sun. Mrs. Thyme was a resident of this city and is well known here.

## No Scoring After Second Inning —Pitcher Griffith Makes a Great Fielding Record—Tyler Puts Up a Fine Game

Lowell and New Bedford played the most remarkable game of the season at New Bedford yesterday going 19 innings of fast ball playing with New Bedford the winner in the end by a score of 3 to 2.

A double-decker had been advertised and hence the first game started at 2 o'clock, but the one game had more baseball in it than any double header ever played.

New Bedford scored two runs in the first inning and Lowell scored two in the second and from then on came close a battle as was ever pulled off on the diamond.

In the 13th, 14th, 15th and 18th innings Lowell threatened to win but only the sharpest kind of fielding on the part of the visitors prevented them scoring. In three innings men were put out at the plate and on third.

Tyler pitched the entire game for Lowell, and had rather the better of the pitching honors, allowing but four safe hits in nine innings, two in the 10th and two in the 18th, when Covey led off with a single and reached second on a wild throw by Boulton. Tyler was trying for a double play after catching a punt on the fly, and scoring on McCrone's clean drive to center.

Griffith who pitched the entire game for the home team, had a remarkable fielding record, taking part in 20 plays without an error. He had three put-outs and 17 assists. He allowed 12 hits, but outside of the second inning, when two came together, he kept them well scattered.

McCrone and Rising scored in the first inning, the former being hit by a hard ball at first base which he was rising hit to Tenney and Covey muffed the throw at second, and scored on Cunningham's put-out, a grounder to Tenney. Bauman's single to right field scored Rising.

McGee hit safely in the second, and Wilson made an error at Sullivan. A putout advanced both runners, and Blakely produced a single that brought home the runs. In the 19th Covey drove a clean single to center and Griffith tried to punt. The ball was lifted to Boulton, who threw wild to Tenney, allowing Covey to kick himself up and trot to first on a blocked ball. Pruitt substituted for Bridges and struck out. McCrone finished the game with a sharp clean drive to center. Two games were to have been played in the afternoon but one sufficed.

The records of the New England league show just one game which excelled this as regards extra innings. That was the game played over two years ago between Lowell and Haverhill in Lowell, in which 20 innings were played. Seldom, if ever, in any league has a player been credited with 25 putouts, as was McCrone of New Bedford. He played wonderful ball on the first sack. Tenney, too, did great work. Catcher Sullivan, with a record of 18 chances accepted of 19 offered, probably got a league mark for four in one game. The game lasted four hours and ten minutes.

SUPT. E. J. GILMORE,  
Boston Dry Goods Company.

ROBERT CAMPBELL,  
President B. M. M. A.

## THE BON MARCHE

### Delightful Day at Nantasket Beach

It has been the custom of the Bon Marche Dry Goods company to give their clerks an outing for the past six or seven years, but owing to the death of Mr. C. A. Mitchell this feature did not take place this year. Instead the Bon Marche Employees' Benefit association gave the outing and extended invitations to the management. This organization has been in existence for the past three years and the late Mr. C. A. Mitchell was largely responsible for its organization, having suggested it to the employees and then made a generous contribution towards its formation. It has been very popular and has taken care of their sick members for a very small weekly fee. Even yesterday before going away three members who were on the sick list were kindly remembered with flowers and other donations.

Over a hundred members of the organization had made arrangements for having their outing at Nantasket beach. Mr. Robert Campbell, president, who is one of the best business men in the city, was assisted by Messrs. McLean and Richards. They usually have only a half holiday on Thursdays, but Mr. Gilmore, the general superintendent of the Bon Marche Dry Goods company, generously extended the forenoon, making it a whole day's outing which was greatly appreciated by the clerks. The crowd left the city on the 9.30

train for Boston and on arriving, went to Row's wharf, where they took the boat for Nantasket beach. Songs, mirth and hilarity were let loose and one of the most delightful sails imaginable was enjoyed. On arriving at the beach the crowd started for Paragon park, where the many amusement places of the city are located. Mr. Robert Campbell announced that the banquet was ready and he escorted the crowd to the palm garden, where the party did ample justice to the good things provided.

After the banquet speeches were made and a rousing vote of thanks was tendered Mr. Gilmore for his kindness in extending to the association the privilege of an all day outing. Mr. Gilmore in his remarks referred with tenderness to their late employer, Mr. C. A. Mitchell, who had a warm place in the hearts of all his employees. In memory of Mr. Mitchell a toast was drunk in silence. Remarks were made by Mr. Robert Campbell and other members after which they separated to survey the beach at will. A large number went to the bath house and there were seen something doing in the surf. Among the ladies there were some pretty good swimmers and they did several stunts that were not only difficult but amusing. There was plenty of music, dancing, bowling and everything that would go to help make the day's outing a pleasurable occasion.

Mr. Pardello, the assistant superintendent of the Bon Marche, had his camera with him and took several snapshots of the party in some very comical attitudes. Some of the members came home in the early evening with their clothes all the last night, but all were unanimous in saying this was one of the most pleasant occasions ever held by the organization.

## AN EXPLOSION

### Employees of Hat Factory Got Scare

AMESBURY, July 15.—James Dunn and Herbert Dow of this place, Fred White of Newburyport and Fred Cassidy of Fall River, employees in the finishing department at the Merrimack hat company's factory on Merrimack st., were badly burned about the arms and body yesterday due to the explosion, and taking fire of a can of alcohol in the hands of Dunn.

Because of the excessive heat in the room in which the men are employed they were scantily dressed. They consequently received much of the flaming fluid upon the bare skin. An alarm of fire was sent in from box 64, but it was needless, as the blaze was soon extinguished by employees of the factory.

The four injured men were removed to the home of Arthur Caswell closely by and given treatment by Dr. P. J. Mullen, after which they were taken in autos to their places of residence. Dunn was in the act of pouring a quantity of the alcohol from a large receptacle into a small can when the explosion occurred. Just what caused the explosion was not definitely known. The doctor at noon stated that both Dunn and Cassidy were in a serious condition. The ringing in of the fire alarm and the report that an explosion had occurred at the hat factory caused great excitement for a while, as many believed it to have been one of the holiers in connection with the power plant.

Proper restrictions. Inquire J. F. McDermott Co., 197 1/2 Main street, Fitchburg, Mass., or West Ringd, N. H.

## THE ELKS PARADE

### Boston Lodge Landed First Money

DETROIT, Mich., July 15.—To say that the Boston delegation in attendance at the Elks convention are pleased over the fact that they are carrying home with them the \$500 prize money for the most unique costumes worn in yesterday's parade is putting it mildly. The corridors of the hotel where they are staying rang with cheers for that lodge all the afternoon and the parties of the building were crowded with callers.

The lodge cry lived up to the patriotic reputation of the city. Some of the members were dressed as Pilgrims, some as tea party Indians and the remainder as typical "silk stockings."

The Boston lodge headed the second division and had in the 116 men, filling like Puritans, colonials and Indians, led by Gus Williams, founder of the lodge, and 25 women, and followed by the New England lodge.

Boston won the prize before the midnight throng that Detroit has ever seen, more than 300,000 viewing the spectacle. Nothing was lacking. The oldest Elk, aged 105 years, the smallest and the largest were there, as well as the most ancient lodge—New York—and they made a kaleidoscope of color, faces and costumes. For the contestants the officers of the day were:

Col. M. J. Murray, Lieutenant, Col. T. D. Rice, marshal, G. H. Johnson, vice marshal, William H. Sullivan, chief Indian, J. W. Zwilling, leading Puritan, Miss H. L. Cleary of the blues, Mrs. A. J. Miller of the greens, Oscar Schaefer banner carrier.

Edward L. Gary was yesterday presented with a solid silver loving cup by the woman tourists.

The women of Cincinnati won the automobile to be awarded for the best appearing and largest presentation of the fair sex in the Elks parade.

For the best appearance with three prizes, the judges decided that the amounts should be divided as follows: First prize, \$300, Cleveland; second prize, \$150, Grand Rapids; third prize, \$100, Los Angeles.

For the most novel uniforms—First, \$500, Boston; second, \$150, Santa Barbara; third, \$100, Pueblo, Colo.

For the best floats—First, \$300, Cincinnati; second, \$200, Rochester; third, \$100, Akron.

For the best banner—First, \$200, Greenville, Miss.; second, \$100, Battle Creek, Mich.; third, \$50, Aetna, Pa.

### LEG LACERATED

Frank Partridge, an employee of the D. Gage Ice Co., while delivering ice to the Harvard brewery about 10 o'clock this morning, met with a painful accident. He was pulling ice from the wagon with a pick when the pick slipped and lacerated his right leg. The ambulance was summoned and he was taken to the Lowell hospital where he received treatment. He resides at 661 Broadway.

### STEAMER ASHORE

YOKOHAMA, July 15.—The Pacific mail liner Mongolia from Hong Kong for San Francisco ran ashore today off Shimoda, on the island of Honshu at the southern end of the peninsula of Izu. The Mongolia is a twin screw steamer. She grounded on a reef off Midway Island on Sept. 15 last and was floated six days later.

### FIRE IN CARGO

VINEYARD HAVEN, July 15.—The Metropolitan line steamer James E. Whitney, bound from New York for Boston, under command of Commander Crowell, ran aground on the Middle ground, a submerged mudbank in Vineyard sound, during a dense fog early today. Soon after the steamer grounded fire broke out in one of the cargo compartments—between decks. The compartment where the fire was discovered was filled with steam in an effort to smother the flames.

The fire was discovered by the Whitney crew ashore here during the forenoon to communicate with the agents of the line.

It was believed here that the blaze would yield to the extinguishing power of the steam and that the fire damage would not be heavy. The fire would not extend beyond the single compartment in which it was discovered.

### MILITARY FORCE SUFFICIENT

LISBON July 15.—The government considers that the military force at Macao is sufficient to deal with the pirates on Colovian Island. Complications with China are not anticipated.

An official despatch from the scene of the recent fighting states that following the capture by the Portuguese of Colovian for the commander of the Chinese squadron who had witnessed the operations congratulated the Portuguese officers and offered his services in case of need.

### A DEAD HEAT

SANDOWN PARK, England, July 15.—The Eclipse stakes of 10,000 sovereigns for three and four year olds, distance the Eclipse stakes course, one mile and a quarter, was run here today. It was a splendid race and resulted in a dead heat between the Derby winner, Lennox, and the American jockey, Phlegmion finished third. The stakes were divided.

### RATES ADVANCED

WASHINGTON, July 15.—The interstate commerce commission announced today that the recently filed tariffs making advances in the freight rates on cattle and dressed beef between Chicago and New York had not been suspended.

### SIX TENEMENT BLOCK

The latest permit issued at the office of inspector of buildings at city hall went to Samuel Jordan, who will erect a six tenement block in Blanchard place off East Merrimack street. The house will be 42 by 65 and the estimated cost is \$3500.

### SPECIAL BARGAINS

It will pay you to visit the new Millinery Store on Prescott street, near Merrimack square, all new goods, a big line of newly trimmed hats, special prices, and a big line of small smart hats. Hats trimmed free of charge all next week.

### BERARD'S MILLINERY

45 Merrimack Street  
Third Floor

## INTERNATIONAL BODY

## May Supervise Railroads of United States and Canada

WASHINGTON, July 15.—An international railway commission, with supervisory authority over the railroads of the United States and Canada, probably will be the result of action taken yesterday by the government in the appointment by the secretary of state of Chairman Martin A. Knapp of the interstate commerce commission as representative of the United States to confer with J. P. Mabee, chief of the railway commission of Canada. In announcing Judge Knapp's appointment the department yesterday said:

"It is understood that meetings between Mr. Knapp and Mr. Mabee will be arranged at once to take place at points in the United States or Canada, or both, during the remainder of the summer. Upon the completion of the conference a report with recommendations will be made by the commissioners, either jointly to both governments, or separately to their respective governments."

The appointment of Judge Knapp and Mr. Mabee is the result of a considerable period of correspondence and diplomatic interchange. More than a year ago the subject was broached first in a letter from Mr. Mabee to Judge Knapp. It was pointed out that the increasing traffic between the United States and Canada would re-

quire full control over rates in the future more difficult unless some joint action were taken.

It was realized that the acquisition of Canadian terminals by American roads and of American roads and terminals by Canadian railways presented over increasing difficulties. At present it is not possible to compel railway or express companies to establish joint through rates to and from points in the two countries.

To determine any given question as to rates that may arise it is necessary for the shipper to institute a proceeding before the interstate commerce commission and the Canadian railway commission, and even then the result is not satisfactory.

The difficulties practically preclude any inquiry by existing tribunals into the reasonableness of combination through rates as applied to international traffic. No power at present exists requiring carriers engaged in this international transportation to establish what may be officially regarded as reasonable through joint rates and apportionment of rates in the event of a disagreement.

Out of this situation grew the suggestion that a joint international commission be created, with supervisory authority over all interstate and international transportation lines, whether by rail or water, between the two countries. It has not been determined whether such a commission might better be created by concurrent legislation or whether it might better be established by treaty between the two countries. At the conferences that subject will be discussed and very likely determined.

It is likely that Chairman Knapp and Mr. Mabee will meet in Ottawa in August. They will try to adjust the matter so as to make it possible to submit a report and recommendations before the beginning of congress in December.

### REAL ESTATE FOR SALE

COST 3-room camp for sale; furnished; heat; water; electric; can be bought cheap if sold at once. M. M. Sun Office.

## City Affairs in Lawrence Are in a Turmoil

major. As a result there was a conflict of authority today. The mayor conferred with several city officials in the jail today and signed a paving contract with a local contractor, besides approving the contractor's bond. Acting Mayor Jordan occupied the mayor's office all day and summoned the heads of the departments to him and gave orders regarding different matters in connection with city affairs.

# 6 O'CLOCK THE WAGE DISPUTE

## On the Pennsylvania Road Not Settled Yet

PHILADELPHIA, July 15.—With the manager of the Pennsylvania railroad and the leaders of the Brotherhood of Railway Trainmen and the Order of Railroad Conductors standing firm there were no developments today in the wage dispute which has now reached an acute stage. Negotiations were broken off today between the trainmen and conductors employed on the lines east of Pittsburgh, Buffalo and Erie when after two conferences between General Manager Myers of the company and the labor leaders a settlement was not reached.

Following the conferences the committee representing the men empowered a sub-committee of six headed by A. R. Garretson, president of the Order of Railroad Conductors and W. G. Lee, president of the Brotherhood of Railway Trainmen to call a strike whenever they deemed it necessary.

Mr. Garretson said: "It's all off. Nothing will come from us in the form of overtures. We are ready to go out and can stand it if the company can. There will be no compromise on our position."

The labor men declare that they do not propose to invoke arbitration as provided by the Erdman act but it is said in some quarters that the railroad company may take advantage of the Erdman act and appeal to the federal authorities to intervene in the settlement of the dispute. The trainmen and conductors demand that they be paid for ten hours work, the rate they are now receiving for eleven hours. They also demand better working conditions.

## SEN. DICK MEETS TAFT

BEVERLY, July 15.—Senator Dick came to Beverly this morning and will see President Taft this afternoon. While Senator Dick will talk over Ohio politics with the president he comes on his own initiative and will in no way represent the president in Ohio after his conference is over.

A delegation from the international school of peace will visit the president this afternoon to ask him to participate in a celebration in 1912.

Governor Quinby of New Hampshire has an appointment at the Taft cottage this afternoon to invite the president to New Hampshire. H. C. Emery, member of the tariff board, notified the president of his return from investigations in Europe today. It is likely that the president will confer with Mr. Emery while on his trip to Maine.

Miss Helen Taft left this morning for Murray Bay, Canada.

## YOUNG WOMAN KILLED

NEW YORK, July 15.—An odd accident, causing the death of a young woman, occurred here today when a sheet of window glass, loosened in washing, fell five stories and killed Miss Lena Phillips. She was almost decapitated.

## TO HELP CANADIAN CITIZENS

BOSTON, July 15.—As a result of a meeting of Canadian citizens of Boston at the city hall at noon today, Premier J. Douglas Hazen of New Brunswick was instructed to draw upon the committee for \$5000 to assist the people of Campbellton. Over \$1500 was received at the meeting. Mayor Fitzgerald was authorized to appoint a committee to receive contributions.

## IN RECEIVER'S HANDS

NEW YORK, July 15.—The Maxwell Bros. Co., box manufacturers, was placed in the hands of a receiver by Judge Carpenter in the United States district court today at the request of the Red River Lumber Co. The company's liabilities are said to be more than \$200,000 and the assets claimed to be \$16,000.

# RIVER ILLUMINATED

## Motor Boats and Canoes Respected Law Last Night

ALL BOATS ON THE MERRIMACK LAST NIGHT WERE WELL SUPPLIED WITH LIGHTS.

## Stringent Law Relative to Motor Boats Was Signed by Pres- ident Taft On June 7—It Re- quires All Boats to Display Three Lights

A visitor along the banks of the Merrimack river last evening would think that some gala occasion was being observed, for up and down the river, nearly every motor boat, canoe and boat house raft was illuminated, and the spectacle was quite pleasing to behold.

Until the publication in The Sun yesterday of the federal laws relative to lights on craft on inland government waters a majority of the canoe and motorboat owners never knew that there was any law governing them, particularly the canoes. But as was stated in yesterday's Sun all rafts and boats provided by hand, power, horse power or by the current of the river must show at least one fixed white light at night.

The laws published by The Sun yesterday were the regular navigation laws applicable to all vessels on navigable waters. Since their enactment the boat came into vogue and only a month ago June 7th President Taft signed a new federal law relative to motorboats which is much more stringent than the old navigation laws and which is printed in full below. Under the new law every kind of a motorboat must have three lights while some must be equipped with bells and fog whistles. The penalty for violation of the new law is a fine of not more than \$100 while the owner thus fined may have his boat confiscated by the government.

The new law relative to motorboats is as follows:

AN ACT  
To amend laws for preventing collisions of vessels and to regulate equipment of certain motorboats, on the navigable waters of the United States.  
Be it enacted by the senate and house of representatives of the United States of America in congress assembled,  
That the words "motor boat," where used in this act, shall include every vessel propelled by machinery and not more than sixty-five feet in length, except tugboats and towboats propelled by steam. The length shall be measured from end to end over the deck, ex-

cluding sheer. Provided, that the engine, boiler or other operating machinery shall be subject to inspection by the local inspectors of steam vessels, and to their approval of the design thereof, on all said motor boats, which are more than forty feet in length, and which are propelled by machinery driven by steam.

Sec. 2. That motor boats subject to the provisions of this act shall be divided into classes as follows:

Class one. Less than twenty-six feet in length.

Class two. Twenty-six feet or over and less than forty feet in length.

Class three. Forty feet or over and not more than sixty-five feet in length.

Sec. 3. That every motor boat, in all weathers from sunset to sunrise, shall carry the following lights, and during such time no other lights which may be mistaken for those prescribed shall be exhibited.

(a) Every motor boat of class one shall carry the following lights:

First. A white light aft to show the beam of the vessel.

Second. A combined lantern in the fore part of the vessel and lower than the white light aft showing green to starboard and red to port, so fixed as to throw the light from right ahead to two points abaft the beam on either side.

(b) Every motor boat of classes two and three shall carry the following lights:

First. A bright white light in the fore part of the vessel as near the stem as practicable, so constructed as to show an unbroken light over an arc of the horizon of twenty points of the compass, so fixed as to throw the light ten points on each side of the vessel, namely, from right ahead to two points abaft the beam on either side. The glass or lens shall be of not less than the following dimensions:

Class two. Sixteen square inches.

Class three. Twenty-five square inches.

On and after July first, nineteen hundred and eleven, all glasses or lenses prescribed by paragraph (b) of section 3 shall be fringed or fluted. The said lights shall be fitted with inboard screens of sufficient height and so set as to prevent these lights from being seen across the bow and shall be of not less than the following dimensions on motor boats of—

Class two. Eighteen inches long.

Class three. Twenty-four inches long.

Provided that motor boats as defined in this act when propelled by sail and machinery or under sail alone shall carry the colored lights suitably screened but not the white lights prescribed by this section.

Sec. 4. (a) Every motor boat under the provisions of this act shall be provided with a whistle or other sound-producing mechanical appliance capable of producing a blast of two seconds or more in duration, and in the case of such boats so provided with a whistle or other sound-producing appliance, at least two seconds shall be deemed a prolonged blast within the meaning of the law.

(b) Every motor boat of class two or three shall carry an efficient fog horn.

(c) Every motor boat of class two or three shall be provided with an efficient bell, which shall be not less than eight inches across the mouth on board the vessel, of class three.

Sec. 5. That every motor boat subject to any of the provisions of this act, and also all vessels propelled by machinery other than by steam, more than sixty-five feet in length, shall carry one or more life-preservers or life belts or buoyant cushions, or ring buoys or other device to be prescribed by the secretary of commerce and labor sufficient to sustain afloat every person on board and so placed as to be readily accessible.

All motor boats carrying passengers for hire shall carry one life-preserver for the sort prescribed by the regulations of the board of supervising inspectors for every passenger carried, and no such boat while so carrying passengers for hire shall be operated or navigated or kept in charge of a person duly licensed for such service by the local board of inspectors. No examination shall be required as the condition of obtaining such a license, and any such license shall be revoked or suspended by the local board of inspectors for misconduct, gross negligence, recklessness in navigation, incompetence, or violation of law on the part of the holder, and, if revoked, the person holding such license shall be incapable of obtaining another such license for one year from the date of revocation. From the date of revocation of a license that motor boats shall not be required to carry licensed officers except as required in this act.

Sec. 6. That every motorboat and also every vessel propelled by machinery other than by steam, more than sixty-five feet in length, shall carry ready for use on board the means of extinguishing burning gasoline.

Sec. 7. That a fine not exceeding one hundred dollars may be imposed for any violation of this act. The motor boat shall be liable for the said penalty and may be seized and proceeded against by way of libel in the district court of the United States for any district within which such vessel may be found.

Sec. 8. That the secretary of commerce and labor shall make such regulations as may be necessary to secure the proper execution of this act by collectors of customs and other officers of the government. And the secretary of the department of commerce and labor may, upon application therefor, remit or mitigate any fine, penalty or forfeiture relating to motor boats except for failure to observe the provisions of section six of this act.

Sec. 9. That all laws and parts of laws only in so far as they are in conflict herewith are hereby repealed, provided that nothing in this act shall be deemed to alter or amend acts of congress embodying or revising international rules for preventing collisions at sea.

Sec. 10. That this act shall take effect on and after thirty days after its approval.

NEW YORK, July 15.—Nine firemen were overcome by ammonia and smoke in a two alarm fire which started in the storage warehouse of Lind & Son, shortly before last midnight, and was not under control until some three hours later. The warehouse on Jay street is in the very center of a district filled with commission houses, storage houses and shops, which contained millions of dollars worth of inflammable material and the firemen worked very hard to confine the flames to the building in which they started. The loss was about \$100,000, in which may be added a considerable loss to dealers in perishable fruits and vegetables, arising from the fact that the commission merchants doing business near the scene of the fire could not reach their places of business inside the fire lines in many instances for several hours.

# FIREMEN OVERCOME

## Blaze in New York Caused a Loss of \$100,000

NEW YORK, July 15.—The first of the big liners on which it was thought Dr. Hawley Crippen might reach here from England whose police have requested his arrest, passed up the bay early today after having undergone a search at quarantine which failed to reveal any sign of the American physician whose wife was found murdered in his London home. The steamer was the big Lusitania which left England on Saturday when Dr. Crippen was supposed to have taken passage for this country in company with a young woman named Ethel Clara Leneve, formerly the doctor's stenographer.

The steamer St. Paul, due from Southampton some time tomorrow, the Cedric, due from Liverpool on Sunday, and all other steamers from England, ports reaching here today, are being searched by the New York police. German lines which touch at an English port will be searched by the Hoboken police on their landing in that city and no avenue of entrance to this country will be neglected in the effort to apprehend the fugitive.

On notification of the police from Trenton, N. J., a detective was dispatched to Trenton today to examine the body of an unidentified man who shot himself in that city yesterday in a baseball park. The man resembled Dr. Crippen in many particulars, being about the doctor's age and stature and wearing a short moustache which appeared to have been trimmed recently. Crippen had a long moustache of dark brown when he left London.

It was also reported that traces of poison had been found by the doctors. The latter will present their theories as to the cause of death at an inquest to be held tomorrow.

It has been a long time since a murder has attracted such general attention. The fact that the murdered woman was an American, as is the husband, who is charged with the crime, has spurred the police to unusual activity. The full force of Scotland Yard, under the personal direction of Supt. Forest, is making a thorough search for the fugitive doctor and Miss Ethel Clara Leneve, their belief being that they will be successful. Miss Leneve was employed by Dr. Crippen as a typist. It is stated that Mrs. Crippen objected to the presence of the young woman in her husband's office and that his refusal to dismiss her led to frequent quarrels between husband and wife.

Soon after Mrs. Crippen disappeared Miss Leneve appeared in public with Dr. Crippen, who introduced her as his wife. To acquaintances the doctor explained that his former wife had left him following a quarrel and that she had subsequently died.

The police say that Crippen and Miss Leneve left the Crippen home together some time in the latter part of last week. They are still convinced that the two fled the country, sailing for the United States or to the continent. At the same time both are reported having been seen in different parts of this country and if the authors of these reports are not mistaken the two have separated. If this is the case the police believe that they are separated in the hope of avoiding detection.

The officials have notified the authorities at every port to which steamers have recently sailed from this country of the possibility that Dr. Crippen and Miss Leneve will be found among their passengers and have asked for their arrest. The police are following every clue throughout Great Britain.

Warnetta's Willow Dale Tonight.

MATRIMONIAL

The marriage of Mr. Andrew A. Dolan and Miss Catherine McGlone, an estimable young couple of Belvidere, took place yesterday afternoon at the parochial residence of the Immaculate Conception church, Rev. George I. Nolan, O. M. I., performing the ceremony. The bride was attended by Miss Anna A. Cassidy, and the best man was Frank H. McGlone, a brother of the bride. The bride wore cream colored silk and carried lilies of the valley. The bridegroom was attired in yellow silk. After the marriage, reception was held at the home of the bride at 222 East Merrimack street, to immediate relatives only, and the happy couple departed in the early evening on their honeymoon, which will be enjoyed at the watering places about New York. They were the recipients of many beautiful and costly wedding gifts. Upon their return they will reside at 222 East Merrimack street.

## NATURALIZATION BUREAUS ARE TO BE INVESTIGATED

CONGRESSMEN GOLD FOGLE AND BENNETT

NEW YORK, July 15.—To become a citizen of the United States is such a strenuous job that Congressman William S. Bennett and Congressman Gold Fogle of New York are making an investigation of the naturalization bureaus throughout the country. Complaints have been filed with federal officials that the naturalization bureaus have surrounded their work with so much red tape that it requires much

patience on the part of a would be citizen to secure his final papers. Congressman Bennett, who is a member of the national immigration commission, will make a tour of the United States and Mexico and file his report at the next meeting of congress. Congressman Bennett, now that William Loeb, Jr., has said that it costs too much to be governor of New York, is the most prominent candidate for the head of the republican state ticket.

## A DEATH THREAT

**Stops Strike Breakers  
From Going Out**

RUTLAND, Vt., July 15.—Threatened with death if they made another trip on the patrol train of the Delaware & Hudson railroad between Whitehall, N. Y., and Rutland, the gang that has been doing repair work since the strike of the section men has refused to go out of Fairhaven, where the men are living in cars. The strike breakers have been warned that if they continue to work they will be killed. Most of them are Italians. The patrol train, which makes daily trips over the road, is in charge of Deputy Sheriff J. H. Polley of Fair-

haven. Only two men now go out with the train to do the repair work. Before the strike breakers became frightened the train carried 24 laborers. None of the local strikers have resumed work.

## THE HIPPODROME

**BIG CROWDS ARE THE ORDER AT  
THE HIPPODROME**

Washington Park under the new management seems to be prospering, and nightly large audiences witness the performance. The program offered for the last half of this week is one of excellence, comprising the following acts: the Italian Troubadours, Mead and Trow; Esmeralda, Edmunds and Codaire, McFall's trained dogs, illustrated songs, motion pictures and the music by Boston's Greater Ladies' orchestra.

Next Sunday night there will be a concert at the park and five reels of the latest moving pictures will be shown, also illustrated songs by the very best singers obtainable. To the holder of the lucky coupon each night the management is giving away, free of charge, one dozen photographs. These pictures are made by the Marion studio. The admission on Sunday night is 10 cents and seats free. The lucky winner of the dozen cabinet pictures last night was Miss Mildred B. Merrill of Somerville, who is visiting in this city, and who won the order on Marion's studio for the taking of her photographs.

## GILBRIDE'S BIG SALE

**GREAT BARGAINS BEING OFFERED TO CUSTOMERS**

The immense sale now going on at the Gilbride department store is a big success. Twenty-five cents may not be much but it buys more goods at this sale than ever offered before. People are flocking to the place from every section of the city and suburbs and it is surprising how quickly they get their eye on a sale of this kind. The clerks have been increased in number and they are all kept as busy as bees dealing out these great bargains to the public. All you want to do to get the people started is to give them real bargains. Economy seems to be the watch word with everybody and this economy sale is carried out to the letter. You needn't take our word for it, but just call at the store and you will find that you can save a day's pay so easily that it will seem like picking it up on the street. The sale will continue the rest of the week.

## WOLGAST-MORAN BOUT

SAN FRANCISCO, July 15.—Promoter James Coffroth has arranged plans for staging in San Francisco the last of August a twenty round boxing contest between Champion Ad Wolgast and Owen Moran. Coffroth has the promise of the managers of both men, but the date is uncertain because Manager Jones is not certain when Wolgast's arm will be strong enough. Coffroth says he has assurance that the fight game will be resumed in San Francisco just as it was before the recent spasm of anti-pugilism broke out. Coffroth also is considering pulling off some fights in Reno, where hotel and restaurant keepers, gamblers and merchants are eager to welcome another fight crowd.

## IS HELD PRISONER

HOUSTON, Texas, July 13.—J. Burghelm, father of Dr. Clarence Burghelm, reported to be held a prisoner by the Madrid forces in Nicaragua, said last night that he had not heard from his son for some time. At last report the doctor was stationed at Principula where it is reported he was captured. Dr. Burghelm, who is married, has been in Nicaragua for about years. He was appointed chief of the sanitary division by General Estrada last October with the rank of colonel. He had entire charge of the sanitary work since.

## THE PORTSMOUTH TREATY

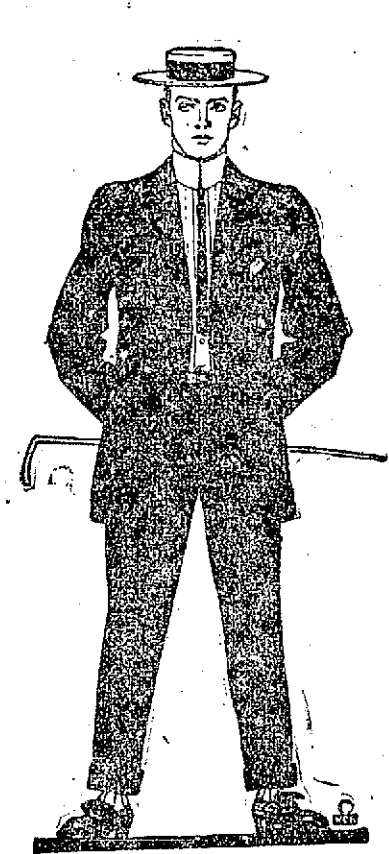

Peking, July 15.—In acknowledging the receipt of the text of the Russo-Japanese convention which was presented to the foreign office by the diplomatic representatives of the contracting parties yesterday, China will express her satisfaction over the avowed purpose of Russia and Japan to adhere to the terms of the Portsmouth treaty. The government will further express pleasure over the mutual pledge for the maintenance in Manchuria of the principle of the open door for commercial development.

# Talbot's

Great Sale of

# "Good Clothes"

Demonstrates the drawing power of "GENUINE BARGAINS." We expected a big trade. We knew such "UNUSUAL VALUES" must bring "UNUSUAL BUSINESS," but we were wholly unprepared for the great crowd that thronged our store last Saturday and apologize here for the lack of attention given to many who attended this sale—The Sale continues this week and we urge every one who possibly can do so to make their selections today or early tomorrow—If unable to pay the whole amount down a small deposit will secure your purchase.

The Big Slump in the Woolen Market forced the manufacturers to unload. Our purchase from three prominent makers of "HIGH GRADE CLOTHES" offered to you at less than the original wholesale price. Here are Bargains and plenty of them for the man who buys today.

## GIRL A FIREBUG

She Says Moving Pictures Suggested Crime to Her

NEW YORK, July 15.—Twelve-year-old Ethel Allen confessed yesterday in the children's court that she had twice this week set fire to the apartment house at 426 East One Hundred and Thirty-eighth street, and that the reason she had done so was because she had seen such things pictured on the screen of a moving picture theatre. Ethel admitted that it was she who had written a threatening letter which was found tied to the door knob of her father's apartment, and in which she demanded \$50 as the price needed to keep her from burning up the house and everybody in it. She also laid the

Black Hand part of her statement to moving pictures. Monday a fire was started in some rubbish that had been placed by the girl in the hallway on the second floor. The fire was discovered by a tenant and was extinguished without the aid of the firemen. The next day a second fire was started near the same place. Again the tenants were able to put it out before the firemen arrived. An investigation was begun, and little Ethel confessed.

"I saw a moving picture where there was a fire and people were rescued," the child sobbed to Detective Brown, "and I also saw one where the Black Hand tried to get money. I don't know why I did it, but I did not mean to do wrong."

Ethel was paroled in the custody of her father. Deputy Fire Marshal De Maignon reported that he had handled a number of similar cases recently. Almost daily some juvenile prisoner is brought before the children's court for a misdemeanor or violation of the law whose act was inspired by moving pictures.

Since June 1 there have been between 35 and 40 convictions of the managers of moving picture shows for allowing children under 16 years of age to attend their places without parents or guardians.

Do you cook with gas? Your neighbors do! Why? Read the answer on your thermometer.

TRAIN DERAILED  
ALBANY, N. Y., July 15.—An east-bound freight train on the Boston & Maine railroad was derailed between Coles and Ushers, east of Mechanicsville, early today, blocking both tracks and delaying traffic. No one was injured.

AT LAKEVIEW PARK  
A thrilling exhibition of autos passing high in the air will be presented by the "Fearless Greys" every afternoon and evening next week at Lakeview park. All the performances are free. The Greys come fresh from a long engagement with the Ringling Bros. circus, where they established a tremendous reputation. They are without question the leading aerial acrobats in the country.

The act of autos passing in the air is one which has never been seen in New England before except in a circus. Two inclines 75 feet above the ground and more than 100 feet long face each other with counter inclines at the bottom of each. The tops of the two counter inclines are about 15 feet apart.

The Greys are lifted in their autos to the top of the incline, one on one incline and the other on the other. At the crack of a whip they dash down the inclines at the same instant, making terrific speed. Like a flash they dash up the counter inclines and then come the most spectacular part of the whole act.

One of the Greys turned a complete somersault in the air, while the other in his auto is dashing a few feet beneath him. Both land flat on the ground in their machines and are not even jarred by their experience. From a distance the spectacle of the two autos in the air is especially thrilling. It will be by far the most sensational act seen at Lakeview park this season.

The dangers of the leaps through the air appear very great, but the Greys assure people that the dangers are so slight as not to be worth mentioning. They have been performing the feat for some years now and never once has there been even an approach to an accident. It is no easy matter to guide the machines first down the steep, narrow incline and then through the air to a safe position on the ground.

When the Greys were members of the Ringling Bros. circus troupe they scored hits all over the country. Now that they are performing independently they have so many offers for performances all over the country that they cannot accept them all. They are to appear at Lakeview park next week as a special favor to the Boston & Northern Street Railway company.

Seeing it is doubtful if the Greys appear north of Boston again this season after their engagement at Lakeview park is completed, everyone can appreciate circus acts of a startling and novel character is invited to Lakeview some afternoon or evening next week. All the performances are free.

We want to be convinced and this board should be convinced so that no beam house may be located on Perry street, that will injure Fort Hill park as a public resort, that will leave the Rogers Hall school empty, that will affect the Moody school and damage property in the vicinity as the beam house damaged property on Fayette street and Howe street.

He cautioned the board that it would be outrageous against the community to permit an offensive plant to be located in the vicinity of Fort Hill park, in a thickly settled district. He hoped the board would not go back on its record of condemning a nuisance on Howe street only to move it to a different locality. He believed a new beam house should be outside the residential district where it would not injure the public health or damage property.

Frank E. Dunbar, Esq., said that the proprietors of the Bay State mills apprehended several months ago the matter of removal of the plant to Perry street was projected, that the orders would prove very costly to that concern.

"The American Hide & Leather company," he said, "labored under a bad record for many years and they were entirely complacent when injuring other people's property. I do not mean to say they were defiant, but people were constantly annoyed by the

## THE B. H. HEARING

Continued

Mr. Pickman said it was known to people of Belvidere that the beam house in Howe street was a nuisance, and yet for years this nuisance was continued unmolested and whether the new building is to be the same in character we do not know, but it is purposed to erect a beam house, in name at least, in another part of the same section.

"Isn't it fair that we should have some of the knowledge which you of the board of health have, relative to the construction of this new beam house? The public has a right to know what we are to have in the way of a revised, improved, inodorous beam house," said Mr. Pickman.

Mr. Hall said that a building would be erected that would not prove offensive to any person or persons. He said that as an officer of the American Hide & Leather company he would vote against expending a dollar for the erection of a beam house unless he knew that it would prove unobjectionable, and right here he remarked that he did not understand that the petitioners were to produce the plans.

Judge Pickman said that respondents could not be expected to go ahead and make a plan until they knew what had been planned and objected to.

James P. Miskella asked Mr. Hall how many beam houses his company had in the country, and Mr. Hall said 18. He was then asked how many of these were odorous and Mr. Hall said "most of them are odorous; several of them do not give an objectionable odor five feet from the building."

Mr. Miskella wanted to know how many of the 18 beam houses were absolutely sanitary and Mr. Hall said he did not consider any one of them to be thoroughly up-to-date, although none had proved objectionable.

Mr. Edward J. Gallagher as a remonstrant, objected to the manner in which the hearing was held. The remonstrants were not notified and the hearing was in hot weather when many who signed the petition against a beam house on Perry street were out of town. The half holiday caused more to be absent.

The remonstrants not having any explanation of the plans for the new building must speak of beam houses and they know them in Massachusetts and as they have known one in Lowell.

If the American Hide & Leather company can conduct an odorous beam house why remove the business from Howe street? But we are not convinced that they can; they have not been here to prove that they can as a public resort, that will leave the Rogers Hall school empty, that will affect the Moody school and damage property in the vicinity as the beam house damaged property on Fayette street and Howe street.

All we have been able to gather about the proposed building is, that it will have concrete floors and steel tanks. Will that eliminate the odors? We do not believe so. There will be some thing else, but the petitioners do not explain just how they will eliminate the odors.

We want to be convinced and this board should be convinced so that no beam house may be located on Perry street, that will injure Fort Hill park as a public resort, that will leave the Rogers Hall school empty, that will affect the Moody school and damage property in the vicinity as the beam house damaged property on Fayette street and Howe street.

He cautioned the board that it would be outrageous against the community to permit an offensive plant to be located in the vicinity of Fort Hill park, in a thickly settled district. He hoped the board would not go back on its record of condemning a nuisance on Howe street only to move it to a different locality. He believed a new beam house should be outside the residential district where it would not injure the public health or damage property.

Frank E. Dunbar, Esq., said that the proprietors of the Bay State mills apprehended several months ago the matter of removal of the plant to Perry street was projected, that the orders would prove very costly to that concern.

odors from the beam house in Howe street.

"Now if the company is in that state of humility and repentance where a proper building can go up, then we will abide by the decision of the health board. But we ask that you protect us from any possible result from the location of the plant in the proposed place. I do not know that the beam house proposed will be offensive. I suppose the board knows we look to the board for protection."

Lawrence Cummings asked the chairman if during the board of health's trip through the west the board had found any odorous beam houses.

"Not odorous; but we visited several in Milwaukee. One of these was 'Truett's beam house.' In front of this was a public park similar to Fort Hill park. The thermometer was 96. We went to see Dr. Rucker, who had cleaned up San Francisco, and we asked him about it, and he said it was not unhealthful. But there was very little odor outside of the building. We visited many residences nearby and found no complaint against the beam houses."

"If a beam house should be sanctioned and \$100,000 be expended in construction and the odors should then exist, has the health board any power to restrict it?" asked Mr. Dunbar.

Mr. Murphy answered: "I shouldn't want to build a beam house outside of the town and then cart the products through the Belvidere section just for the reason that there has been objection to the Howe street house, only it would be objectionable in an infinitely greater degree. I should certainly object to doing this when I believe that an odorous beam house can be built in the city."

Mr. Hall said the new house would be at the rear of the present factory in Perry street, with the roof on a level with the first floor of the main building.

Speaking of the responsibility of the board of health, Judge Pickman said that the public, whom the board represents and by whom they are paid, should not only give all the information possible to the public, but should seek to protect the public at every turn. "There is a very great responsibility resting on you in this affair," he said, "and you should do everything that can be done, even to the calling in of an expert so that you may justify yourselves in any action taken."

Daniel J. Donahue said that as a citizen of Lowell he objected to the erection of a beam house in Perry street. He said the nuisance had been allowed to remain in Howe street until the odors became so strong they threw down the old building. He said that the rights of the people should be respected, and he didn't know of anything more uncomfortable than a malodorous beam house. "The stench from Howe street," he said, "used to follow me home." He urged the hiring of an expert examiner to find out if there would be a recurrence of the odors.

James P. Miskella said that the residents of the Perry street section would be discommoded by the new beam house just as the residents of the Howe street section had been by the old beam house. He said the board of health had always favored pure air, playgrounds and the like, and he wanted the board to see that the new beam house be in a line with that program. "Your honorable board," he said, "is made up of two physicians and a member of the bar and you must conserve the best interests of the city. You should demonstrate to this company who has defied you that you are prepared to go the limit to protect the comfort and public health of the people you represent. You should engage an expert to go over those plans. We do not want another such nuisance as has obtained in Howe street."

Thomas P. Brady spoke for the petitioners, but he didn't mention the Perry street proposition. What he said, and that was little, had to do with the old Howe street plant. He said he had worked in the factory 20 years, and he didn't consider the old beam house a nuisance.

That closed the hearing.

## THEATRE VOYONS

The new program shown yesterday for the first time in Lowell at the Theatre Voyons was a success in every way. Each of the pictures was well staged and their stories interesting and well told. "A Wireless Romance" introduces the now familiar wireless telegraph in a novel manner and its effect on the love story of the hero and heroine is great. "The Faith of a Child" shows one of the cleverest child actresses in the world at her best and the story is one that appeals to every one. "Love Ye One Another" is an excellent subject issued by Pathé Freres and its moral is one of the best yet seen in pictures. It introduces several dramatic climaxes and will be appreciated by all. The musical program is an exceptionally good one.

## FATALLY BURNED

CHILDREN IGNITED THEIR MOTHER'S CLOTHING

FALL RIVER, July 15.—Mrs. Catherine Lundy of 835 Pine street died at the City hospital at 3 last night of burns received yesterday. She was conscious almost to the last and suffered great agony. Mrs. Lundy was the wife of Peter Lundy and was 35 years old.

From what can be learned from the children, of which she has four, who were in the house at the time, Mrs. Lundy was asleep on a lounge, which the children, who were playing with matches, accidentally set on fire. The sleeping woman's clothing was ignited, and she rushed into the tenement of her neighbor, Mrs. Jean Cabral, enveloped in a mass of flames. Before those were extinguished the woman had been burned from head to foot. She was taken to the City hospital.

SUN BUILDING, MERRIMACK SQUARE, LOWELL, MASS.

Member of the Associated Press

THREE DOLLARS PER YEAR. TWENTY-FIVE CENTS PER MONTH

The sworn daily average circulation of The Lowell Sun for the year 1909 was

16,828

Sworn to by John H. Harrington, proprietor, Martin H. Reidy, business manager, and Alfred Pilotte, pressman, of The Sun, before me, January 1, 1910. J. JOSEPH HENNESSY, Notary Public.

This is by far the largest average circulation of any newspaper in Lowell.

It would be too bad to stop the auto races on mere sentiment.

If Mr. Bryan, as is reported, is out for prohibition he should enter the prohibition party. Indeed, it would not be surprising to see him toying with the prohibition nomination before 1912.

## ABOUT BLEACHED FLOUR

Thanks to the vigilance of the government authorities in looking out for the adulterations of food, a new and ingenious mode of adulteration has been discovered and convicted so promptly that the inventors will probably abandon their scheme of making money on "bleached" flour.

The government last year seized a quantity of bleached flour shipped by the Wellington mills of Kansas to New Orleans. The case came up in court and the government presented sufficient evidence to show that the flour had been subjected to the process of bleaching in order to make it a creamy white. It was also shown that this process injured the flour by introducing nitrites which the physicians, like Dr. Wiley of Washington, declared to be injurious. The bread made from bleached flour does not taste well; it does not respond to the rising process so readily and it is not so digestive as the bread made from ordinary unbleached flour.

The manufacturers of the bleached flour questioned the constitutionality of the pure food law, but in this way they were overruled. What is known as "patent" flour is the finest of the flour, "straight" is all of the flour and "clear" is all of the flour except the "patent." Now the object of the bleaching process was to take flour with a large percentage of "clear" and make it so white that it will pass for "patent." Peroxide of hydrogen gas is a strong bleaching agent. For the purpose of bleaching flour it was produced in a box in which electrodes are mechanically made to approach and recede. When electrified the gas is drawn into a chamber through which the flour is agitated until it becomes a creamy white as contrasted with the bluish white of the natural "patent" flour. The government experts proved very clearly that the flour in the first place inferior was very much worse after it had been bleached. It took up less moisture from the yeast, digested more slowly and carried into the system nitrites that retarded the process of oxidation in the blood.

It is not very probable that many other manufacturers will take the risk of putting out bleached flour, but, nevertheless, the inventor, one Mr. Alsop, will feel greatly disappointed if after spending a long time on his invention he will have to throw it aside as worthless. Purchasers of flour should exercise due care so as not to be imposed upon and pay the price of "patent" flour for the bleached and unhealthful counterfeit.

## THE LAWRENCE DISGRACE

Every neighboring city must sympathize very deeply with the city of Lawrence in the disgrace that has come upon her in the conviction of her mayor and several other officials on the charge of conspiracy to bribe public officials. There will be much sympathy also for Mayor White in the sweeping severity of his sentence, although no real act of bribery was proven against him. It seems, however, that from the testimony of a couple of men who turned state evidence in order to secure immunity for themselves, the mayor was entangled in the net in such a way that it became impossible for him to escape.

Mayor White had the habit of making very bitter attacks upon those whom he considered his political adversaries, and this, of course, ensured him a lot of bitter enemies who, when the opportunity offered, were glad to see him indicted and convicted.

The whole unfortunate and disgraceful occurrence bears a wholesome lesson not only for the city of Lawrence but for other cities in the danger of elevating to office any man who adopts sensational campaign methods to delude the people or any man whose chief platform is a grudge even though he protests his devotion to the people, promises all kinds of reforms and denounces existing conditions as rotten and corrupt. If elected such men usually succeed only in keeping up continual turmoil in the conflict for power and office, a turmoil that sometimes ends, as in the present case, in placing an indelible stigma upon the name and fame of the city that listened to the blandishments of freak candidates while ignoring the candidacy or the availability of men of whose capacity, probity and honor there could be no question.

The experience of Lawrence should have its effect with cities that have a weakness for so called freak candidates, instead of level-headed, well balanced, capable and experienced men who could be relied upon on all occasions to honor by their administrative acts not only themselves but the cities that elevated them to office.

The wisdom or the foolishness of the entire electorate in any city is reflected in the status of the man selected for mayor. If he be a public disturber, a self-seeking demagogue, a grafter, a gambler or a cunning political humbug, his election proves that the voters have made a grievous mistake, that they have been hoodwinked and bluffed by oily-tongued harangues or else that they have but little conception of the responsibility resting on their shoulders in selecting the chief executive of their city. If on the other hand they select a man of recognized ability, experience and integrity, then they can rest assured that the business affairs of the city, its honor and good name will under all conditions be safeguarded and protected.

The people of Lawrence had one year of Mayor White, a year of incessant and fruitless political strife that served only to demoralize the municipal departments and disgust decent citizens. In spite of this, however, the voters reelected him and the result is seen in the sentence that removes him from the office at city hall to a cell at the jail. Will other cities learn from the bitter experience of Lawrence? That remains to be seen.

## SEEN AND HEARD

## OUR SUMMER CAPITAL

The glory of Reno is fading away. Since they pulled off the champion scrap. And the eyes of the nation are turning today. To another red spot on the map; But the question that every one's asking, alas! Is one that is unanswered still, For some say it's surely at Beverly, Mass., And some say at Sagamore Hill.

To Mecca the faithful go year after year. Their follies and sins to atone In the Kaaba, the spot to all Mussulmans dear, And with reverence kiss the black stone;

So the Mussulmans here of political class Their duties would likewise fulfill If they knew whether Mecca is Beverly, Mass., Or the Kaaba's on Sagamore Hill.

To the Marney stone there, though the weather be hot, They would faithfully, obediently toll.

For this is the time the political pot For the feast is beginning to boil; At the forks of the road some are waiting to pass,

While others rush on with a will, And some take the highway to Beverly, Mass., And some trail up Sagamore Hill.

The wall of the patriots sounds like a dirge: "Oh, where is the capital at?" While they try to determine if they will insure

Or whether they'd better stand pat; But answer there's none, and they don't know, alas!

If Muhomet is Teddy or Bill, Or whether to journey to Beverly, Mass., Or go charging up Sagamore Hill.

—Richard Linthicum in 'New York World.

Use TIZ- Smaller Feet

Sore Feet, Tender Feet and Swollen Feet Cured Every Time. TIZ Makes Sore Feet Well No Matter What Ails Them

Everyone who is troubled with sore, sweaty, or tender feet—swollen feet—smelly feet, corns, callouses or bunions can quickly make their feet well now. Here is instant relief and a lasting permanent remedy—It's called TIZ. TIZ makes sore feet well and swollen feet are quickly reduced to their natural size. Thousands of ladies have been able to wear shoes a full size smaller with perfect comfort.

It's the only foot remedy ever made which acts on the principle of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleanses them out and keeps them clean. It works right off. You will feel better the first time you use it. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is for sale at all druggists 25 cents per box or direct if you wish from Walter Luther Dodge & Co., Chicago, Ill.

DERBY WINNER DEAD

LEXINGTON, Ky., July 15.—Wolfe, a famous thoroughbred stallion, sire of Donau, winner of the 1910 Kentucky derby, died yesterday, aged 22 years.

IN POLICE COURT

Small Docket Disposed of. Mostly Drunks

This morning's session of police court was a comparatively short one, there being but few offenders present.

In the case of Frank R. Wilder, charged with transporting intoxicating liquors through the town of Billerica on July 4th, counsel for the defense, William A. Hogan, asked for a continuance, which was granted. The case will be heard next Wednesday.

When the case of Thomas Whelan, charged with being drunk, was called, Deputy Downey asked for a continuance till tomorrow, stating that the man had given a wrong name and he would like time to look up the man's record.

Bridget McDermott, an elderly woman, denied that she was drunk during the fact that Patrolman Thomas Molony testified otherwise. He said that he had noticed her intoxicated on several occasions and when she was under the influence of liquor she became hysterical. The arresting officer said that he took the woman into custody at the request of her husband. She was fined \$2.

John Trainor, charged with being drunk, was sentenced to the state farm. Patrick Curtin, James P. Walsh and Thomas McGovern were fined \$5 each. There were two first offenders who were fined \$2 each.

Jeremiah Buckley who had been sentenced to two months in jail and appealed, appeared in court this morning for the purpose of withdrawing his appeal.

THIRTY-FIVE CENTS

THE MOST BEAUTIFUL

WOMEN IN THE WORLD

Ten years ago it might be truthfully said that the most beautiful and fascinating women lived in Paris.

But ten years brings many changes in these days of almost magical advancement. Today it may be truthfully said that there are more beautiful women in the United States and Canada than in all of Europe.

There's a reason of course, and that reason is a very simple one. The women of America have learned that without lustrous and luxuriant hair no woman, no matter how attractive her features or how graceful her form, can reach the perfection that the high standard of the present day calls beauty.

The women of America have learned to take care of their hair. Since the introduction of Parisian Sage they have learned that filthy dandruff is unnecessary; that falling hair and itching scalp can be quickly stopped.

Over a million women have learned by experience that Parisian Sage is the most efficient hair invigorator, dressing and beautifier that science has ever given to the public. Parisian Sage will cause hair to grow luxuriantly in a short time; it will give to any woman's hair a lustrous radiance that compels admiration. It is a most delightful dressing for summer, as it quickly cools the scalp and drives away all odors.

It is guaranteed to eradicate dandruff, stop falling hair and itching scalp in two weeks, or money back.

Every man, woman or child who has dandruff should use Parisian Sage; it kills the germs and nourishes the hair roots.

For sale by druggists everywhere and by Carter & Sherburne, who guarantee it. A large bottle only costs 50 cents. The girl with the auburn hair is on every package. Mail orders filled, charges prepaid, by the American makers, the Gileux Mfg. Co., Buffalo, N. Y.

THE MOST BEAUTIFUL

WOMEN IN THE WORLD

Ten years ago it might be truthfully said that the most beautiful and fascinating women lived in Paris.

But ten years brings many changes in these days of almost magical advancement. Today it may be truthfully said that there are more beautiful women in the United States and Canada than in all of Europe.

There's a reason of course, and that reason is a very simple one. The women of America have learned that without lustrous and luxuriant hair no woman, no matter how attractive her features or how graceful her form, can reach the perfection that the high standard of the present day calls beauty.

The women of America have learned to take care of their hair. Since the introduction of Parisian Sage they have learned that filthy dandruff is unnecessary; that falling hair and itching scalp can be quickly stopped.

Over a million women have learned by experience that Parisian Sage is the most efficient hair invigorator, dressing and beautifier that science has ever given to the public. Parisian Sage will cause hair to grow luxuriantly in a short time; it will give to any woman's hair a lustrous radiance that compels admiration. It is a most delightful dressing for summer, as it quickly cools the scalp and drives away all odors.

It is guaranteed to eradicate dandruff, stop falling hair and itching scalp in two weeks, or money back.

Every man, woman or child who has dandruff should use Parisian Sage; it kills the germs and nourishes the hair roots.

For sale by druggists everywhere and by Carter & Sherburne, who guarantee it. A large bottle only costs 50 cents. The girl with the auburn hair is on every package. Mail orders filled, charges prepaid, by the American makers, the Gileux Mfg. Co., Buffalo, N. Y.

## WOMAN'S REPLY

To Suit Entered Against Her

WASHINGTON, July 15.—Mrs. Laura Cramer, a clerk in the state department, has filed in the district supreme court her answer to the suit brought by Dr. Lee M. Hurd of Greenwich, Ct., as conservator of the estate of Penton J. Hurd, his grandfather, who had been adjudged by the courts of Connecticut incompetent to manage his own affairs. Dr. Hurd charged that the elder Hurd had given \$40,000 to Mrs. Cramer, and the court granted a

temporary injunction to prevent her from disposing of any of it until the suit was heard. Mrs. Cramer admits she got \$27,000 from the elder Hurd "because he was grateful for her care of him, which had been that of a daughter." Dr. Hurd's allegations of spook influences and occult demonstrations she denies. According to letters which accompanied the answer, Hurd wished to give \$13,000 to a Miss Hattie Smith, whom he wanted to marry. The Greenwich court was imposed on, Mrs. Cramer declared, when it adjudged Hurd incompetent. The answer of Mrs. Cramer having sworn away the equities of the bill of complaint, Justice Stafford dissolved the restraining order which prevented her from drawing on her bank account. The order of the court does not dispose of the controversy, and Dr. Hurd will file a reply to the statement made by Mrs. Cramer.

BIG WOOL DEAL

LEXINGTON, Ky., July 15.—The largest deal so far made by the Kentucky Woolgrowers' association was made yesterday when the pooled clip from fifteen counties was disposed of to a Louisville firm. The entire clip sold aggregated 160,000 pounds and the prices paid were 25.17 for first grade, 25 cents for second grade and 15 cents for third grade.

OUR FOREIGN COMMERCE

WASHINGTON, July 15.—The foreign commerce of the United States for the fiscal year ending June 30 amounted to 3 1/2 billion dollars, speaking in very general terms, of which imports were valued at 1 1/2 billion and exports at 2 billion dollars. To be more accurate the figures just completed by the bureau of statistics of the department of commerce and labor show: Imports, \$1,557,834,351; exports, \$1,744,865,204; excess of exports over imports, \$187,111,349. The imports were larger than in any preceding year, and the exports larger than in any former year except 1907 and 1908. The total of foreign commerce, including in this term all merchandise imported and exported except that included in the trade with the noncontiguous territories if the United States (Porto Rico, Hawaii, Guam, Tutuila and Alaska) amounted to \$3,302,521,057 and is greater than that of any preceding year except 1907, when the total was \$3,315,272,504.

The excess of exports over imports in the fiscal year 1910 is smaller than in any other year since 1896, being \$187,111,349, against \$351,699,880 in the fiscal year 1909, \$26,431,553 in 1908, \$446,429,653 in 1907, \$517,302,054 in 1906, and \$401,048,595 in 1905. This marked reduction in the excess of exports over imports is due to a falling off in the exportation of foodstuffs and an increase in the importation of manufactures.

On the foreign side manufacturers' materials show an equally striking increase, their value in the 11 months ending with May of the present year being 793 million dollars, against 608 million in the corresponding months of 1909 and 517 million in the corresponding months of 1908. Thus exports of foodstuffs show a decline of 39 per cent when compared with 1908, while imports of manufacturers' materials show an advance of over 50 per cent in the same time.

The increase in imports of manufacturers' materials during the year occurred chiefly in ten great classes, hides and skins, India rubber, lumber, wood pulp, tin, cotton, iron ore, diamonds, wool and chemicals. During the eleven months for which details have been worked out by the bureau of statistics, hides and skins increased from 59 million dollars in 1909 to 105 million in 1910; India rubber, from 1 million; cotton, from 12 to 25 million; chemicals, drugs etc., from 4 to 25 million; uncut diamonds, from 4 to 25 million; diamonds cut but not set, from 1 to 27 1/2 million; fibers, from 28 to 30 million; leather, from 6 to 7 million; tin, from 24 to 28 million; iron ore, from 23 1/2 to 25 1/2 million; boards and other sawed lumber, from 14 to 17 million; wood pulp, from 8 to 11 million; pulp wood, from 2 1/2 to 3 1/2 million; and wool, from 39 to 50 million dollars. Silk alone shows a decrease—from 12 2/3 million dollars in

Coats with hand felled collars, fancy chevots, wool cassimeres and all wool fancy worsteds, all excellent patterns and seasonal colors. Suits sold for \$13 and up to \$15, to close 9.50

# MAYOR WHITE GLIDDEN BALLOON

## Conducts City's Business Behind Prison Bars

## Met Little Cyclone in Upper Air That Caused Trouble

LOWELL, July 15.—Mayor William P. White, of this city, who, at 7 o'clock last night, rounded out the first 24 hours of his year sentence for conspiracy to bribe, in an attempt to oust from office Chief James A. Hamilton of the fire department, transacted municipal business during the day in his cell, No. 25, in the jail.

He signed a renewal of all theatre licenses, conferred with his private secretary, his sister, Lawyer Schwartz, City Solicitor Murphy, and Superintendent of Streets Patrick Lyons about paying.

A motion for a second trial, based on newly discovered evidence, will be made within a day or two by Atty. Michael L. Sullivan of Salem in behalf of the mayor. This evidence is said by his friends to be of a sensational character; which, they aver, will show White to be the victim of a political conspiracy. They are so confident of the success of their legal work that they look for an almost immediate release of the chief executive.

Should this move fail they still have the bill of exceptions to fall back upon. Atty. Sullivan has more than a week in which to prepare exceptions. About six months of Mayor White's term still remain, and he proposes to fight for his right to complete it as chief magistrate, even if he has to do it by a system of messengers from behind the bars.

In the event of defeat in the court proceedings the friends of White declare that they will start a petition for his pardon. Foremost in the movement to bring about his release is his sister, Miss Katherine A. White, with whom he lived at 263 Haverhill street. The opposition declare that all of White's efforts to gain his liberty, and

to continue with his duties as mayor, will prove futile. His conviction and imprisonment raises a situation said to be unprecedented in this Commonwealth. It involves the very novel point of law as to whether he is entitled to act as mayor until the expiration of his term in January, although a prisoner in the jail, half a mile away from City Hall.

When seen at the jail late yesterday afternoon, Mayor White said to a reporter:

"I intend to administer the affairs of Lawrence until my term expires. If I am not released I shall perform my official duties from my cell. I am still mayor of the city and shall so act. My courage is good because I know I am innocent."

While Mayor White proceeded yesterday to handle the affairs of the city from cell No. 25, in the northwest wing of the jail, President Thomas Jordan of the board of aldermen, who was elected to that position by a vote of 3 to 2 last Monday night, after a deadlock lasting six months, claimed to be legally entitled to act as mayor under sec. 6 of the city charter.

The portion of this section pertinent to the issue reads:

"In case of the decease, resignation or absence of the mayor, or his inability to perform the duties of his office, it shall be the duty of the board of aldermen and the common council, in convention, to elect the mayor, to serve during the unexpired term, or until the occasion causing the vacancy be removed."

President Jordan and his colleagues contend that, even if Mayor White didn't lose his franchise or his office, as a prisoner at the jail he is unable to properly perform his duties. Hence he called a special meeting Wednesday and the board of aldermen passed an order to have City Solicitor Daniel J. Murphy look up the law and render an opinion.

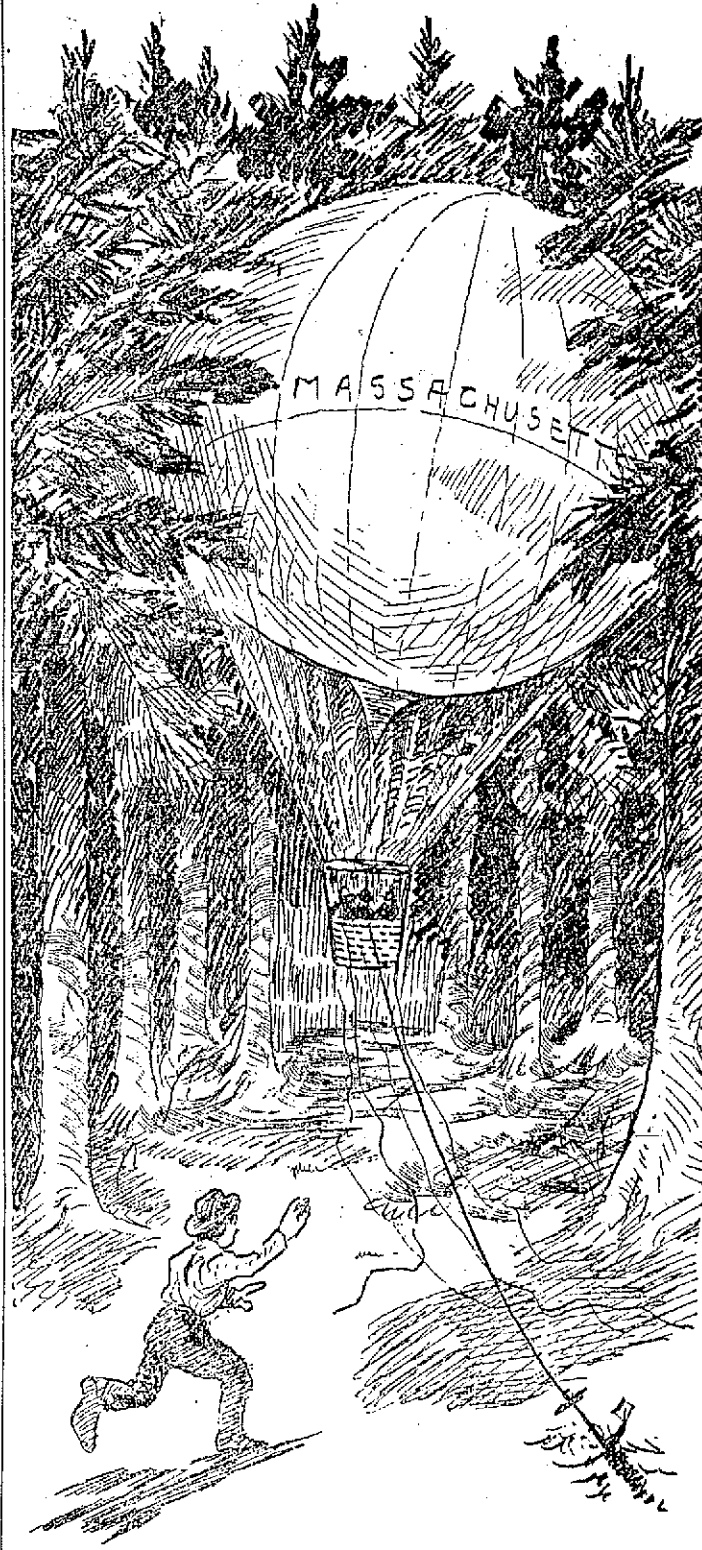

Alderman Jordan declares that, if he is pronounced acting mayor by the City Solicitor, his first official act will be to oust Private Secretary Ripon, who receives a salary of \$1200 a year.

### EASTERN YACHT CLUB

BURNT COAT HARBOR, Swans Island, Me., July 15.—The Eastern Yacht club fleet continued its cruise today, starting for Douglas Island harbor in Narragansett bay, an unfrequented port and so far as known one that has never been visited by the Eastern Yacht club fleet. There was no organized racing today except a private match for three sloops, the other yachts proceeding by ones and twos, some going via Bass Harbor, while the majority took the outside course around Great Duck Island. The weather continues fair, the wind favorable and during the first part of the day there was no fog. Last year the mists came in over night and completely blocked up Burnt Coat harbor, and it was a couple of days before the yachts made their escape. The absence of fog has been a notable feature of this year's cruise, and half the sailors are claiming credit for this piece of good fortune.

The yachts that passed the night in Burnt Coat harbor and enjoyed the annual breakfast of deep sea scallions were the schooners Emerald, Troika, Savarona, Taormina, Venona and Vision; the yawls Cacique, Vanessa, Rebecca, Natrix and Comanche; the sloops Humma, Doris, Adventuress, Dorella, Alga, Indian, Dorel and Ed-pako II; and the steam yachts Juanita, Veltra, Hope and Ayoco. The yachts left the harbor shortly after 10 o'clock with the expectation of reaching Douglas harbor early in the afternoon. After the fleet had left the harbor the sloops Humma, Doris and Adventuress started their race of 25 miles around Great Duck Island.

Penn Mutual Life Insurance company, and Mr. Charles A. West, vice president of the Eastern Drug company, of Boston, was dragged, anchor and all, nearly 1000 feet across a field in Pelham, N. H., yesterday afternoon, about five o'clock, and landed on the tops of the trees in a deep forest.

After bobbing on the tops of trees for some minutes, the balloon settled, with the escape of the gas, so that the aeronauts were able to reach the ground, but two trees had to be cut down to rescue the balloon. Mr. Glidden was severely cut in the hand with his knife while trying to clear away his anchor.

The balloon went up from the yard of the Lowell Gas Light company at 4 o'clock.

After the landing, Col. Bunting stated he felt there must be considerable risk in ballooning, due to the uncertainty of ground currents in landing, based on his experience.

The balloon reached an elevation of 2500 feet finding the cooler temperature at 2700 feet. The journey consumed an hour, and the landing was on the farm of W. J. Pearson, eight miles from Lowell, air line.

The balloon at first reached a great height and moved towards Melburn, but it suddenly changed its course, taking a direction nearly opposite and at the same time descended rapidly. It was easy to see that the balloon met some atmospheric disturbance, but the real trouble came in the dangerous sweep over the tops of a forest. The aeronauts were fortunate to escape serious injury.

### CUP CHALLENGER SHIPPED

MONTREAL, July 15.—The Senawakha cup challenger, St. Lawrence, was shipped to Manchester, Mass., last night, and the crew of the Royal St. Lawrence Yacht club, who will sail her in the coming series with the Manchester Yacht club defender, will leave this evening. The boat should reach Boston tomorrow.

# 14 FOOT CHANNEL

## Haverhill Asks Government to Deepen the Merrimack

Mercantile Association of the Merrimack Valley Discussed Project in Conference at Salisbury Beach Yesterday and Agree to Act in Harmony

A great gathering of delegates from the boards of trade and mercantile associations of the Merrimack valley from Concord, N. H., to Newburyport was held at Salisbury beach yesterday as the guests of the Haverhill board of trade, at which the principal topic of discussion was the project of inducing the United States government to provide a suitable channel in the Merrimack river, thus making it navigable for a greater distance.

Haverhill wants a 14-foot channel from that city to the sea and the combined boards of trade will assist Haverhill toward getting it.

The Lowell delegates to the conference were President Harvey B. Greene, Secretary John H. Murphy and Fred C. Garrett of the board of trade, Mr. Garrett being chairman of the committee on transportation. The Lowell men proceeded to Haverhill by auto as the guest of Mr. Garrett. From Haverhill the guests went to Salisbury beach by boat as the guests of L. L. H. Taylor, the owner.

The trip down the river was not only most enjoyable, but profitable as well for it gave the delegates an opportunity to note the navigability of the river and its peculiarities.

The big steam coal carrier, the H. O. Elliston, which makes trips up and down the river and over to Boston or New York with 900 tons of coal aboard was discussed. The vessel draws 3 1/2 feet of water when loaded and has to wait for high tide to navigate the present channel. The Haverhill people want a 14-foot channel for low tide and believe they should have it.

The delegates rode near the pilot house, and the captain explained the point of interest. At Merrimack port the river is wide and there is 18 feet of water there. The delegates were impressed with the possibilities of the river for navigation. Those present on the trip were:

A. M. Childs, L. L. H. Taylor, Chas. S. Cohen and Chas. H. Hayes of the Haverhill board of trade; Harvey B. Greene and John H. Murphy of the Lowell board of trade; Frank A. Coker of Newburyport; Ira F. Harris and James H. Tolles of Nashua board of trade; J. K. Norwood, C. H. Littlefield of the Lawrence board of trade; William Saracel, Jules Descheniers and Fred C. Dunlap of the Manchester board of trade; Charles P. Allen of Haverhill; Mayor Robert E. Burke of

## NEW ECZEMA REMEDY

Stops Itching At Once

The new remedy Cadum has astonished the medical world. Many cures of eczema and other distressing skin diseases are reported, and the remarkable feature in most cases is the quickness of the cure. Eczema is not a blood disease, but a skin affection. It cannot be cured by internal medicine. External treatment is absolutely necessary. Since the introduction of Cadum eczema is now recognized as a curable disease, and that tormenting affliction has been robbed of its terrors. Cadum stops the itching at once and begins the healing process with the first application. It destroys disease germs, allays inflammation and is soothing and healing to the skin. From the moment it is applied to any skin trouble immediate relief is felt. It is for pimples, blotches, hives, tetty, itch, acne, herpes, scaly skin, psoriasis, rash, chafes, eruptions, sores, scurvy, scabs, blackheads, itching piles, etc. Trial box 10c; large box 25c; all druggists.

# THE PISA TOWER

Crowds Wait to See it Fall

PISA, Italy, July 15.—The government engineers, acting under the direction of the king, have made an examination of the famous tower of Pisa. They report that the tower is in great danger of falling. During the

past year the tower has moved some eight inches, and the foundation daily grows more tottering. The police are having great trouble in keeping the crowds away from the tower, as the spectators expect to see the mass of brick and stone crashing to the ground any moment.

# WOMAN KILLED

And Her Money Taken By Robber

JERSEY CITY, July 15.—Mrs. Rose Lucashick, 35 years of age, was bound hand and foot and throttled to death yesterday in her apartment at 305 Washington street, Jersey City. The murderer is believed by the police to be a man who was seen in the dead woman's apartments by Mrs. Pola Philip who lives on the floor below. He evidently knew that Mrs. Lucashick had several hundred dollars in her possession, for this money was missing from her dress bosom.

Mrs. Philip found Mrs. Lucashick's body bound hand and foot with pieces of rope and torn parts of the dead woman's garments. The murderer after binding his victim had sunk his fingers so deeply into the woman's throat that marks of his nails show on the skin.

# DR. WM. J. KELLEY

Popular Dentist Passed Away

Dr. William J. Kelley, the well known dentist, died yesterday at his home, 129 Moore street. Deceased had been in failing health for the past year or more. He was a member of the local school board at one time and was well and favorably known in this city. He was a charter member of the local council, Knights of Columbus and also a member of the Alpine club. He is survived by two brothers, Thomas F. of Newport, R. I., and Edward W. of Beverly; a sister, Miss Catherine E. Kelley, the latter a teacher at the Butler school and an aunt, Miss Ellen Flynn.

# MISSING BONDS

APPEAR TO BE IN POSSESSION OF STOCK BROKERS

BOSTON, July 15.—Fifteen of the 40 \$1000 missing telephone bonds claimed as belonging to the estate of Mrs. Jennie S. Gookin, formerly a well known milliner, appear to be in the possession of Simpson, Pearce & Co., stock brokers of New York, according to a petition which the firm filed in the superior court yesterday. Since Mrs. Gookin's death in 1908 there has been litigation pending for the recovery of the missing bonds.

Mrs. Gookin it was supposed from the legacies contained in her will had left a large estate. It was known that she had \$10,000 of bonds of the American Telephone & Telegraph company. She had kept the bonds in a deposit vault in New York.

After her death they could not be found, and search for them was made by her special administrator, H. G. Allen. He learned that her sister, Mrs. Anna V. Carpenter, claimed ten of the bonds as a gift from Mrs. Gookin.

Yesterday Simpson, Pearce & Co. asked Judge Richardson to let them intervene in the pending litigation over the bonds and to dissolve the outstanding injunction on the telephone company so far as affects the fifteen bonds held by them. They declare that they received the fifteen bonds from the Sherman National bank on Oct. 28, 1909, for the purpose of selling them. They did sell them on the New York Stock Exchange.

The special administrator denies that the firm is a purchaser in good faith. Judge Richardson declined to dissolve the injunction. The case, with its different claimants, will have to be tried out on its merits, probably in the fall.

Do you work with gas? Your neighbors don't? Why? Read the answer on your thermometer.

# WOMAN RESCUED

YOUNG MEN CLIMBED FIRE ESCAPE AND SAVED HER

BOSTON, July 15.—Climbing two stories up an iron fire escape in answer to a woman's cries for help and extinguishing a fire which they found at the top was the brave exploit yesterday of Frederick Hess and Matthew Foster, two young men living at 9 Paul street.

Hess and Foster, who live on the second floor, were aroused about 10.50 by the cries of Mrs. Edward Willert, the occupant of the top suite at 11 Paul street. She had been cleaning her baby's coat with gasoline and her clothing had caught fire from a gas stove.

The two young men climbed up the fire escape at the side of the building, Hess ascending and cutting his bare feet, and entered Mrs. Willert's apartment through a hall window. They extinguished the flames with rugs and then, without giving their names or waiting to receive thanks, returned to their own home.

# CHELMSFORD

The grounds surrounding All Saints' church were the scene of a most enjoyable lawn party, last evening, held under the auspices of the members of the guild. The grounds were lighted by rows of Japanese lanterns extending from the guild room to the rector's study at the opposite end of the church building. Above the tables, arranged cozily in the angles of the building were hung colored lights. There was a good attendance and during the enjoyment of the delicious ice cream and cake served, very pleasing selections upon a photograph were given by J. C. Wetmore. The decorating was in charge of Robert E. Murphy and Frank Hindle and the ice cream and cake by Mrs. Charles H. Greenleaf, Mrs. Alfred Paasche, Miss Frances Clarke, Miss Minto Paasche, Miss Emma Paasche, J. J. Middleton, and Frank Hindle.

# BAND CONCERT

The second of the series of municipal band concerts was given last night on the North common by the Lowell Cadet band, John J. Giblin, leader. There was a large attendance and the varied program was carried out in a manner which brought forth much applause and it was a pleasure for the musicians to respond to encore.

The opening number was a march, "Universal Peace," and the concluding piece was "The Star Spangled Banner."

# SKIN DISEASES READILY CURED

BY A SIMPLE HOME REMEDY

If you are suffering from any form of skin or scalp disease, would you like to get prompt relief and be permanently cured by a clean, liquid preparation for external use? Mr. A. W. Dows, the druggist, has this remedy in stock and wants his customers to know that it is recommended for Eczema, Blackheads, Pimples, Dandruff, Tetter and other diseases of the skin and scalp. Zemo has made some remarkable cures and with each purchase of ZEMO, Mr. A. W. Dows will give you a booklet on skin diseases and you can diagnose your own case and be cured in your own home without any inconvenience or loss of time from business by this clean, simple preparation.

## COL. ROOSEVELT

Has Made Plans for Two Trips

OYSTER BAY, N. Y., July 15.—Col. Roosevelt gave out yesterday the itineraries of the two speaking tours he is soon to make—one into the west late in the summer, the other through the south in the early fall.

The two tours will resemble a campaign trip by a presidential candidate. For the colonel will make not only as many, but speeches as his traveling card permits, but he will probably deliver extemporaneous talks from the rear end of his private car. For the first trip a car has already been chartered.

The western trip is to begin on Aug. 25 and will end on Sept. 11. The southern trip will last from Oct. 5 to Oct. 13. The itineraries follow:

Western trip—Aug. 25, leave New York; Oct. 27, arrive Cheyenne; Aug. 29, Denver; Aug. 31, Osawatimie, Kan.; Sept. 2, Omaha; Sept. 3, Sioux Falls, S. D.; Sept. 4, Fargo, N. D.; Sept. 5, St. Paul; Sept. 7, Milwaukee; Sept. 8, Freeport, Ill.; and Chicago; Sept. 10, Pittsburgh; Sept. 11, arrive New York.

Southern trip—Oct. 5, leave New York; Oct. 6, Atlanta, Ga.; Oct. 10, Hot Springs, Ark.; Oct. 12, Peoria, Ill.; Oct. 13, speech in Madison, Wis.; Oct. 14, speech in Milwaukee; at a place not yet chosen.

The itineraries were completed yesterday only after much thought and labor. Col. Roosevelt's secretary has been studying timetables for the last two weeks, squeezing in as many speeches as train connections would admit of.

Urgent requests for "a few words" have come by hundreds from political organizations, clubs, schools and personal friends. Most of these Col. Roosevelt has been obliged to decline, and in announcing his program yesterday he said he wished it clearly understood that he could consider no further invitations.

Word comes back to Oyster Bay that great preparations are even now under way for the first tour. Fargo, N. D., has assured the colonel that when he speaks there on Labor day, the whole city will not only turn out, but the surrounding territory will contribute its quota for hundreds of miles.

At Chicago Col. Roosevelt will speak before the Hamilton club, a political organization with which he has been for years having been cordial and which is sure to give him an enthusiastic reception. At Milwaukee he will speak before the Press club.

The first address of the southern trip will be on Uncle Remus day, named in memory of Joel Chandler Harris, who in his lifetime was a warm friend. The Peoria speech will be before the Knights of Columbus.

The place for the Indiana speech in support of Senator Beveridge will depend upon the exigencies of the political situation. Thus far Mr. Roosevelt has considered his subject matter only in a general way, but he knows that his speech for Senator Beveridge will be politics pure and simple; a plea for the senator's success in his campaign.

There were no political conferences yesterday at Sagamore Hill. The colonel was busy with his editorial work and his voluminous correspondence.

## MUST PAY TAX

To Handle Certain Drug Preparations

WASHINGTON, July 15.—Sections of the country which receive their intoxicating stimulants in the guise of perfumes, essences, medicines or drugs were delivered a body blow yesterday by Commissioner Cabell of the internal revenue bureau, who gave out a list of more than 200 preparations which hereafter may be handled by drug stores only, after the government liquor license is paid.

These preparations, including many well known because of their wide advertisement, were examined by the chemists of the treasury department and held to be insufficiently medicated to render them unfit for use as a beverage, or taken them out of the class of alcoholic beverages.

Treasury department officials said they believed that many of these preparations were concocted mainly for sale in "dry territory," where the prohibition laws made it impossible to legally obtain anything with a liquor flavor.

It is estimated that there are 40,000 druggists in the United States, slightly more than half of whom pay the \$20 yearly special tax, which permits them to sell the preparations involved. Other stores which do not pay this tax, these mixtures now will be required to pay the tax and the U. S. treasury will be enriched accordingly.

Secretary MacVeagh has issued an order fixing a standard of medication to govern the chemists of the internal revenue bureau in passing on the question of the amount of alcohol that may be used in medicinal preparations in the future, so that they may come within the requirements of law.

Alcohol will be permitted only to the amount necessary to hold in solution all medicines used or to extract or preserve them. The regulations also provide of a mixture must contain a normal dose for an adult of drugs or medicine of recognized therapeutic value.

## MAYOR RESIGNS

After a Lynching in His City

NEWARK, O., July 15.—After a conference lasting many hours, Herbert Atherton, mayor of Newark, resigned yesterday, in response to pressure exerted by leaders of his party and personal friends. The resignation was given that it was hoped thereby to save the city from an investigation by the governor, following the lynching last week of an anti-saloon league detective and the subsequent suspension of Atherton by Gov. Harmon.

It was announced that Newark would send her own house cleaning. After repeated refusals, Mayor Atherton late yesterday attached his signature to the resignation and then burst into tears.

Under the Ohio law Vice Mayor John M. Ankle, who has been acting mayor since Atherton's suspension, became mayor. Eight new arrests were made yesterday as a result of acting Mayor Ankle's order to arrest every riot suspect. Atty. Gen. U. G. Denman directed the secret examination of witnesses and suspects, which lasted all the afternoon.

The result is announced, will not be given out until the case against the mob leaders is complete.

## STEPHEN O'MEARA

MAY BE A CANDIDATE FOR CONGRESS

BOSTON, July 15.—Police Commissioner Stephen O'Meara, when seen last evening concerning the rumors that he was in the field for the republican nomination for congress in the 11th district, smiled as he said:

"I have learned more about that from the newspapers than from any other source. My term as police commissioner does not expire for eleven months and that is some time yet."

"I haven't made any definite plans about your political future, then?"

"I have never assumed that I had any political future."

"Would you accept a nomination in the 11th district?"

"I should require some general testimony that I was wanted before I would give any serious consideration to such a question. Meanwhile I hold an office in which I am bound in honor, if not by actual law, to abstain from any political activity."

Mayor Charles F. Hatfield of Newton, chairman of the republican state committee, said last night:

"Commissioner O'Meara would make a strong candidate should he receive a congressional nomination. To my mind there is no question but that he would win out if nominated in the 11th district. He has made an excellent record in his present position."

## LAWN PARTY

MEMBERS OF HIGHLAND M. E. CHURCH HAD FINE TIME

An enjoyable lawn party was held on the grounds of the parsonage of the Highland M. E. church in Grove street last night under the auspices of the finance committee of the church. The grounds were decorated with Chinese lanterns and Cushman's orchestra furnished music.

Mr. C. A. Walton was chairman of the committee on arrangements and he was assisted by a number of the men and women of the church.

Automobiles were one of the features of the evening's entertainment. Messrs. C. A. Walton and W. R. Kilpatrick had charge of the automobiles.

Messrs. S. E. Clark and Oscar Whitcomb had charge of the ice cream. On the candy table were Mrs. Charles Petrie, Mrs. O. M. Dow and Mrs. A. G. Jarvis. Lemonade and tonic, Mrs. W. R. Kilpatrick.

Miss Ethel Waller, in the role of a sassy palmist, did a brisk business.

## FRIEND BROTHERS' OUTING

The annual outing of the employees of Friend Brothers' bakery was held yesterday at Mountain Rock. The members went to the park in the afternoon where an excellent dinner was awaiting them, after which a program of sports was carried out. The ball game between the married and single men resulted in a victory for the former.

John Grant proved the star athlete in the track events with a win of the high jump and a win of the 100 yards dash to his credit. The picnicers returned to Lowell early in the evening.

## BATHING SUITS

FOR Vacation Days

ALL SIZES. ALL PRICES

Second Floor

The Bon Marche

DRY GOODS CO.

Some People Don't Understand

They wonder why it is we are so busy these warm days. But once they come in, look around and learn our prices, the surprise vanishes. Fact is these same people would be more surprised, after knowing our values, if we were not busy. It is no secret. We are doing a rushing business in summer merchandise because we have everything that people need in warm weather apparel and sell the goods at prices which the most economical buyers cheerfully pay. Extraordinary good things this week. We are nearing stock taking time and there are many things departments are willing to close out at a loss of profit rather than count them in stock.

## Decided Savings On Ribbons

Neck ribbons and hair ribbons sell quickly these hot days and a good supply is necessary in order to have fresh ones when needed. It will be a good idea to remember our ribbon counter when you are shopping this week, for we are offering the very best ribbon chance you ever met. Stock-taking time ahead is the reason for the great price reduction. All our counter ribbons in the bargain boxes have been marked down to less than bargain-sale prices.

Wash Ribbon, 5 yard pieces, this week ..... 8c

## Should Be All Right

There are points about women's muslin underwear that should not be overlooked. The sizes should be right; they should be made to fit and they should be just the same after a dozen journeys to the laundry. Such garments need not be high priced. We sell good ones for little prices. Here are some that have all the qualities called for, as well as the little prices.

Night Robes—Good quality, liberal size, low neck, and short sleeves. Regular price 30c, this week 29c

Women's Drawers—Made of good cotton with wide, deep ruffle of fine tucking, regular price 25c, this week ..... 17c

Corset Covers—French style, long cloth, tucked front, lace neck and sleeves. Regular price 25c, this week ..... 19c

Short Skirts—Extra fullness, good material, hamburger ruffle. Regular price 35c, this week ..... 25c

Chemise—Full length, good cotton, lace and hamburger trimmed, regular price 50c, this week ..... 49c

Long Skirts—Cut very full with wide flounce, hamburger or lace trimmed. Regular price 98c, this week ..... 75c

## Vacation Time Needlework

Not for every minute of the vacation but just a little fancy work to catch up now and then. You will find new ideas and new patterns in stamped linens, both ornamental and useful. An especially good line of patterns for shirt waists, corset covers, chemise, belts, and jabots for both blind and cyclot embroidery.

All the best of the marking cottons, D. M. C., Pearl-Lustre and Persiana in every size thread.

## Among the Wash Dresses

There's a fairy story about a mirror that made beautiful everything it reflected. By a little stretch of the imagination we might almost believe that the artists who designed our wash dresses had some such mirror to help them this season. There is such a delightful variety in these cool, dainty dresses from the simple practical and inexpensive gowns of lawns and percale to the more elaborate and expensive of silk muslins and embroidered all-overs. Never such a showing in this department before, and never so many purchasers. Don't let this hot weather annoy you when you can make yourself comfortable in one of these thin summery dresses.

At \$1.98—A variety of wash dresses in the serviceable gingham and percales; all light summery colors, cut high or low neck with long or short sleeves.

At \$2.98—Dresses of figured organdie in lavender, pink and blue or white checked dimity, trimmed with hamburger heading and black velvet ribbon—sizes for misses as well as women.

At \$5.98—Dresses showing a new idea in trimming with Persian bands for waist and sleeve and wide Persian flounce matching for skirt material, the thinnest of muslins. All sizes.

At \$6.98—A dress worth buying of the new polarized fabric, guaranteed not to fade either in the sun or in laundering. Comes in plain colors, trimmed with folds and bands, piped with contrasting colors. All sizes.

## Our Showing of White Dresses

Includes batiste, organdie and Point d'Esprit in all the various forms of dress beauty that the best designers have brought out this season. We can show you an attractive dress as can be made for \$5.98 in thin batiste or muslin, very daintily trimmed with overskirt effect. From this price up to \$7.98, \$10.98 and \$12.98 there are fifteen or twenty different styles, every one a beauty, and at \$16.98 a dress of handsome all-over embroidery with deep pointed tunic skirt, exclusive models to be found only here.

## AN EVENT IN SHIRT WAISTS

Some of the most popular waists we have had this season at full prices are much reduced for today and tomorrow. And from our best makers come other lots of fine waists at price concessions so we are enabled to make this week's shirt waist sale a remarkable day for the department. Hundreds of waists are included in this sale—all new, handsome examples of the very latest shirt waist styles. This is no ordinary lot of waists we tell you of. Materials are of the finest batiste and lingerie cloth and all-over embroidery. Every waist is daintily trimmed, some with real elany and Valenciennes, some with Irish crochet and others are hand embroidered. There are all styles, button front and button back, long sleeves and short sleeves, high neck and Dutch neck, square or V shape. In all, it is the most attractive lot of waists we have shown this season. There's not a waist worth less than \$2.98 and many are regular \$3.50 numbers. All sizes in the lot to 44 and you take your choice today and tomorrow.

\$1.98

You miss a golden opportunity in shirt waist buying if you pass this by.

## TRIMMED MILLINERY

All Hats Marked Down

You couldn't hit upon a better time to provide another hat to finish out the summer than this week, today and tomorrow. Prices in our millinery department have been cut deep, the idea being to close out every single trimmed hat on our counters before stock-taking time. It is the one big week of values. Don't let the opportunity pass.

A COUNTER OF TRIMMED HATS That have been marked to sell at \$2.49 and \$2.98, selling now ..... 98c

A COUNTER OF TRIMMED HATS That have been marked to sell at \$3.98 and \$4.49, selling now ..... 1.49

A COUNTER OF TRIMMED HATS That have been marked to sell at \$4.98 and \$5.98, selling at ..... 2.98

BLACK SAILORS are still the most popular vacation hat. A new lot of latest styles just received, 69c, 98c, \$1.69

## Dainty Cotton Goods Some Rare Values

There will be stirring times in the wash goods section today and tomorrow. Yardsticks and scissors will be more than busy because of a change downward in the prices of several lots of summer fabrics. Best of all is the fact that these reduced prices are not on old goods. Every piece is new; all are of this season's desirable patterns and colorings and worth full price, but we are preparing for stock-taking and are willing to sacrifice profits in order to turn these into money. Such dainty, cool, airy fabrics as we have in this week's sale deserve attention from all who have not yet supplied their needs in this line. But see these early if you are interested—the best things may not be here if you wait too long.

Linen Crash Sulfing—27 inches wide—one of the desirable fabrics this season. The mixtures of blue, gray, green, red, brown and black. Several grades that sold at 20c, 30c and 40c. This week ..... 10c

Embroidered Swiss Muslins—Fine sheer cloth with dainty embroidered dots and figures. Several qualities selling up to 40c. All at one price. This week ..... 20c

Satin Stripe Poplin—One of the good things this season. Colored Pique in the light shades, pink, blue, lavender, mercerized diagonal in colors and black, grenadines, lace stripe. All goods that have retailed up to 40c. This week ..... 20c

Pacific Crash—Especially good for vacation suits, has wear and service with the appearance of a

high priced fabric. Ten colors, regularly 15c. This week ..... 10c

Silk Muslins—Hard to tell them from silk when they are made up. In fact they are half silk. Just realize this and then think of the price. This lot will be sold out early. This week 12 1-2c

## DRESS MUSLINS

Four Cents a yard for any that have sold at 5c. Five Cents for over forty patterns selling now at 6 1-4c.

Seven and a Half Cents for a counterful of 10c goods.

Ten Cents for choice of over sixty pieces regular 12 1-2c goods. Who wouldn't have a new summer dress such as these?

## MOSQUITO NET

Two Yards Wide

ALL COLORS

8 Yards in Piece

## A Shoe Event

We were about to head this "Shoe Bargains," but the very fact that the shoes are "Queen Quality" kind and the price 'way below regular asking makes the word bargain entirely unnecessary.

We mention the fact that there are only about 200 pairs in this special lot, so the wisdom of an early call will be evident.

Four styles are included—all new 1910 numbers and absolutely perfect in every way—the leather is gun metal finish and the styles are—

Two-Eyelet Tie, Strap Pump, Blucher and Button Oxford.

Every size is here in one style or another. Come and be fitted at a saving of nearly a dollar a pair. Friday and Saturday—

\$2.29

## Six For a Quarter

This is the day of the cheap handkerchief. There is a time for everything, and the time for the cheap handkerchief is in the sweltering mid-summer when handkerchiefs are ill used. A half dozen a day is the rule this weather. We recognize the necessity and provide a bountiful supply for this week's business. Dainty, sheer, pure white, some all linen, others with embroidered corners or drawn work borders—fine enough so you need not be ashamed to use them and the price of all is only

SIX FOR A QUARTER

Serges

Navy and White

For those cool, serviceable outing suits for vacation wear. Several excellent values in these serges, both wide and narrow wale, and in lustrous mohairs have come to our department within a few days and purchasers here this week can make a very considerable saving.

42-Inch Navy Storm Serge—Regularly 75c, this week ..... 59c

38-Inch Cream Serge—With a beautiful finish ..... 59c

42-Inch Lustrous Mohair—Brown, navy and gray, this week ..... 50c

36-Inch Poplar Cloth—All colors, ideal fabric for outing suits and bathing suits ..... 25c

36-Inch Mohair—White with black stripe, regularly 50c, this week ..... 37 1-2c

## SILK SPECIALS

Every Yard of Silk Wash Goods—Including chiffon pounce, rough pongee, Rascon silks, both plain and figured, sold regularly at 29c and 30c, this week ..... 25c

# BAY STATE TEAM A RECORD GAME

Has Best Chance to Win the  
Big Trophy

WAKEFIELD, July 15.—Through three stages of the All-America and New England interstate matches, which are being shot together, the Massachusetts state team maintained its pre-eminence yesterday, although the margin between it and its nearest competitor, the U. S. navy first team, was only four points at the close of the 1000 yard range stage.

At 200 yards it was one point behind the naval team, but pulled ahead at 400 yards, the naval team dropping to third place, while the U. S. M. C. team crept up to within a point of the Bay State marksmen.

At the 1000 yard range the Massachusetts team was third in points scored, 525, the naval first team leading with 534 and the naval academy team being second with 531; but in the grand total the Massachusetts score was 1605, the naval first team 1601, the naval academy team 1581 and the U. S. M. C. 1585.

There remain two stages to be shot today, 200 yards rapid fire and a skirmish run with the result an unsolved problem.

There is no doubt that Massachusetts state team will win the trophy presented by the New England states and the medals donated by Gov. Draper in the New England interstate match—as it has every year since 1903. The standing of the three teams for the three stages already completed is: Massachusetts 1605, Maine 1568, New Hampshire 1479.

The detail scores of the three stages in both matches follow:

The winner of the officers' aggregate for highest scores in the Quibby match, Hayden, match and McLean match was Lieut. Com. Hilary Williams with a score of 191. Lieut. J. E. Parker, 8th Mass., who won it two years ago, was second this year with 190, and Capt. D. W. Wentworth, ordnance dept., Me., who was the victor in 1909, was third this year with 189.

The New England aggregate for best scores in the Quibby, Hayden, McLean, Essex county, Berwick and Cushing matches was won by Private C. J. Van Amberg, Co. K, 2d Mass., with 327. Sergt. J. H. Keough, Co. A, 6th Mass., was second with 326, and outranked Corp. H. E. Woods, Co. F, 5th Mass., who also totaled 326.

Lieut. Com. Hilary Williams won the Quibby match, 300 and 500 yards, with 95. Other winners were Private E. C. Barker, 1st N. H., 98; Private H. E. Woods, 5th Mass., 97; Private J. E. Chesley, 2d Conn., 96; Private J. E. Burns, 6th Mass., 95; Lieut. J. E. Parker, 8th Mass., 95; Private G. W. Reid, 6th Mass., 95; Capt. D. W. Wentworth, 1st Me., 94.

Corp. P. S. Schofield won the McLane match, 500 yards, with the extraordinary score of 50 plus 102 bullets.

Other winners were Private C. J. Van Amberg, 2d Mass., 50 plus 41; Corp. H. E. Woods, 5th Mass., 60 plus 15; Capt. R. E. Foster, 3d Me., 50 plus 14; Color Sergt. G. M. Jeffs, 6th Mass., 50 plus 10.

The Hayden trophy match at 200 yards was awarded to Private G. W. Chesley, whose score was 48. This is the third time Priv. Chesley has won this prize. Other winners were Midshipman C. K. Martin, USNA, 48; Sergt. J. H. Keough, 6th Mass., 47; Midshipman W. T. Smith, USNA, 47; Ensign V. Woodward, USN, 47; Lieut. J. E. Parker, 8th Mass., 47; Private C. B. Long, 5th Mass., 46.

Among the visitors at the range yesterday were Gen. James G. White, MYM; Col. Robert H. Patterson, USA, commanding the Boston artillery district, and Capt. L. E. Bennett, CAC, USA.

Today will see the completion of the All-American and New England interstate matches, the several re-entry matches and revolver competitions. The Massachusetts rifle association match, which is a skirmish run, will be begun at 8:30 a. m.

NORWEGIAN STEAMER SAILS

MOBILE, Ala., July 15.—The Norwegian steamer Utstein, Olsen master, detained here by customs officials because she was declared to have contraband goods on board for the Madrid faction in Nicaragua, sailed today. Clearance papers were granted at midnight.

GENERAL OF KOREA

TOKYO, July 15.—Lieut. Gen. Viscount Terauchi left today for Seoul to assume the duties of Japanese resident general of Korea. At the moment of departure he stated that Japan would not use the mailed list in Korea or antagonize the real interests of

is none too good for our Country Customers, Campers and Cottagers. That is why we select the best quality of Corn-fed Beef, Lamb, Pork and Poultry, and handle it with great care, in order to have it clean, sweet and wholesome, and we guarantee it so.

We will sell, this week, in large or small quantities, at wholesale prices, to everybody.

We carry a full line, and a large supply of everything kept in a First Class Market.

Remember our prices for Corn-fed Beef and Spring Lamb are as low as you pay for Grass-fed Beef and Old Mutton, which they call Spring Lamb.

SITUATED 614 CENTRAL STREET, HOSFORD SQUARE, LOWELL, MASS.

I have made up my mind to dispose of the grocery stock and fixtures of my store, situated No. 614 Central street, Hosford square, to the highest bidder, without limit or reserve.

This grocery stock consists of a full line of all kinds of the best brands of canned goods, lot of teas, coffees, spices, extracts, flour, etc., that you will find in a first class and up-to-date grocery store. Also a very nice lot of store fixtures, consisting of three counters, four scales, two sets of show bins, first-class tea show cans, oil tank, large meat refrigerator, large blackboard scales, large and small racks, molasses pumps, and one bench and block for meat cutting, and all necessary tools used for cutting meat.

I will also sell to the highest bidder my horse, team and buggy.

Terms, cash.

For order CHARLES J. AULHOLLAND.

Auction Sale of Grocery Stock and Fixtures

Tomorrow, at 11 O'Clock A. M.
